### NOT MR. PORTER'S JOB ANY LONGER

The Belleville Intelligencer announces editorially that E. Guss Porter, M.P. for West Hastings, will "see that returned soldiers get first consideration in filling the positions along the canal in his constituency." "Soldiers first" is the policy adopted by the Government and unanimously approved by Parliament. Mr. Porter fortunately will have nothing to do with "filling the positions along the canal in his constituency."-Toronto Globe.

## West Does Not Look For Bumper Crop congregation. The Bishop

(Special 4 p.m. Despatch to 'Ontario" by Canadian Press Ltd.)

WINNIPEG, June 25 .- In its fifth crop report for this season, The Winnipeg Free Press, today said, it is fairly evident that the Canadian West will not have a hyperstatic fragerful study and thought. that the Canadian West will not have a bumper crop this year but with good weather from now on, there is reasonable hope Allen sang the solo parts in "Hark, With many thanks. for a fair crop. It is expected that the crop will be later in some Hark, My Soul," assisted by the districts. The situation in coarse grain is good, especially in Manitoba and Saskatchewan.

Yours sincerely, E. N. Baker. FOR ADVERTISING THE VIC-TORY LOAN.

Various estimates have been made s to the amount the press received from the Government in connection with the press publicity for the Victory Loan, but the actual figure paid were clearly set forth in audited statements submitted to the Annual Meeting of Canadian Press Association, Inc., held in Toronto on June 13th and 14th

The total amount paid by the Government for advertising space was \$165,419.81, which was distributed speech in the House of Lords last among 1,400 newspapers and other publications. Approximately \$5,000 was spent in the preparation and distribution to the press of a large num-Irish policy, indicating, as it did ber of special articles, illustrations. in the press free of charge. The setting of type and making of duplicate plates of the advertisements for the various publications used and the fees paid to the five co-operating advertising agencies for their services cost in the neighborhood of \$37,000 making the total expenditure \$208,-166.09.

As the total cost of floating the Loan was approximately \$5,000,000. the Government's expenditure on press publicity represents less than five per cent. of the total expenditure. It is interesting to note also one-twentieth of one per cent. of the total amount of the Loan.

The press publicity of the Loan was handled by Canadian Press Association, Inc., and the officers of the Association and its. individual members co-operated splendidly in making the campaign a success.
