

NEW YORK AND DETROIT NOW PENNANT LEADERS

NEW YORK, Sept. 28.—This morning finds New York and Detroit leading respectively in the National and American League races for the pennants. New York was the only one of the leading teams in the National League to play a game yesterday, and by trouncing Philadelphia, in the ninth inning of a contest that the spectators thought surely would go to the Philadelphia, added two additional points to the one point lead it held over Chicago after Saturday's games had been concluded.

PROVINCIAL NEWS.

HALIFAX, Sept. 24.—Promptly at 9 o'clock the convention of the Dominion Trades and Labor Congress re-assembled, telegrams being read from John R. Alpine, president of the United Association of Plumbers, Gas and Steam Fitters in convention at Indianapolis, and Frank Duffey, general secretary of the United Brotherhood of Carpenters in convention at Salt Lake City. The telegrams extended fraternal greetings to the delegates and workers of the Dominion Trades and Labor Congress.

Speaking to the motion to adopt the report, Delegate McLaughlin of Toronto expressed the opinion that the organization was not as strong as it should be, and that it was not as successful as it should be. He said that the organization was not as successful as it should be, and that it was not as strong as it should be. CENTRALEMPLOYEES LIVE IN DREAD OF BEING DISMISSED

SUSSEX, Sept. 28.—The management of the Central Railway under Hazen government rule is causing considerable anxiety and uneasiness to many of its employees. In fact none who are thought to be Liberals can feel sure of their positions from day to day and the situation is disgusting to many of the Conservatives themselves.

It is said that even some of the M. P. P's on the government side have protested against the dismissals that have taken place and those that are contemplated. Among others who it is understood, the King and Queens members are asking to have dismissed is the foreman bridge carpenter and one of his assistants, the enginehouse foreman at Norton, the section foreman at Norton, the station agent at Belleisle, who is a very estimable young lady, the section foreman at Belleisle, who is a very estimable young lady.

It is understood that the late manager, W. C. Hunter, reported against the replacement of several of the competent employees above mentioned by others whom he knew to be incompetent, solely on the grounds of the railway, but he was not given credit for honesty of opinion, but was accused of defending these employees because they were Liberals, hence his removal from office and the appointment of Mr. Sherwood.

Mr. Sherwood, who has been manager of the Salisbury and Harvey Railway for several years, and also at the same time proprietor of a hotel in Hillsboro, is understood to have been Premier Hazen's personal choice for the Central Railway. This, it seems, does not meet the wishes of Messrs. Murray and Jones, two of the Kings county M. P's, and G. W. Fowler, M. P., who were pressing the claims of William Campbell of Sussex for Mr. Hunter's position. Mr. Sherwood, who is to be dismissed, still retains his job on the S. and H. Railway, but Mr. Campbell has been idle ever since before the election of March 3 and felt so sure of getting the job that he did not seek other employment, relying on the pledges of Messrs. Fowler, Murray and Jones that he would be appointed to Mr. Hunter's position.

Mr. Campbell had at least the excuse of being out of a job, which Mr. Sherwood had not, and therefore naturally feels sore at the failure of Mr. Fowler et al to secure him the job. It is understood that he has since been offering a notice position on the Central, but has refused it.

It is safe to assume that Manager Sherwood will be required to carry on the Central Railway employees for "political reasons."

A considerable fire has been raging for the past two days and over a mile of forest has been burned. This, however, is not the worst of it, for the fire has been burning for the past two days and over a mile of forest has been burned.

The death occurred at Pine Ridge, on the 18th instant, of Edith Margaret, infant child of Mr. and Mrs. Charles Holden, at the age of six months. The funeral was held Sunday afternoon at West Branch.

DOCTOR CHARGED WITH BREAKING GAME LAWS

It is Alleged That Dr. Sidney Bridges Shot a Moose on Resident's License

FREDERICTON, Sept. 28.—A case involving alleged violation of the game laws is to be tried before Isaac Stevenson, J. P., this week at Sheffield. It is alleged that Dr. Sidney Bridges of Philadelphia, now at his friend's home at Sheffield on a vacation, recently shot a moose on a resident's license and that the guide who accompanied him is not registered as required by law. The complaints in these cases were laid before Warden Walker Smith of Sheffield.

Nelson W. Brown addressed another big political meeting at Meductic this evening and was given quite an enthusiastic reception as met him at Middle Southampton Saturday night. R. D. Wilnot, nervous over his prospects in Sunbury-Queens, is importing into that constituency a host of Tory stumpers headed by Premier Hazen. The others include Dr. Alward and H. A. Powell of St. John, R. B. Harrison, one of the Hazen servants of officials in this city, Mr. Sligo, M. P., and H. W. Woods, M. P. P., also take the stump.

Alex. Gibson, ex-M. P., who has been represented by the local Tory organ as indifferent to the success of the candidate in York, in a letter accepting the honorary presidency of the Young Liberal Club says: "I will do what I can to elect our candidate, Mr. Brown, on October 26th, and I have no doubt we can do so if we take hold with a will and work together."

The Young Liberal Club had another enthusiastic meeting tonight and made further arrangements for active work in the campaign. E. H. McAlpine is to address meetings on Wednesday and Thursday evening in the interest of Mr. Brown.

ROBLIN WON'T BE SO RECKLESS NOW

TORONTO, Sept. 28.—If Roblin, premier of Manitoba, again states that the Globe or those behind it, used its influence to secure a grant of \$50,000 acres of the best mining lands in Canada from the Dominion government, he will have a chance of proving the charge in the courts. So Senator Jaffray said today. He added: "The facts are well known. Mr. Willison's statement of Saturday and that of Mr. MacDonald this morning put things in the true light. To make matters doubly sure, I will issue a statement shortly. If afterwards Roblin reiterates the charge I sue him for libel. I might tell you that Senator Cowan wanted to do that a few days ago, but we were too busy to spend the time in courts."

BRICK DWELLING IS DEMOLISHED

ST. CATHERINES, Sept. 28.—Natural gas caused a disastrous explosion here last night, and the surprise is that fatalities resulted. The substantial two-story brick dwelling on Niagara street between the street and the river, which was practically demolished, and is now little better than a tottering ruin. The force of the explosion was something marvellous. The whole front and back of the house were blown out and the furniture in some rooms sent flying clear across the street. John Reece, who occupied the house with his family, was the only person injured. Other members of the family were away.

Dr. and Mrs. Mesereau leave today for Montreal, where Mrs. Mesereau will undergo an operation for appendicitis.

SETTLEMENTS OBLITERATED BY A TERRIBLE HURRICANE

NASSAU, Bahamas, Sept. 24.—Only very fragmentary reports have yet reached the seat of government here as to the damage done to the outlying islands of the dependency which were ravaged by a terrible hurricane from the 10th to the 14th instant, but such news as has arrived is sufficiently bad. The storm appears to have originated near Turk's Island, and swept with ever increasing fury up the long string of islands running southeast from here. All appear to have suffered badly, and Long Island is the only one from which coherent reports have so far been received. There the gale blew for two days with excessive fury and the settlements are practically obliterated and shelter in caves and rock and water havens. There is no doubt that the loss of life is very heavy and the whole countryside is scalded and burnt as if with fire from the terrible driving of the salt water across the land. In the islands that got the full force of the gale not a trace of green vegetation is to be found. The government has taken all necessary measures of relief and survivors are being daily dispatched laden with supplies for the sufferers.

Two civil cases were entered for trial, one a jury case, May English v. J. F. Villard, J. H. James for plaintiff and Alexander Finnie for defendant. The other was a non-jury suit, Gouverneur Beaudry & Co. of Quebec v. Henri S. Gallant. Carter and Hutchinson for plaintiff, R. A. Irving for defendant. A few minutes after midnight Dr. Murray, his physician, was called and responded at once, but he had passed away before he arrived. He was 64 years of age and had a large circle of friends all over the province. Mrs. Sheehan died four years ago. Mr. Sheehan is survived by an only sister, Mrs. James McDade, Milford, St. John.
