Portuguese Government will Use Boats Taken Over from Germany. By Special Wire to the Courier. Madris, July 21, via Paris, Aug. 1.—The Portuguese Government has authorized the publication here of the announcement of the inauguration of a service comprising thirty-two German steamers, which have been seized. The vessels were turned over to the various Portuguese shipping companies, who have agreed to pay a commission of five per cent on the total amount of freight carried. One of the ships, formerly the Rotterdam, and renamed the Figueira has already made three trips to England.

SOCIALISTS IN SESSION TO-DAY AT THE HAGUE

Belgium and Poland Free and Balkans United, Their Slogan. London, Aug. 1.—The complete re-establishment of the independence of Belgium and Poland and a democratic federal union of the Balkan States were points unanimously agreed upon at the opening of the International Socialist conference at The Hague yesterday, according to a detailed account of the session received here. Pieter Jelles Toelstra, head of the Dutch delegation, who delivered the principal address, said that national differences among the belligerent Socialists were still too strong for united Socialist action. He urged all Socialists to speedily realize the tasks confronting them, and see that the development of Socialistic tendencies produced by the war were not used for the strengthening of absolutism and bureaucracy. The Swedish delegate, Branting, warned against the exaggeration of disarmament, but advocated a reduction of military burdens. The question of Belgian independence was raised when a letter was read from Emile Vandervelde, the Belgian Minister of Munitions. Minister Vandervelde, who is one of the leaders of the Socialist party in Belgium, insisted that the conference should declare itself unreservedly for the restoration of his native land. There was no opposition to this, but it was decided not to attempt to deal with the thorny question of Alsace-Lorraine.
