PLEDGES HEALTH OF THIS CITY

(Continued from page 1.)

believes that they will stand only for what is right and just and as far as his individual support is concerned he will assist the efforts of any committee if the project submitted calculated to serve the best interests of the city.

MARKETS.

Ald. Kramer felt different on this occasion from his usual role of wailing the burch. However, in his department as in his profession, he will insist on discipline, and there is a matter in which the city solicitor will have to interest himself at once. This is pertaining to the tobacco license which a large American firm is preparing to contest, and he wishes to know whether the bylaw is ultra vires. If it is not then he will enforce it and compel those affected to pay the fees. However, there will probably be a test case made of it. Ald. Kramer reiterated his belief that the time has come for a city market to be established and he is now arranging plans to be laid before the board.

WATERWORKS.

Ald. Wright regarded this year as one of great importance to the city, as there are numerous public improvements pending.

As to his own department, he is prepared to say that the city will have an adequate water supply that will come from virgin springs and the extensions are now being arranged. He felt it his duty to prosecute a comprehensive plan and one that when worked out will afford protection to the great improvements which are taking place.

CITY HALL.

Ald. Wilkinson appealed for harmony and good will during the official duties of the year. He trusted that his worship will be able to look back with pride on a year of many accomplishments. He believed that the reports will show but one object, actuating the members of the board and that, faithful service to the city and he hoped that no sectional differences will arise to retard their progress in the larger matters before them. As far as the city hall is concerned everything will be done to facilitate its construction. Ald. Wilkinson referred to the necessity for a subway at Albert street where the traffic is rendering this step extremely necessary.

HEALTH AND RELIEF.

Alderman Thomson, M.D., said that he was differently situated from some of the other members of the council in as much as in his department he cannot make a spectacular display. However he feels that he has a heavy task to perform. The health of any city is an important and serious matter, and good sanitary conditions are among a city's greatest assets. Unfortunately last

year Regina got a back eye through an epidemic which was difficult to cope with. However he is determined to prevent a recurrence of this and he could say on this occasion that he is backed by the whole medical organization of the city. They are now taking up the various phases of typhoid which did not originate in the water here last year, but which resulted from the unsanitary conditions of the city. The germs are spread by the flies which infest closets and daily make their visits to the hotel kitchens, restaurants, bakeries and in fact any place where the different kinds of refreshments are kept unprotected. The flies propagate in the lanes which must be kept clean, and the important part of his scheme is to make wars on these disease carriers. To do this it will be necessary to pass a bylaw to permit inspection of public places where meals and refreshments are served. Such a step will hardly pass without criticism but as chairman of health and relief he will do his duty, and with the city doctors at his back he will accomplish his purpose.

Catarrh of the nose and throat should lead you to at least ask us for a free trial box of Dr. Shoop's Catarrh Cure. Nothing so surely proves merit as a real, actual test—and Dr. Shoop to prove this, earnestly desires that we let you make that test. This creamy, snow white, healing balm, soothes the throat and nostrils and quickly purifies a foul or feverish breath. Call and investigate, The Regina Pharmacy Stores.

OPENING DAY OF BONSPIEL

Grand Challenge and Saskatchewan Cup Games

The Regina Bonspiel opened Tuesday morning with the following results for the day, the ice being very hard owing to the severe cold.

GRAND CHALLENGE 9.30 Draw

REGINA TO HAVE GAS FUEL

By-Law Will be Submitted—Haultain City Solicitor—Sisters' Hospital

At the city council meeting last evening, Ald. Bell brought in a report recommending that after consulting the city solicitor a bylaw be prepared and submitted to the people providing for the granting of a gas franchise to Messrs. Springer & Eaton of Cleveland, Ohio. The report was adopted.

HAULTAIN SOLICITOR, Mr. Haultain was appointed city solicitor instead of the firm, it being thought better to place the responsibility on one man.

SISTERS' HOSPITAL, A deputation consisting of Roy, Father Sullivan, R. Rimmer, J. Murphy, D. L. Murphy and J. L. Kramer represented a petition asking that the city grant a free site for a sister's hospital and that they give water and light free annually. The matter was referred to the finance committee.

EXHIBITION BUILDING, Ex-Aid Sinton on behalf of the Saskatchewan Stock Brokers Association appeared before the board and asked that certain accommodation be provided for the coming show. The council later adopted the report of Ald. Kramer recommending that the tender of Snyder Bros for building the pavilion at

POOR MOTHERLESS GIRL

THE ELDEST OF A FAMILY OF SIX

A Touching Story as Told in a Letter to The Toronto Globe.

To the Editor of The Globe: Sir,—I ask for space in your columns to quote from a letter received at this office for obvious reasons I do not give the name. The letter reads:—I have a sad case to present to you. Twelve years ago a mother died, leaving six small children, the eldest eight years old and the youngest an infant. My mother took the eldest and kept her until my mother's death. Then the young girl went clerking on small wages. Last year she contracted a cold of which she has never been free, and she has been unable to work since last January. She is just nineteen years old. Kindly tell me how to proceed to get her into the Muskoka Free Hospital for Consumptives.

The sad part of it is this letter is only one of many—alike pathetic and appealing—that are being received daily by the writer.

Fifty-five patients are in residence in the Muskoka Free Hospital to-day. Seven hundred and thirty-eight have been cared for since the hospital was opened in April, 1902.

In place of fifty we could care for one hundred if the needed money for maintenance was at the disposal of the trustees.

Perhaps some of your readers have seen the following earnest statement in Dr. Lawrence F. Pike's valuable book, "Consumption, a Preventable and Curable Disease":—"Could the consumptives of any given community be seen at one time or place in panorama before the people public consciousness of the magnitude of the affliction might be aroused. A physical disaster shocks the world and lessens the sympathy of millions. A few thousand deaths are nothing as compared with the deaths from consumption."

The appeal of the trustees of the National Sanitarium Association is on behalf of the consumptives of the Dominion, 80 of whom die in Toronto annually, 9,000 in Ontario, 2,500 in the Dominion.

This poor, motherless girl is one of the many sufferers of to-day. Thanking you in anticipation for insertion of letter, believe me, very truly yours, J. S. Robertson, Secretary National Sanitarium Association, 28 Adelaide street west, Toronto.

Contributions may be sent to Sir Wm. R. Meredith, Kt., Osgeood Hall, Toronto, or to W. Williamson, 54 Front street west, Toronto.

BATTLING WITH THE ELEMENTS

The railway companies are putting up a big fight with the elements and if they get a chance at all they will win out.

The C.N.R. snow plow was here a few days ago having opened the road from Saskatoon which took two days during which time General Superintendent Brown, whose car was attached did not get an hour's sleep, and had not taken off his clothes for several days. During the trip the plow mounted a drift and went off the track broadside.

Mr. Brown was joined here by the Master Mechanic, Mr. Shields, of Winnipeg, who went to Saskatoon. The morning these officials were here one of the 100 per cent. engines took out a train of freight.

The crew that brought the snow plow here was all in having been on duty a long without sleep, but after a good rest they went north the following morning.

A weather browed voyager, T. M. Hadwin, of Sarnia, Bufo, N.D., was a guest at the Empire hotel on Tuesday. He was a member of R. D. McDonnell's party which went out in May 1905 to survey a portion of the Peace River country. The party went out by Edmonton, and made a circuit by way of Dunvegan, Peace River and Lesser Slave Lake back to Edmonton. They were gone eighteen months and Mr. Hadwin says he had many exciting experiences and saw much wild country.—Esterwan Mercury.

NOT A SINGLE APPLICANT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES BECAUSE OF HIS OR HER POVERTY

FORWARD STEP IN THE INTERESTS OF Muskoka Free Hospital for Consumptives

The National Sanitarium Association of Canada has undertaken to publish a monthly magazine devoted to the Outdoor Treatment of Tuberculosis, and the inculcation of Hygienic Methods of Living for the people generally. The first number was issued in November, 1906.

Canadian Outdoor Life magazine cover featuring a tree and text: 'Articles on the Open Air Treatment of Tuberculosis of the Lungs. Attractively Illustrated. TORONTO, CAN. NOV., 1906 10c, 5009 \$1.00 year'

No Father, No Mother, No Home—Worse Than a Prisoner. GABRIEL BRACY, BERLIN, ONT.: Enclosed please find doctor's certificate and examination papers. Hope you will secure me a place in your Sanatorium. You will notice that my circumstances are a hard one; no father, no mother, no home—worse than a prisoner. Nobody wants me on account of my disease. Hoping you will have the charity and consider my position, and give me a position at once in your Sanatorium, I ever pray.

An Orphan, without Home or Means. DR. A. E. HANNA, PERTH: I have a patient here, a young fellow in whom I am greatly interested. He has tuberculosis. He is a poor young fellow, an orphan, out of home, without any means. If we sent him up would you take him in and do the best you can for him? I know how difficult it is to accommodate all who require treatment, but this is a special case.

"DO IT NOW" Is a business motto of this strenuous age that applies with tremendous force when it is a good act you should do. "A child's kiss set on by sighing lips shall make thee glad." "A sick man helped by thee shall make thee strong." "Thou shalt be served thyself in every sense of service which thou renderest."

"DO IT NOW" "I WAS SPECIALLY PLEASSED WITH THE ATTENTION PAID TO CONDUCT THE INSTITUTION CAREFULLY AND ECONOMICALLY."—Dr. R. W. Bruce-Smith, Government Inspector Hospitals and Charities.
