Spring Troubles

Few feel well in the spring, the blood is out of order and the liver is inactive. The usual symptoms are loss of appetite, debility, tired feeling, skin eruptions, headache, coated tongue, constipation and pain in back or sides. You may not be sick, but it will be easy to get sick. The remedy that gives just the help needed is

Our Best Sarsaparilla

It makes the blood rich and pure, increases the activity of the liver, stimulates digestion and keeps you at your best.
