SEVERE GALE

Two Vessels in Difficulty off Port Stanley—One Going to Pieces.

Port Stanley, Oct. 30.—A heavy south-west gale set in here early this morning, which caused so much sea that two coal-laden vessels bound for this port could not make the harbor, and came to anchor. One of them, supposed to be the schooner Mineral State, at once set a flag of distress. No assistance could be rendered from the shore, and at eleven o'clock she either slipped her anchor or the chain broke, and she commenced drifting ashore. She is on the beach about a mile east of the harbor, and so far the crew are on board. An attempt will be made to rescue them as soon as the weather permits. The other vessel at the beach is supposed to be the Rounds, and so far she is making good headway. No distress signals are flying.

Later.—The schooner that went ashore here this morning proved to be the Mineral State, of Alpena, Mich. (Capt. William Zient), loaded with coal for the Lake Erie and Detroit River Railway, Port Stanley. She began to leak at noon. The mate, George Hazelwood, came ashore on a hatch cover and with the life-preserver on, he managed to reach the beach, the foot of the high clay banks, where willing hands soon drew him to safety, and he is now no worse for his experience, but was very much exhausted when he reached the shore. The mizen mast fell at two o'clock and by four the main mast fell, and the vessel was going to pieces fast, when the tug, Gordon Brown, towed the life-boat down to the wreck and Coxswain Reginald Moore, with a volunteer crew, composed of sailors and citizens, as follows:—Thomas Hough, Frank Evesland, Henry Christie, Fred Pollock, William Hough and Alonzo Taylor, by careful management, soon had the crew, consisting of Captain William Zient, Fred Lecuyer, cook, and seamen Wm. Henderson, Lawrence Walker and Fred Doer, in the life boat, which was again picked up by the tug Gordon Brown and towed back to the harbor, all very much exhausted, but were soon made all right by willing hands.

The crew of the life boat and Capt. Brown of the tug Gordon Brown are worthy of the greatest praise for their part of the rescue in such a heavy sea. Capt. Brown then ran out to the schooner Rounds which is lying at anchor two miles out and reports her all right and riding out the storm in good shape, and will go and bring her in as soon as the sea runs down.

Port Dalhousie, Ont., Oct. 30.—A heavy south-westerly blow to-day caught several Port Dalhousie fishermen too far out in the lake to make this port in safety. The steam fishing tugs and part of the sailing fleet have arrived, but there remains out yet two sailing boats with two men in each boat, which cannot be seen from this shore. The canal tug Golden City has arrived, after being out since looking for them. The wind has hauled more westerly, which would drive them down the lake. The men who are in the fishing boats which have not been heard from are Frank Dougherty and brother, from St. Catharines, in one boat, and Peter Math and his grandson, John Bents, in the other one. One of the boats in tow of the steam fishing tug is adrift in the lake loaded with fish, the tug having taken the men off her and brought them safely into port.

Later.—One of the missing fishing boats that was caught in the blow

to-day containing Peter Math and grandson has been heard from. They landed below this port at the Eight Mile Creek, and it is thought that the other missing boat will yet turn up.

DRESDEN

October 31.—Mrs. Egbert Irish leaves this evening for an extended trip to Winnipeg where she will visit her two daughters, Mrs. Dines and Mrs. Cleveland; later on she will leave for California to visit her daughter, Mrs. Archie McGill. Her many friends wish her a pleasant voyage.

An excursion train was run from Stratford to Wingham and Dresden yesterday with the view of taking in the sugar factories. A large crowd stopped off at the former town, the remainder coming on here. The visitors expressed themselves as very pleased with our town and considered the sugar factory a magnificent building.

Miss Lou Harris, River Road, has accepted a position with Jno. Burnie & Co., grocers.

The report which was circulated here this week regarding the death of R. F. Howard in Chatham, recently injured at the sugar factory, has proved incorrect, much to the pleasure of his friends here.

ABSORBING PROBLEM

Of the Present Hour

The absorbing problem of to-day is, how to expend one's income so as to attain the best results; that is, get full value for one's money.

It may truthfully be said that this has been, is, and always will be an absorbing problem to those with limited means, but the fact remains that, with the price of living necessities constantly rising one must husband one's resources more carefully than ever before if he would live within his income. In saying that prices are rising, we except one article which has come to occupy a prominent place in the family medicine chest, and that is the specific for piles or hemorrhoids known as Pyramid Pile Cure; this remedy is still sold by druggists at the old price of fifty cents, and one dollar, and these prices will remain unchanged. Those to whom this preparation has brought relief and a cure after years of suffering do not need to be told of its merits; others are advised that it is the greatest boon ever discovered, to all those afflicted with any form of piles; it is in suppository form, is easily applied, reaches the seat of the complaint, and gives immediate relief and a lasting cure.

The reader may have tried salves, ointments and lotions without benefit, and feeling that his money has been wasted, resolves to suffer on rather than experiment farther. The reason for the failure of these treatments is, that they do not reach the seat of the trouble, and hence do not remove the cause, as does Pyramid Pile Cure. A little book describing piles, their cause and cure, is published by the Pyramid Drug Co., Marshall, Mich., and anyone may procure a copy by sending name and address to above firm. As showing the estimation in which this remedy is held by the public it may interest the reader to know that its sales now exceed those of all other pile remedies combined.
