## CITY TAX RATE **AT 27 1-2 MILLS**

Continued from 1st Page. Mrs. James Glenn asked relief from BOARD OF WORKS.

Chairman A. B. McCodg, of the Board of Works, reported as follows:

1. That the contract of Fred. Spencer for replanking the city br.dges at \$125 be accepted.

2. Re the complaints of the Wellington street residents in reference to the payement we recommend that to the pavement, we recommend that the 20 per cent. held back from the company be not paid until the pave-ment is put in a satisfactory condi-

The report was adopted.

Ald. Edmondson called attention to the bad condition of Head street. It needs levelling. Ald. McCoig promised to look after the matter.

In reference to the initiative on the walk on Prince street from Park to King, some of the walk is in good repair and will answer for a year or two, and Ald. McCoig thought that part of the work should be done and the rest of it deferred for some time.—Referred to the Board of Works. It will be necessary to withdraw the initiative and work under a petition.

withdraw the initiative and work under a petition.

In connection with the brick pavement on St. Clair street, Ald. McCo.g explained to the Council that it would be impossible to secure Massillon brick and explained the proposal of Mr. Hipp of the Massillon Brick Company and asked for their approval of the proposal.

Ald. Edmondson wanted the work on the street gone on with. The

on the street gone on with. The merchants on the street are feeling it, especially on a Saturday. He was willing to take a substitute for the

willing to take a substitute for the Massillon brick.

Ald. McCoig moved that the action of the committee in allowing the substitute be approved of, providing that a guarantee for the new bricks be given to the contractors, Blight & Fielder, for the term of years which the pavement is guaranteed to the city.

Ald. Edmondson seconded the motion.

motion.

Ald. Piggott said that a shipment of the bricks would soon be here, and it will be tested as soon as it arrives and if they are not satisfactory the city does not have to accept the bricks.

the city does not have to accept the bricks.

The motion was carried.

The Victoria avenue residents asked, through the Mayor, that their street should be watered.

Ald McCoig explained that the assessments for sprinkling have been made and it will be necessary for the Victoria Avenue residents to make arrangements with the contractor.

The Park Street and St. Clair Street residents were in the same position. The matter nowever, can be easily arranged with the sprinkling contractors.

A YOUNG HERO. A YOUNG HERO.

The Mayor thought that the council should bring before the attention of the proper authorities the fact that we have a young hero in Chatham, mamed Arthur Stringer, who saved a companion from drowning. This will be done and a medal will be procured for Mr. Stringer.

The following tenders were received for the Ursailine Avenue sewer—

### TO HOUSES DESTROYED.

wellings of the Poor in Victoria, B.C., Consumed-Less Will Exceed \$150,000.

Victoria, B. C., Aug. 10.—Fire, which commenced in the pattern shop of the Albion Iron Works at four of the Albion How works are of check, totally destroyed the northern portion of the building, with a lot of valuable machinery. A strong southeast wind carried sparks a disance of 300 yards to the corner of Devikted and Government streets, Pembroke and Government streets, where three residences were destrey-

Almost immediately after it jumped to a house 200 yards north on Princess street, and soon many houses in that quarter were blazing. Fortunately, the wind kept steady from the southeast and the fire was thus confined to the blocks north of Douglas and Pembroke streets.

The fire had burned itself out by half past seven o'clock. In all about fifty houses were destroyed. The majority were houses of working people. The loss cannot be estimated, but must exceed \$150,000.

In addition to the houses, sidewalks and much of the furniture was Almost immediately after it jumper

walks and much of the furniture was destroyed.

Later.—The fire now appears to be confined to several blocks of the northern residental quarter. The Albion Iron Works, including the nettern room, are a total wreck. pattern room, are a total wreck.

Big One at London.

London, Aug. 10.—About 11 o'clock yesterday morning fire broke out in Welford's Broom Factory in the east end of the city, The factory was quickly consumed, being burned to the ground. The flames spread rapidly to the large street car barns, which were almost totally destroyed. The rolling stock was, however, all removed. The total damage is estimated at about \$35,000.

Fire at Mentreal.

Montreal, Que., Aug. 10.—Several warehouses were destroyed by fire as the result of an explosion which took place yesterday in the Pillow Hersey Rolling Mills, at the corner of St. Patrick and Conde streets. Two or three persons were injured, Moore having to be taken to the General Hospital. He will, however, reçover.

PRIMEAU & RICHARDSON

NEW YORK CENTRAL'S FLEET ON

The Western Transit Company, which is the New York Central and Hudson River Railroad's freight connection on the Great Lakes, has recently put into commission their new steamer Duluth, which is the largest and most modern package freight vessel on the Great Lakes. She is 401 feet long, 50 feet beam and 30 feet depth, with a carrying capacity of 6,000 tons.

This makes seven modern steel steamers in the Western Transit Company's fleet, six of which have been added since 1898, it being the company's policy to add a new steamer each year. In addition to these steel steamers, the company has nine iron and wooden steamers, which, while not quite as modern as the steel boats, are still admirably adapted for lake freight transportation. This fleet of sixteen steamers enables the New York Central to give a daily freight service from Buffalo to Milwaukee, Chicago, Duluth and Portage Lake.—N. Y. Evening Mail, July 27, 1904.
