## A BIG Saving on Brooms.

Chatham has never before seen such low prices on Brooms as we are naming for ours.

The simple reason is that we have about 10 dozen too many, and we want to get them out as quickly as possible.

Low prices certainly will do it, and at these prices they will not last long.

Buy enough while you are at it. Every purchase means from 8c to 10c of a saving.

## A FEW REASONS WHY THE "WHITE" SEWING MACHINE IS KING

It has case hardened shell, ball bearings throughout. It has the automatic lift and drop head. The Pinch tension device is without a peer. It pinches the thread just enough to produce a smooth elastic stitch. The TENSION INDICATOR shows the state of the tension at all times, and it can be changed or duplicated in an instant. The Tension Releaser (on reverse side of face plate) operating with the lifter bar, instantly removes all tension from the thread. These special features, together with many others, should and do commend the "WHITE" SEWING MACHINE to all shrewd buyers as the highest of its class for the simplicity of its construction, its durability, and its superior excellence as a piece of household furniture. It runs light and sews right.

FULLY GUARANTEED.

## LETTERS FROM MOTHERS

Every day we get letters from mothers telling of the benefit Baby's Own Tablets have been to their little ones. Some praise them for constipation, stomach and bowel troubles, others for breaking up colds and simple fevers; some as a great help to teething babies, while others go so far as to say that the tablets have saved their little one's life. We have thousands of letters—all praising the Tablets, for they never do harm—always good. Mrs. Robert "Pierce," Bell's Rapids, Ont., writes: "I would not be without Baby's Own Tablets in the house for a day."

When anything ails my little one I give her a Tablet and she is soon all right. I am sure other mothers will find them quite as satisfactory."

Sold by druggists or by mail at 25 cents a box, from The Dr. Williams Medicine Co., Brockville, Ont.
