Local Happenings.

Rev. Dr. G. E. Day is expected to preach in the Baptist church next Sunday morning and evening.

It is expected that the Sabbath-school of St. Andrew's church will hold its picnic at Starr's Point this afternoon.

College girls can obtain board and lodging for the coming school year at Miss Gourley's, Linden avenue. Early applications desired.

The property of Mr. H. A. Pitt, Main street, has been greatly improved. The grounds have been neatly laid out, and the front terraced and beautified. The result is most pleasing.

The annual meeting of the Women's Christian Temperance Union will be held in Temperance Hall, on Thursday afternoon, Aug. 27th, at 3.30. Officers and stewards of the department will please bring their reports of the year's work. A full meeting is requested.

At a meeting of the School Board on Wednesday evening Miss Rosemond Archibald, B. A., was appointed teacher of the preparatory department of the Wolfville school. Miss Archibald is an exceedingly clever young lady, and will be a valuable addition to the teaching staff of the school.

It is only duty and justice to encourage your home papers. Extend to them the encouragement to which they are entitled. Pay your subscription promptly, and send a few extra copies to your relations and friends at a distance. They will appreciate the favor, and so will we.—Picton Advocate.

Mr. H. G. Collins of Wolfville, was in town on Monday with a handsome gelding, Willis Mack, which he had just purchased from Millidge Armstrong of Bear River, who bred him. This animal is a pacer, five years old, handsome, a lively stepper and is sired by Sir William.—Middleton Outlook.

A very sad accident occurred at Berwick on Wednesday afternoon, when Lawrence, the twelve-year-old son of the late Harry W. Davison, received such injury while watching the machinery in the Berwick saw-mill, as to result in his death a few hours later. His mother has the sympathy of many friends in Wolfville, their old home.

The entries for the Bread and Biscuit exhibit at the Kentville Fair close on September 26th. If you have not done so, write F. C. Rand, Kentville, for an entry form. No one knows who will get the prize and it may be you. Perhaps you will get both first prizes, a total of \$50.00. It is easy to make prize bread and biscuit with ROYAL HOUSEHOLD FLOUR.

Miss Burmeister is closing her rooms in McKenna Block, having accepted a position on the teaching staff of the Randolph-Macon Institute at Danville, Virginia, at which institution she formerly taught for some years. She leaves next week. The many friends whom she has made since her residence in Wolfville will regret her departure from our town.

The spire and tower of the Baptist church are being painted and repaired. This spire is said to be 120 feet in height and naturally there was considerable difficulty in getting some person to ascend it to make necessary repairs in the weather-vane. Mr. Ernest Porter, however, was found equal to the emergency, and successfully carried out an undertaking in which few would like to engage.

"Black Prince" hose at all the leading Dry Goods Stores.

The numerous friends of Rev. Dr. Trotter, the late president of Acadia, will be grieved to learn that he is again laid aside from active service by a general nervous exhaustion, of which sciatica, his old trouble, is the symptom. His physicians attribute the break down to overwork, but think that a season of rest, sufficiently long, will bring him all right again. At latest accounts he had gone to an island in Georgian Bay, where the air is cool and bracing.

The meeting of St. George's Lodge, A. F. & M., on Tuesday of this week was of more than ordinary interest. It was the occasion of the official visitation of Charles Reynolds Smith, K. C., the M. W. the Grand Master Mason of Nova Scotia. After his formal reception addresses on the universality of masonry and kindred themes were the order of the evening.

Following the M. W. the Grand Master was R. W. Ingram, H. Oakes, D. G. M. of District No. 2; C. M. McCallan, of Bermuda; Milton L. Reeves, of Brooklyu, N. Y.; James A. Mours, of Montevideo, Alabama; George S. Wright of Halifax, N. S.; also Dr. G. E. Dewitt, Rev. David Wright and Mayor Marshall Black, of Wolfville. Rev. Earl Burgess' gramophone added much to the evening's entertainment. Refreshments were served at the close.

CANTORIA. 104 King St. Phone 1841. Repair the Broken.

RED CROSS

For women's wear in Lace Boots and Oxfords. Thick flexible soles--very easy--will fit any foot--once a wearer always a wearer.

C. H. BORDEN, WOLFVILLE.

Canning Items.

Messrs. C. R. Dickie, Victor and Levi Eaton left on Monday for a week's shooting at Bedford.

Mrs. Walter Mitchell, of Wolfville, addressed the Canning W. C. T. U. on Friday, at the home of Mrs. Samuel Bigelow.

The residence of Mrs. B. Patton has been much improved recently by a coat of new paint.

Mr. and Mrs. Harry Bastin, of Bridgetown, have been visiting at the home of Capt. W. R. Potter.

A number of Scotch Agriculturalists, who came to Kentville on Monday, were driven to Canning by Messrs. A. M. Beckwith, Dr. Covert, and A. S. Burgess in teams and given a drive around the country.

Miss Laura Beckwith, of Boston, is visiting her friend, Mrs. Emerson Bigelow.

Sir Frederick and Lady Borden arrived here on Saturday. Miss Elizabeth Borden and her sister, Mrs. Magoun, and child preceded them by a number of weeks.

Capt. Alfred Potter is home from the South with his schooner, the Rescue, which is now lying at Kingsport.

Mr. and Mrs. George Reggs and little daughter, of Jersey City, visited friends in town on Thursday.

Mr. G. W. Parker and son, Robie, left on Monday for a trip to St. John, Portland, Boston and other cities.

Miss Ellen Karr has returned from a two weeks' visit with relatives in Coldbrook.

Mr. F. C. Rand, collector of customs at Kentville, was in town on Thursday.

Mr. Rupert Rand has returned to his work at Amherst, after spending a week at the Berwick Camp Meeting.

Mrs. Miller, of Boston, is the guest of Mrs. Robie Eaton.

Dr. Stanley Spicer arrived from Brooklyu, N. Y., on Tuesday to participate in a pleasing event.

Miss Agnes Corbitt, of Boston, is spending a few days here with Mrs. Carrie Coalfield.

Mrs. Fred Davison and daughter, Mrs. James Barnes, of California, spent several days this week with relatives here.

Mr. Daniel Bigelow, of Spencer's Island, and Mrs. James Smith and son, are other visitors in town.

Master Lorine Illey, of Berwick, a boy of fourteen years, is said to have led the province at the late provincial examinations for grade B. His aggregate was 566 in a possible 600. He made 100 in each mathematical papers.

Odds and Ends.

We would beg to call attention in this column to the fact that there is right in the centre of the populous centre of this town a sick Christian woman ill unto death with an incurable disease. A woman with a large, young family. The husband is a poor man, so called, a man who labors and earns all his wages by diligent, faithful service. It is true that he is paid a beggarly wage, but it is all he can get, but he deserves more. Now, this Christian, faithful, patient wife, who has been gradually sinking for months, has not been visited by a single clergyman. Not one of these singularly self-contained, well fed and well groomed official Christians, of any denomination, has crossed the threshold of that home, nor has volunteered one word of comfort or sympathy. It is a disgrace to the church and moderns Christianity.

A company of fine looking gentlemen from Europe have been visiting here for a day. "Scotch Farmers", so we are pleasantly told by the daily press. It has not been very intelligently explained what the objects of their visit are, but it is a duty and delicate subject but was well handled.

A gentleman, who was a silent listener, has given quite a comprehensive resume of the proceedings in and about Acadia University and Seminary during the hour these "Scotch Farmers" were being entertained and talked to by the intelligence of this classic locality. Mayor Black expatiated upon the Science of Electricity and how automobile laws could be promoted by the government of Nova Scotia. It is a dainty and delicate subject but was well handled.

Our good friend Mr. Robert Starr has explained the science of keeping the canker worm at bay, and the double tracking of the I. C. R., all of which was very interesting to these growers of turnips and Scotch whisky.

Mr. Fred Porter was in hand and very energetically explained how grapes may be grown under glass and of various other subjects upon which he is said to be well qualified to speak.

We were particularly pleased to learn that various members of our city council were present, and were able to greatly enlighten these farmers (?) from old Scotland.

They were able to give expert information on road building, and the kinds of rock to be found in this country. How to shrewdly and economically secure an electric lighting plant, and establish beyond question, the virtues of government ownership, as illustrated by the exploits of Wolfville.

Mr. David Poor was there, and lucidly and interestingly explained "The Western Union Telegraph System." He informed these alleged farmers that the "Western Union" was incorporated, that it had 23,000 offices in America, and had cable service to all parts of the world, and that Robert C. Clowry is president and general manager.

Our informant could not gather just what the chairman of the School Board remarked upon, but understood it was concerning play grounds, principal's salary increase, and graft. At this stage, two or three Scotchmen, who had never been shaved, appeared greatly interested. If the St. John daily newspapers are to be credited, it would appear that these farmers reached St. John within a couple of hours after departing from Wolfville. The mode of locomotion is not apparent, neither do we care a brass cent.

ODDS AND ENDS.

Dr. R. C. Archibald arrived in town on Wednesday afternoon, to arrange for the removal of his books, etc., having accepted an appointment at Brown University. He expects to remain in Wolfville for a week or so.

Mrs. Marston, lately in town at Acadia Seminary, left on Thursday to visit in Truro, Amherst and Halifax. She has accepted the position of matron at the Halifax School for the Blind. She will be missed by many Wolfville friends.

Mr. William Aikens, of Omaha, Neb., has been in town this week, on a visit to his uncle, Mr. R. C. Johnson, and other friends. Mr. Aikens left Wolfville twenty-two years ago, and naturally finds many changes in our town and its people. He now has an excellent position with the Cudaby Packing Co., one of the largest packing houses in the United States.

Is It True?

Is the report true that Wolfville boys are making a business of killing birds for sale? We hope not. Laws that forbid the carrying of firearms for the sake of human lives should forbid also the use of catapults or any other instruments for the destruction of birds, that not only delight us by their presence and their songs but also contribute to the protection of our gardens, orchards and forests. Every case of the violation of the law that provides for the protection of birds should be severely punished. If parents and school-teachers properly instruct our youth in regard to this matter, there will be few cases of wrong doing.

It is notable that Rev. Dr. Prigle, the Presbyterian minister whose reputation was so bitterly and falsely assailed by the agents of the Ottawa government in the Yukon, receives no sympathy from even the higher grade of Liberal papers. If Emerson, Sir Fred Bowen, Hyman, Preston or any of the leaders of the party are assailed the organs spring at once to their assistance. But it is different with a minister who fights against the prevailing evils. The reputation of such a man does not count.

Nervous Headache

Gradually, naturally and certainly the nervous system is built up by this great restorative. It restores the system, gives energy and vigor, and gives way to health, strength and joy. The potent and signature of A. W. Chase, M.D., famous Remedy Book, is on every box, 50 cts. at all dealers in Medicine, Bates & Co., Toronto. Miss Annie Kean, 30 Beillevue Street, Ottawa, Ont., states: "I was afflicted with severe nervous headache, was also dizzy and nervous. The use of Dr. Chase's Nervine Food entirely cured these headaches and did me a world of good, steadying my nerves and toning up the system generally."

Dr. A. W. Chase's Nervine Food

MARRIED.

TAYLOR-SMITH.—At the residence of the bride's parents, on Aug. 19th, by Rev. R. W. Weddall, Harry Taylor, of Brookton, Mass., formerly of England, and Eva, daughter of Mr. and Mrs. Henry Smith, of Lockhartville, N. S.

Beaver Flour

Gluten is really the nutriment in wheat. It is a heavy, tough substance much resembling raw dough. The trouble with Manitoba flour is, that it contains too much gluten. Bread made with it is apt to be gray and heavy, and pastry is sure to be.

Ontario wheat does not contain quite enough gluten, but it is rich in carbohydrates—which give to flour the qualities of lightness and whiteness.

Beaver Flour

is both a Manitoba and an Ontario wheat flour. Just as much Ontario Flour is used in blending Beaver Flour, so that each will supply what the other lacks.

That is why Beaver Flour makes whiter, lighter, more wholesome bread than Manitoba flour—and makes lighter, tastier Cakes, Pies and Pastry than any "pastry" flour.

No matter what other flour you are using now, try Beaver Flour. The first sack will prove its superiority. At your grocer's.

Dealers, write for prospectus all kinds of Flours, Coarse Grades and Cereals. F. H. TAYLOR CO., Limited, Chatham, Ont.
