The whole of the ten trailers purchased at Winnipeg to handle the great crowds that are expected here during the Dominion fair arrived on Saturday over the C.N.R. and are being unloaded today. That there is to be no recurrence of the vexed question of the car barn site is evident from the statement given out by Superintendent Antonisen to the effect that the site of the car barns have been staked out, and the construction work will be commenced immediately. Excellent progress is being made in the construction of the lines, and it is now given out authoritatively that all the routes that will be required to take visitors to the fair grounds will be completed well in time.

Bugler Reaches Hoary Old Age

Tale of How Legion of Honor Was Obtained Retold After 70 Years

Berlin, June 30.—The oldest member of the Legion of Honor is a bugler named Rolland, living at Eaux, a village in the mountains of Aveyron, at an altitude of more than 3000 ft. The bugler, Rolland, was decorated with the Legion of Honor on Aug. 21, 1840, for his heroic conduct in Africa during the campaign of Sidi Brahimi. In the course of that fight the bugler conducted himself like a hero. The French soldiers had exhausted their ammunition, and with his last shot he fired his ramrod, which he had placed in the barrel of his musket, at the advancing Arabs. He stood his ground, and was run down by the Arab horsemen who took him, wounded and a prisoner, to their leader, the Emir Abd-el-Kader. The Emir was squatting on a rich carpet under an olive tree. On seeing the prisoner with his bugle he pointed to the small cluster of French troops that were opposing the Arabs, and he asked him, if he knew the time that Christians blow to order a cessation of the combat. The bugler said that it was the "Retraite." "Then take your bugle," said the Emir, "and blow the retreat." Rolland pretended to obey, but instead of the retreat, he blew the charge with all his might, and the Arab camp was roused. Considering the age of this hero, who is now 70, it has been proposed to promote him from the rank of Knight to that of Officer of the Legion of Honor.

LIBERAL TIDE IS FLOWING

Great Enthusiasm Characterizes Proceedings of Liberal Convention at Killarney Constituency

S. H. HAYDEN IS CHOSEN TO LEAD PROGRESSIVE FORCES

T. C. Norris and Others Ring The Death Knell of Toryism By Brilliant Speeches

Killarney, Man., June 30.—That the flow of the Liberal tide has set in was made evident at a most successful Liberal convention held here on Friday last. Every ward was well represented, and from 70 to 75 delegates chosen from the respective wards were at the meeting. Mr. S. H. Hayden, a prominent farmer, received the nomination for the provincial constituency. President P. K. Rollins of the Liberal association was in the chair.

Open Convention

After the conference, it was decided to hold an open convention, and the following gentlemen's names were submitted to the meeting: S. H. Hayden, B. S. Bryan, T. H. Bush, G. Campbell, W. J. Schmar, W. J. Sanders, A. M. High, J. W. Small and W. M. Dempsey. In the course of his speech, Mr. Hayden said that for many years he had taken an independent stand, but had come to the conclusion that nothing could be gained by electing independents to parliament. He had therefore cast his lot with the Liberals as the most progressive party. The other electors then were allowed to withdraw their names, and Mr. Hayden's nomination was made unanimous.

Public Meeting

The convention was followed by one of the most enthusiastic Liberal public meetings ever held in the constituency. The speakers included the new candidate, Mr. Hayden, T. C. Norris, M.P.P., leader of the opposition in the provincial legislature, P. C. Rollins, and J. W. Small.

Mr. Norris came in for a great ovation. He expressed pleasure at the evidence which the meeting gave, that Liberal sentiment was growing in the province. He congratulated the electors on the selection of Mr. Hayden, whom, Mr. Norris thought would make an ideal candidate for the constituency. Mr. Norris aroused much enthusiasm by his masterly criticism of the performance of the Roblin administration during the last few years, declaring that the government was both extravagant and inefficient. The speaker then went on to deal at length with the constructive policy adopted by the Liberal party, all of which fanned the fire of enthusiasm which prevailed at the meeting.

Two Men Drowned In The Red River

Thieves Robbed Clothing of Rescuers Who Attempted To Save Victims

Winnipeg, June 30.—Two young men lost their lives in the Red River near River park yesterday afternoon while thousands of people were practically within hearing distance. This makes a total of four victims of Red River drownings so far this season. Those who lost their lives yesterday were: Reginald Saunders, 23 years old, son of Mrs. J. J. Saunders, 44 Balmoral street.

Arthur Cohen, 19 Lily street, 22 years old, who had recently come to the west. It is regrettable to have to record that in each case thieves took the chance offered by rescuers leaving their clothing on the bank and rifled the pockets.

Reginald Saunders, aged about 23, residing at 44 Balmoral street, was drowned in the Red River near the ponton bridge at Elm park while bathing with a party of friends. Five young men, in a row boat hired for the purpose of going swimming, were all in bathing suits, and all could swim. Saunders being an athlete, football player and an exceptionally good swimmer.

The boat was about half way between the bungalow and the ponton bridge and about two boat lengths from the city or north shore, when the occupants rocked it to throw all out. Saunders gave one cry after he reached the water, and his cries attracted the attention of his companions and all looked in his direction but saw nothing of him and, alarmed, they called for help. Boats gathered round, but no organized effort to recover the body was made till Inspector Green from the Fort Rouge police station, with Serge. Outerson and Constables Engelson and Quinsey arrived and took charge of the two boats. Dragging was carried on from there for some time till Fred Adams offered his launch which Inspector Green took and continued the work from it. The body was recovered at 9.10 p.m. near the scene of the accident.

The party in the boat with Saunders consisted of Gray Charrois, 124 Jale avenue; Stanley Smith, 442 Furby street; William Kerr, 436 Langside street, and Tom Temple, 432 Toronto street. Saunders worked for the British-American Elevator Company and was a member of the Western United Football club.

W. J. Kane, formerly chief operator in the Winnipeg office, has been transferred to Brandon to the Winnipeg-Fort William division, with headquarters at Kenora.

F. B. Scott, who was at Kenora, succeeds F. M. Payne, who succeeds Mr. McKillop as superintendent, as inspector of the Winnipeg division, with headquarters here. The successor to Mr. Kane has not yet been announced, but it will be one of the chiefs in the local office.
