or defitable fight against the committee adopting the Fredericton farm. On his resolution that the Board take action independent of the Government, he was supported by Messrs. Swin and Fairweather, but opposed by Messrs. Brown, Caldwell and Reid. The casting vote of the Provincial Secretary decided against him. With the Government members present. Arr. Brown moved that the committee proceed to ballot for a farm. Mr. Anderson strongly opposed this and asked for a postponement. The and asked for a postponement. The counts and asked for a postponement. The commissioners have Board being determined on imback. The Commissioners have mediate action, Mr. Anderson deawarded him \$250 damages, being The offers of Messrs. Fawcett, of next meeting of Council. were spoken of without effect.

advocate for the compromise just effected in Cumberland, because we stated the compromise was rendered easy, by the hearty good will, &c., existing between the two parties, as evidenced by the handsome address given Sir Charles Tupner by the given Sir Charles Tupper by the optin Municipal Council. We are not in favor of truck between two opposing political parties, except in cases of public emergency or danger, hear the council of the careful of the carefu itself an injury in pressing its opposition a l'outrance in a way to destroy his préstige and injure his prospects, even to the extent o asserting he was not countenance by the Government at Ottawa! condemning the compromise, we did not feel called upon to enter upon a war of extermination against Mr.

ago. Its shares, which were then quoted at not very much below part, have failen over one half and are to-day fluctuating in the vicinity of forty. Its change of managament, though destined ultimately to accurate the part of the word of the part of the word to injure it with the public in view of the rovelations which were them made of President Villard's unsound and speculations which were them made of President Villard's unsound and speculative methods of doing business. And now a bill forfeiting certain very extensive land grants as not being legally earned in a coordance with the provisions of its charter, seems likely to become law. These and various other assessmill more and with the provisions of its charter, seems likely to become law. The description of the Board.

These and various other assessmill of the Board.

The Government, and Messrs. Balisr, Gillesjie, McLellan, Ryan. Harrison and Mitchell of possible to doubt that the raily and better the possible to doubt that the raily and since and with of the Board.

Mr. Colvell cast his ballot for the Slip possible to doubt that the raily and mineral solicially and are being rapidly settlied by immigrants from all parts of the world. Its returns, too, both from passengers and freight, are an annual meeting a sound and rapid increase. These, therefore, which was anothed the committee's repaired the committee's repaired annually making a sound and rapid increase. These, therefore, which was a shoole having no lone's nor measure the real world. Its returns, too, both from passengers and freight, are an annual retails of 000 cares of passure land, settlined by immigrants from all parts of the committee's repaired representation of the passenger of the passeng

The state of the s

THE MUNICIPAL COUNCIL

The Council was in session or Wednesday and Thursday last. The presentments of the Grand Jury Anoncon snipping its criminal population overlooked when he praised this lation to Dorchester. With respect to sewage, it was decided to crect next the cells a double story wing, with water closets connecting with the Village, its fine farms, its fertile marshes, and its thrifty people, but when further he proposed to make the various cells. The Council next this his continuing city, to invest in lands and houses here and await the dealt with heating the Court House. clamation remitting the collection of taxes on vessels trading with Canada immediately on receiving notice of reciprocal action on the part of the Dominion authorities.

The St. John Globe now charges 3 cents per word for all notices in the lecal column and 25 cents each for notices of temperance or church meetings or services, in advance. The cost of type setting must be paid by some one.

The Council next dealt with heating the Court House. The Council next dealt with heating the Court House. The Council next dealt with heating the Court House. The American furnace, put in when the House was built, got out of order in the course of time, and some one started the report that the foundry had been burned out and none of the parts could be duplicated. The Council, therefore, got two of Fawcett's furnaces. These are now apparently played out; the cold in the Court Rooms last winter was the source of intense discomfort. It having been learned discomfo discomfort. It having been learned that the U. S. foundry is still furnishing the furnaces, \$100 was voted in the transfer of the Bruns wick House; our worthy citizens who had herses, harnesses, carriages, lands, houses and shops sold

clared for the Beet farm. The ballots \$34 more than he paid for the lot. stood 8 for the Murray farm, 6 for After some discussion, the con-Beer farm and 1 for the Slipp farm. sideration of this was deferred till

were spoken of without effect.

The Halifax Herald thinks we have changed front and become an advocate for the compromise just it compared to the compromise just in formal did not afford sufficient information. The Council declined to interfere on the ground the application for the council to judge of the lower and did not afford sufficient information. Mr. Thomas The orangemen attacked the crew on shore, is at present taking subscriptions.

when the country's safety or welfare requires the aid of both sides. We do door from J. & J. Taylor & Co., safe works, Toronto, for \$50 deliver-hundred and one things which every the development of horse flesh and ing the compromise—it was one with Mr. Townshead, M. P., in this, but ed in Dorchester. With this iming the compromise—it was one with Mr. Townshead, M. P., in this, but we think it did him an injustice and provement, the committee considered wholesome and rational amusement.

THE STOCK FARM.

Capitalists at Large

Early in May, the Post chronicled the arrival here of George Washington Parker, who described himand Sheriff respecting jail sewage said as an American capitalist lookand accommedation were discussed at some length. The Council decided to take no steps to enlarge the jail at present, it being deemed commedicine senguely for the endinger to be soon made that a man of his commodious enough for the ordinary ample possessions should carry his requirements of the county, but of entire wardrobe on his back, the

sures were taken to keep out the drawn a bill of exchange for his cold. The Council ordered that last week's board. The St. John Telegraph recommends the Government not to ratify the action of the joint committee of the Agricultural Board and Government with respect to the removal of the Stock Farm to Fredericton, and points out that in centralizing there government House, Parliament and department buildings, University, Courts, Normal and Military Schools, Vantage of a drain outside the south court of the such as a new revelation to the signs of progress and advancement they everywhere with a respect for the possessors of so much wealth; and that he was a make a main of the court of the signs of progress and advancement they everywhere with the signs of progress and advancement they everywhere with the such advancement they everywhere with the north wall to the road ditch. Mr. Mills strongly urged the advancement buildings, University, Courts, Normal and Military Schools, Vantage of a drain outside the south vantage of a drain outside the s department buildings, University, Courts, Normal and Military Schools, that town has done pretty well at the expense of the rate-payers. Does our contemporary imagine that a consideration of what it has already bagged will prevent Fredericton continuing to play its eternal game of grab?

—Mr. J. J. Anderson, of the Board of Agriculture, made a strong and creditable fight against the committee adopting the Fredericton farm. On his resolution that the

Phrenological.

The July number of the Phreno logical Journal, published by Fowler Mr. Palmer asked for a remission & Wells, New York, is received. Westmorland, and Slipp and Peters, of Queens, to care for the stock and take the proceeds of annual sales not mentioned) who he stated was devoted to the development of the proceeds of annual sales not mentioned) who he stated was devoted to the development of the proceeds of annual sales not mentioned who have the development of the proceeds of annual sales not mentioned who have the proceeds of the procee overtaxed. The Council declined to Phrenology, but it discusses all subestablishment of Fowler & Wells, Agricultural Society have been leasthe vault to give every security will find Mr. Lowe located on To this end, the company intend to

THE SHAD FISHERY in Cumber-THE STOCK FARM.

The Murray Farm Chosen.

A despatch from Fredericton, ated July 5th says:

The Shad Fishery in Cumber land Basin has this year proved almost an entire failure. At Grand Aunee flats, where formerly the catch was 100 bbls. a season, there anything of an improper character. The company declare their aim to be condemuing the compromise, we did not feel called upon to enter upon a war of extermination against Mr.

Townshead.

—The great Northern Pacific Railroad, the bonds of which were sold so extensively in this Province fourteen years ago, seems just at present ret to be in so thriving a condition as we appeared to be justified in looking for a year or a year and a half ago. Its shares, which were then quoted at not very much below par, have fallen over one half and are
