SCOTT ACT IN CARLETON

About seventy cases of alleged violation of Scott Act were before the Carleton County Courts in 1909, and some 60 convictions were made.

SENTENCED TO TWO YEARS

Moncton, Jan. 11.—In Westmorland circuit court Tuesday, Judge McKeown presiding, Ben LeBlanc, of Moncton, was sentenced to two years in the penitentiary for breaking jail.

PUPILS ARE GRATEFUL

The children of the Douglastown schools have sent Hon Samuel Adams, New York, an illuminated letter of appreciation of kindnesses shown them during past years. Mr. Adams, it will be remembered, sends a substantial amount annually for a holiday treat for pupils and teachers.

VALLEY RAILROAD

A mass meeting of the citizens of Gagetown, Hamstead and Cambridge in the interests of the St. John Valley Railway will be held on Tuesday evening, Jan. 18, at 7:30 o'clock in Gagetown. It is to be a purely citizens' meeting and absolutely non-political. The representatives of the county in the Dominion Parliament and local legislature will be invited to be present.

SENTENCED TO THREE MONTHS

David Isner of Moncton was convicted Tuesday of keeping a disorderly house on Main street, and was given a stiff sentence by Magistrate Kay. He was sentenced to three months in jail without the option of a fine, and another three months with the option of paying \$50. Isner, who gave evidence in his own behalf, contradicted flatly the evidence of the girls who told of immoral conduct that took place in the house.

COOPER—HICKEY

The wedding of John Cooper of Newcastle and Miss Mary, only daughter of Mr. and Mrs. John Hickey of Redbank, took place Tuesday afternoon at 2:30 in Redbank Roman Catholic church. Rev. Father Duffy tying the nuptial knot, Frank Dolan and Miss Nellie McEichren of Newcastle acted them. The bride was charmingly attired in cream colored ladies' cloth, with veil and orange blossoms. The bridesmaid wore a brown suit with hat to match. A reception was held in the evening at the residence of the bride's parents, at which a large number of guests were present. Among many elegant and costly presents received by the bride was one of a handsome set of furs from the groom. Mr. and Mrs. Cooper will reside in Newcastle.

A SPECIAL MISSION

A Mission is to be held at the United Baptist Church, Newcastle for a week or perhaps ten days, commencing on Sunday next January 16th. The Baptist Board of New Brunswick has very kindly sent the Rev. C. T. Phillips D.D. to assist the Rev. Dr. Cousins in a series of meetings of an unusual character. There will be no sensationalism, no seeking for denominational aggrandisement, but simply "Plain Talks" on questions of greatest importance to every man and woman in Newcastle. The aim of the Missioners will be to lift up and strengthen human character, to help people to live the best and highest life. The meetings will be noted for three "3's": **Brief, Bright, Brotherly**. There will be singing in which all can join, and everyone will be heartily welcome to all the services. The Rev. Dr. Phillips will preach both morning and evening on Sunday next. The meetings during the following week will commence each evening at 7:30. Hymn books will be provided. Come one, come all.

Are Doctors Any Good?

Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently, but him fully. If we did not believe doctors, we would not have Ayer's Cherry Pectoral for coughs and colds, and we would not offer it to you. Ask your doctor. No medicine is so good as Ayer's Cherry Pectoral. J.C. Ayer & Co., Lowell, Mass.

NEW RAILWAY COMPANY

Notice is given that application will be made to the Legislature for an act incorporating John E. Stewart, Andover; James K. Pinder M. P. P., Southampton, York; Dr. Harry H. McNally, of Fredericton; Dr. A. C. Hagerty, of Ellsworth, Maine; and William E. Trites, of Salisbury, Westmorland, as "The Southampton Railway Company, Limited," for the purpose of constructing and operating a line of railway from a point on the Canadian Pacific Railway to the Pokioik Bridge in the county of York.

\$2,000 FIRE LOSS AT BATHURST

An alarm of fire this morning at 6:35 was rung in for a fire in the house occupied by Jos. Roy, Bathurst, near the Nepisiquit Lumber Co's new mill. The fire department responded promptly, but the fire was far advanced before the alarm was given. The Roy house and another house occupied by Thomas Sullivan, were burned. The adjoining buildings, including the round house of the Carapet Railway were threatened, but the strenuous work of the firemen confined the fire to the first two buildings. Loss was about \$2,000, insured in American companies. The buildings were owned by the Nepisiquit Lumber Company.

A DELIGHTFUL EVENING

"The Pines," the home of Mr. and Mrs. Wm. Witherell, was the scene of a very happy gathering on Thursday evening, the 13th inst., when about 7 o'clock a number of their friends appeared for the purpose of giving them a surprise party. The hours passed rapidly in song, social chat, cards, and other games. About 11 o'clock a recherche luncheon was partaken of, after which Mrs. Osborne Nicholson favored the friends with one of her fine readings. Miss McLean, lately returned from Winnipeg, earlier in the evening sang several good selections, and Mrs. J. W. Miller and Mrs. Nicholson delighted the assembly with piano music. The sparkling wit of some of the ladies present contributed much toward the enjoyment of the evening, and when time to depart arrived, each one expressed her pleasure at having been present. Mr. and Mrs. Witherell admirably sustained their reputation as host and hostess. To Mrs. J. W. Miller belongs the credit of having planned the pleasant function. Those present were Mesdames J. W. Miller, T. A. Clarke, Hamilton, Caie, Osborne Nicholson, H. McLean, F. H. Gough, B. P. Steeves, H. S. Lord, Jas. Falconer, Chas. Call, Thomas Tozer, J. A. Follansbee, Misses Lizzie Russell, Helen Caie, Ethel Falconer, Edith McLean, and May McKeen.

NEGRO WOMAN TURNING WHITE

New York, N. Y., Jan. 11.—The case of Loretta Carpenter, a negress of Oyster Bay, L. I., who is slowly turning white, is puzzling physicians. Save for some dark blotches on her face, she looks like a Caucasian and her hands and arms are as white as those of a white woman. Her hair has become straight and the woman says she expects, if she lives five years longer, to lose all the marks of the Ethiopian. The change in her color began about ten years ago.

Wood pulp may seem to be used for other purposes, some of the most important being in the manufacture of paper. It is also used in the manufacture of matches, and in the production of various other articles. The process of making wood pulp involves the use of strong chemicals, and the resulting product is a fine, fibrous material that is essential to many industries.

SUDDEN DEATH OF DR. JAMES HANNAY

The Well-Known New Brunswick Writer Found Dead in His Room Wednesday Morning—His Career.

Dr. James Hannay, editor, historian, poet and distinguished literary man, was found dead in his room in the Pugsley building, St. John, early Wednesday morning by the Jaintress, Mrs. Warren, who called with his breakfast. Dr. Hannay has not been in good health for several days and as he was unable to go out Mrs. Warren has been taking his meals. When she appeared this morning she was shocked to find him dead on the floor.

Dr. Hannay was born in Richibucto, Kent County, N. B., April 22, 1842. His father was the Rev. James Hannay, minister, at Richibucto, of the Established Church of Scotland. His mother was Jane Salter, member of a family long settled in Hants County, Nova Scotia.

Deceased was educated in Scotland and St. John. In 1866 he was called to the New Brunswick bar. From 1867 to 1875 he was reporter of the Supreme Court, during which time he published two valuable volumes of law reports. From 1875 onwards he was an active journalist.

Dr. Hannay had had a distinguished literary career, publishing several volumes of a very important character, besides dealing in the press with historical episodes. When quite a young man, he wrote poems over the signature of "Saladin" for the St. John Courier and other newspapers, which attracted the attention of a wide and cultured circle of readers. Over his own name he published at intervals the ballads of Acadia, an apostrophe to the River St. John, a number of sketches of the early forts in New Brunswick, and several spirited tales in Stewart's Quarterly, 1867-72. He was the author of numerous ballads and minor poems, short stories, sketches and lectures. In 1875 he published the "Captivity of John Gyles," with notes. His elaborate and scholarly "History of Acadia"—the best work on the subject—appeared in 1879 from the press of J. & A. McMillan, and Sampson, Low & Co., London. In 1888 he wrote "Story of the Queen's Rangers," one of the Loyalist regiments in the war of the Revolution. A History of the War of 1812 was his next serious work, and it was followed by "The Life and Times of Sir Leonard Tilley," published in 1897. He wrote "Wilnot and Tilley" in the "Maker of Canada" series. Last year Dr. Hannay brought out his Ballads of Acadia, and only last month his long promised and valuable History of New Brunswick was published.

In the sentence on Chas. W. Morse one leaman goes to the penitentiary for fifteen years, but think of the thousands who are still at large.

In a couple of weeks Halley's comet will be plainly seen by the naked eye.

SCROFULA

Scrofula disfigures and causes life-long misery. Children become strong and lively when given small doses of Scott's Emulsion every day. The starved body is fed; the swollen glands healed, and the wasted blood vitalized. Good food, fresh air and Scott's Emulsion conquer scrofula and many other blood diseases.

Leaves No Streaks

With ordinary soap you wash—then spend nine-tenths of your time rubbing and polishing—that is if you are extra particular and can take the time.

When you wash your windows, for instance, little streaks of "dirt" seem so hard to get off—it's really the soap—not the dirt—that's the trouble. With Taylor's Borax Soap you wash and rinse, dry once and your glassware sparkles like crystal.

It's all in the borax—the way Taylor blends it in

The soap removes the grease—the borax removes the soap—and there you are!

It's fine for woollens, too. It positively will not shrink them. It brings them out of the wash as soft and fresh as new. Thousands of Canadian women are using Taylor's Borax Soap today. Try a cake at once and know the reasons why.
