THE BABY AND THE WOMAN

Their Bodies Passed by the Glendevon in Midocean.

Nothing to Show what kept the Bodies Afloat — Sixty Miles Apart.

"Oct. 31. lat. 49° 51' N.; long. 35° 57' W.; passed the body of a child at 4 p. m. Nov. l, lat. 48° 11' N.; long. 36° 59' W.; pased

the body of a woman at 10.30 a. m." That is the log of the steamship Glendevon says about two memorable incidents of her last voyage to this country. Glendevon set out from Boston, England, on Oct. 22, bound for New York with a cargo of linseed. Hardly had she got out of Pentland Firth when she met with bad weather. For days she battled against head winds and furious seas, at times barely able to make any progress. bermen; they expect to do much larger For nine days after leaving the Firth the barometer did not rise above 29, and for three days it remained at 28.10. Capt. ness yarding lumber to be put in St. John | Hodge, while he had encountered no

really violent gales, knew that he must be

on the edge of a cyclonic storm, and he kept well to the north, thinking to skirt the hurricane and avoid the worst of it. Two weeks ago the Glendevon was Miss Annie Hoyt has gone to Bangor to visit friends. We join in wishing her a making about eight knots in a very heavy sea, but a favorable wind. The forestaysail was set, but Capt. Hodge, expecting that the wind would veer around at any minute, gave orders to prepare to take it in. He was busily engaged on the bridge at the time, and boatswain Blow was forward at the extreme bow preparatory to taking in the sail. As he was working there he saw a wave larger than the others slowly approaching the ship-a perfect

> nountain of water, whose crest towered high above the decks. Blow stopped to watch it come on. "I was standing there looking at it," said he when telling the story, "when

suddenly I saw on the very crest a child's body.
"My God!" I cried, "there's a baby." "For a minute it hung right over the engineer, who seems to be master of the alleged by Seely that Baker got all but ever see it in life I'd know it immediately situation; James Brothers, of Benton, head sawver and an expert at the business; Charles E. Grant assists Mr. Brothers indefinite time had not the bank officers shoulders was a little white shawl pinned bookkeeping. The new system was to be brown, and, soaked through as it was, vers and put in operation on Thursday last, and floated in long curls in the water. She rive or Seely knew it. The business of the bank lay partly on her side and partly on her
