DULUTH WINS THE THIRD. Winnipeg, Sept. 10—Duluth finally won a game from the Maroons in the post season series today by batting. Speiser hard and fielding brilliantly. The score was 10-2. Eleven men left on base when the home team defeated Taylor but two home runs for the visitors which broke up the game in the early stages. The Maroons started another rally in the sixth but only scored two runs in this time.

Every day there will be one or two or more events and it is safe to say that the thousands of people who have come back to Montreal for a week need never complain of a lack of some form of sport to attend.

Then there will be the annual championship races of the Canadian canoe association run off on the course over Bonaventure park. Special features will be added to this year's regatta in the shape of fancy diving and other special- ized events.

At Avator park of the old boys will have a chance to see the Montreal ball team winding up the season's schedule. The Royals will be at home all during the week, when the final standing in the Eastern Baseball league will be decided.

The great annual track meet under the auspices of the Canadian Amateur Athletic federation will take place on the M.A.A.A. field, with an attendance of 10,000 and track athletes from all parts of Canada and possibly with a few Ameri- can contestants also. The date for this event has until the present been under- ded, whether it should take place on Sep- tember 14 or 15. This is understood.

A lacrosse championship game will be another feature, those over- coming the Shamrocks and Montreal being the contestants. A trap shooting tourna- ment, one of the biggest meet of the kind ever held in Canada; and the lawn- bowling championship meet on the Mon- teal green will help to make up the greatest athletic program that Canada has ever seen.

Then, too, there may be a Mar- thon between long distance runners of such renown as to draw enthusiasts from long distances for that event alone. This plan is, however, yet only in the preparatory stage.

LACROSSE SITUATION. The Calgary lacrosse people are having a great deal of trouble in finding out that it is not good busi- ness or good sport to send the lacrosse team to the west this season. Two meetings have been held, and it was ultimately decided that the team would wait a while before arriving at a decision. In the meantime the boys are going to turn out to practice which will not do them any harm.

The Alberta is quite convinced that this is not the time to go after the cup, and that it will not do the city any good, and it will not do the west any good to have a team which would get eaten up, as the team would be this year. It must be re- membered that there has been a good lacrosse season, and the team has not been playing the game. However strong the team might pos- sibly be, it cannot be expected that a team can be gotten together in a week, practice for another week, and go forth and make a showing against the champion lacrosse team of the west, and right in the unfair grounds of the westerners. It would not be a good business proposition either.

The Vancouver papers say that the people will not turn out to see the game in large numbers until Calgary has shown some claim to be in the front ranks of lacrosse. The Vancouver News-Advertiser says: "Out west every effort is being made to encourage the game, and the interests of the sport would be better served if the officials of the New Westminster club requested the cup trustees to overlook the challenge until such time that Calgary can show that they are entitled to chal- lenge and have a team of sufficient strength to cope with the world's champions. When the Regina Cap- itals came west they had the pick of the east and some of the best players in the game today all lined up with Regina. The first match was closely contested, but in the second game the champions made the Saskatchewan team look like a bunch of juni- ors. History promises to repeat itself if this Calgary challenge is entertained this season. It is not time to give eastern teams a holiday trip out here. The lacrosse enthusiasts in the west have been loyal to all of the clubs this season as the big at- tendances at all of the matches show- ed, but they are not in the least pleased with the prospect of having cup matches between Calgary and the Regina team. It is proposed to divide the profits of the series among the players.

Ward's Call to Arms. Vancouver, B.C., Sept. 8.—A re- sponse to the call to arms of the Empire was that uttered by Sir Joseph Ward, premier of New Zealand, before the Canadian Club this after- noon. Fresh from the naval confer- ence at London, Sir Joseph's address was in the nature of a call to arms, and without the stars that the Regi- na team foolishly collected from the east, would not make as good a showing as the Regina team. I have

faith in the Calgary team, but not to make any kind of showing at the present time, under existing con- ditions against the champions of the world, on the home grounds of the champions—Calgary Albertan.

MANVILLE WINS CHAMPIONSHIP. Manville, Sept. 9.—The Manville baseball team played their last game of the season last Saturday with Erna the track nine from the G.E.P. It was one of the most exciting and hardest fought contests ever seen in Manville. Erna succeeded in crossing the plate first and Manville kept pegging right along and succeeded in winning out by a 4 to 2 score.

Owing to the roughness of the dia- mond both teams had a number of errors chalked up to them, nevertheless Erna has had a very successful season winning twelve games out of fifteen, thus capturing the champion- ship of the C.P. League.

Entry forms may be secured at the Y. M. C. A. office and entries for the first race close on Sept. 20th.

SPRINGS CARNIVAL AT MONTREAL. Montreal, Sept. 11.—The sporting at- tractions which form the Montreal carnivals is repairing for the old home- week, promises to back one of the great- est aggregations of events which any city in the Dominion has ever known. There will be horse races, baseball, lacrosse, boxing, field and track sports, lawn bowling, trap shooting, a Marathon, as well as other features.

Every day there will be one or two or more events and it is safe to say that the thousands of people who have come back to Montreal for a week need never complain of a lack of some form of sport to attend.

Throughout the week of September 13, to 20 will be held the annual autumn meeting of the Montreal Jockey club at the Blue Bonnets track, an event in itself of no mean importance.

Then there will be the annual cham- pionship races of the Canadian canoe association run off on the course over Bonaventure park. Special features will be added to this year's regatta in the shape of fancy diving and other special- ized events.

At Avator park of the old boys will have a chance to see the Montreal ball team winding up the season's schedule. The Royals will be at home all during the week, when the final standing in the Eastern Baseball league will be decided.

LIBERAL PLATFORM WILL APPEAL TO CANADA AND THE EMPIRE

Hon. Geo. P. Graham Declares Government Will Place Before Next Session of Parliament Legislation in Reference to Imperial Ques- tions Which Will be Immensely Popular. Ontario Liberals Awakening

Toronto, Sept. 8.—An explanation of the reasons for issuing a charter to the Metropolitan Racing Association and an account of the proceedings in connection with the matter were the features of an address delivered by the Hon. Charles Murphy, secretary of state, at the annual meeting of the General Reform Association of Ontario today. The minister also took occasion to outline what he considered would be better newspaper work in the interest of the party than the poli- tical present of the Liberal party.

The meeting unanimously decided to call a convention of provincial Liberal during June of next year at which it is intended to formulate a platform for the party. The future of the party was the subject of the address of the Hon. George Graham predicted, so far as the future of the party was concerned, would not be one of retrogression.

"We hope," he said, "during the approaching session of the Dominion parliament to have a program to place before the people of Canada with reference to imperial questions, which will be popular, not only with the peo- ple of this province and of the Domin- ion, but with the entire empire."

"The government is aggressive. It does not make much noise, but when it comes a thing to do it does it and that's the kind of government that will be popular with the people."

The Hon. Chas. Murphy was intro- duced by the president as the "Man- who will become one of the best lead- ers of the Liberal party has ever given to the Dominion."

THE RING. JOHNSON OUTLASSES KAUFMAN. San Francisco, Sept. 7.—Kaufman and Johnson fight proved an interesting exhibition between game and clever men. According to the referee the fight the battle was declared a draw, but Johnson had decidedly the best of the scrap.

Johnson forced the fighting from the start and got a dozen blows before the Michigan man could get a word in. Johnson is a marvel at defensive work, and is peculiarly effective with his punches, although there was no knock down given.

Johnson showed in clinches that he is stronger in the arms than Kaufman. He was able to hold Kaufman in his arms for a long time after the referee wished. Above all Kaufman is game, and time after time, when forced over the ropes, when released the referee would again enter the ring.

At the opening round a full dozen blows were landed by the negro, eye with blood on his forehead, and he was slightly on Johnson's lips. In the next he landed a couple of straight lefts. Johnson grinned and started to work close where were several entanglements and Johnson used a blood-getting out- put which Kaufman bore manfully, ac- cording with a right to the body, which Johnson landed several times and in the fifth round Johnson in the corner, the referee broke the fight. Johnson landed a falling blow Kaufman back, tilting his head with several snappy upper cuts.

Sixth Johnson showed his usual strength in the seventh round by backing and filling again, with Kaufman all the while comacinely busy. In the eighth the champion again got busy, and Kaufman landed several blows, which Johnson took more freely although unable to jar Johnson. During the ninth in a clinching rally Johnson kept his feet free and clouted Kaufman several times in the face, and undoubtedly sought to put his opponent out. The crowd, how- ever, was not so easily fooled, and was doing his best and hooped.

In the last round Johnson's eyes were snapping and he certainly was doing scoring three times to Kaufman's one, forcing Kaufman, probably by superior strength to the ropes. Kaufman still faced as much, however as he did at the start, and there were scattered cheers as the bell rang because he withstood the champion for ten rounds.

Johnson admitted that he had found Kaufman tougher than he had expected. Johnson wasted valuable time in the earlier stages of the fight and from the way his lips parted towards the finish, con- sidered critics thought the negro had the point of administering a knock-out, al- though he undoubtedly tried in two or three of the last rounds.

THE TURF. AMADIS WINS DONCASTER CUP. London, Sept. 10.—The Doncaster Cup, a handicap of 500 sovereigns over two miles and a furlong was won today by Lord Falmouth's Amadis, 10 to 1. M. LEFT FORTUNE TO CHURCH. Father Ducey Continued Pastoral Work to End.

New York, Sept. 9.—The Rev. Father Ducey, founder and pastor of St. Leo's Roman Catholic church, who died yesterday, aged 66, at his country home at St. James L.L., left his entire fortune, a large one, to the church, according to an announcement made here.

"Father Tom" as he was known to the rich and poor alike, continued his pastoral work almost to the end, although he knew death was near. He was one of the most unusual churchmen in America. Early in his career he was known as an "ecclesiastical dandy," but as his work went on he became known by the less frivolous title of "The Priest of the Ghetto."

He was a son of a vibrant and his horses were the fastest of the speedway. He worked in pastures that were his own and some did not understand his way of life. He was always well to the spirit of humanity. He worked day and night in the old days to over- throw the Trevelyan ring, and from pulpit and platform he denounced the graters. When the Lexow investiga- tion was on he was a daily attend- ant at its sessions until ordered by his superiors to abstain himself.

Father Ducey was constantly in an argument with his superiors in the church because of his attitude and tion as to the granting of this char- ter. Every available source of in- formation was exhausted. The secre- tary of state was absent in the far west, the minister of justice was in Britain, the prime minister was also absent. No minister and no respon- sible official in Ottawa could give ade- quate information. The only state- ment obtainable was that of the un- dersecretary of state, upon whom in- formation was obtained by the secre- tary of state. On the basis of this state- ment the Globe condemned the grant- ing of the charter. To say that such a charter was issued in the face of the minister's confirmation and ex- planation does change the essentials of the situation.

From the Globe's point of view it is entirely satisfactory that the larger and more fundamental issue should be raised and faced and fought to a final- ized conclusion. It is gratifying to have the unreserved, emphatic and absolute declaration of the secretary of state: "That with any attempt to put down race track gambling, I am thoroughly in sympathy. If the matter of putting down the evil were brought up in the House there would be no warmer sup- porter of the measure than myself. That is right and entirely satisfactory. In the light that is now inevitable the power of the secretary of state will be full in suppressing an evil that in every province of Canada is one of the most demoralizing and ruin- ous of the vices which are doing down the real integrity and business morality in Canadian life. There is nothing for me but an earnest and vigorous code that will place Canada, in the matter of race track gambling, at least as high as Texas, Louisiana and California."

The speaker also referred to the ques- tion of sewage disposal and pollution of the water systems. This was to his mind a pressing and important question and one that had a very distinct bearing upon the health of the whole commu- nity. He did not see how it was possi- ble for the city council to consider their body and their honor press home the necessity for a solution of it.

So far as the government was concern- ed, he was anxious indeed that their deliberations should result in something practicable and that they would come to conclusions that would be of assistance to the city. Speaking of the two methods of filtra- tion, slow sand filtration and rapid mechanical filtration, Dr. Murray gave it as his opinion that the latter system was better adapted to the conditions prevailing in this country as a whole than slow sand filtration.

The secretary-treasurer in his report referred to the loss sustained by the union in the water supply and purifica- tion of the city. He also referred to the results of enquiries made with re- gard to methods of sewage disposal in American and British cities. Tomorrow the convention will consid- er the report of the resolutions com- mittee and hold the election of officers.

Gomez's Telephone Dictum. Havana, Sept. 10.—President Gomez to- day issued a decree compelling the con- struction of the Havana Telephone Co. for the exclusive right in Havana and em- powering the Cuban Telephone Com- pany, practical an identical concern, to establish local and long distance sys- tems in all the cities and towns of the island, in accordance with the telephone laws passed by congress July 15.

MUST MAKE REPARATION. China Must Pay For Murdered Britisher's Life.

Pekin, Sept. 9.—Sir John Jordan, the British minister to China, with- out waiting for the co-operation of the American Legation, today called on the Foreign Board and demanded re- paration and punishment for the kill- ing last June in Kansu Province, of Hazrat Ali, a British subject. Ali was an Indian surveyor attached to the American expedition to the north- west, and was killed by a Chinese soldier of the Chinese army. He was set upon by Chinese soldiers.

Sir John informed the government that an investigation of the occur- rence had been conducted, and that he demurred, but the Minister was firm in return China asked for reparation for the Chinese killed in the encounter with the members of the expedi- tion.

Mr. Henry P. Fletcher, the Ameri- can Charge d'Affaires, well for inde- pendent action. The apparent lack of co-operation between the British and American legations is due to divergent views of the government of China's responsibility. Mr. Fletcher, however, has given assurance that he will support the British action.

FELL 500 FEET AND LIVES. Miraculous Escape of Mountain Climber Near Aberdeen, Wash. Aberdeen, Wash., Sept. 9.—Plunging into the sea, a man was seen to fall 500 feet from the mountain in the Olympic range, near Lake Cushman, and with his uncon- scious body bounding from crag to crag, he was seen to strike a tree and escaped without a broken bone, is the experience that befell a man named Baker of this city.

In company with several others from this city Mr. Baker climbed the mountain, Ya. About 4 o'clock this morning he started to descend the mountain, but a few steps when Baker lost his footing and plunged over a precipice before the help of his wife and others of the party. However he fell he does not know, but he was rendered unconscious by the fall and in this condition he was rolled down the mountain until finally caught by a bunch of shrubs.

There he lay until found by W. J. Palmerston, who fully expected to find Baker dead. With the applica- tion of snow and ice, Baker was re- vived and a framing of his body was made. It was found necessary to cut stitches in the scalp wound and Baker's body is literally pulp from head to foot.

FATALITY INJURED BY AUTO. Toronto Taxi-Cab Driver Struck by Passing Motor. Toronto, Sept. 9.—Struck by an auto driven by Edgewood Lennox, archdeacon, Harry Smith, a taxi-cab driver, lies terribly cut and in a critical condi- tion in a hospital. He was taken down in the cab of Gilbert Bishop, which was at the scene on the Avenue road hill. Bishop tells this story:— Smith was northbound on the hill when his engine stopped and he was attempting to start it again when Bishop came down the hill in a taxi. Bishop stopped his car and crossed to the other, which stopped close to the car track on the east side of the road- way. Bishop offered to fix Smith's car, and to allow him to do this, Smith got out to the east and stood between his car and the curb. Just then the automobile approached from the south, almost directly behind the stalled taxi. When it was almost upon the car it swerved to the right and struck Smith.

THREE CHILDREN BURNED. Fatal Fire in Summer Cottage Near St. Paul, Minn. Sept. 10.—Fire de- stroyed the summer cottage of Robt. A. Walsh, at White Bear lake this morn- ing. Three children, of a family of thirteen, Constantine, aged 9 months; Robert, aged 4, and John, aged 4, were burned to death. William, aged 10, was terribly burned about the head and chest in an heroic effort to save his little brothers and sisters six be- ing asleep in the second story.
