## Savings' Bank Governors Thanked Hon. Robert Bond for Saving the Bank.

In view of the vicious attacks made by McGrath in the Evening Herald on Sir Robert Bond, and trying to raise a scare about the safety of the money of the people deposited in the Government Savings Bank after next November, when McGrath fears the Government which is subsidizing him heavily will be driven out. The absurdity of the McGrath attacks against the man who saved the Savings Bank, is manifested by the fact that the Governors of the Savings Bank thanked Sir Robert on his success in obtaining a loan for them. It has been published previously in The Evening Telegram and we re-publish it again to-day:

Nfld. Savings Bank,  
Sept. 5th, 1895.  
Dear Sir,—  
I have pleasure in enclosing to you copy of a Resolution of Thanks passed by our Governors yesterday.  
Yours faithfully,  
(Sgd.) E. D. SHEA, Cashier.  
Hon. Robert Bond,  
Colonial Secretary.

Nfld. Savings Bank,  
Sept. 4th, 1895.  
At a meeting of Governors held to-day (present Hon. Dr. J. Greene, Speaker Furlong, Hon. John Harris, Hon. James Angel, Hon. Dr. Skelton, and H. Gear, Esq.), the following Resolutions, proposed by Mr. Greene and seconded by Mr. Speaker, were unanimously passed:—  
Whereas, in May last, when the Savings Bank was in con-

venience for want of a loan, the Hon. Robert Bond, Colonial Secretary, at its request negotiated in Canada a three months loan for \$150,000 at 5 per cent. per annum, two-thirds of which HE COULD OBTAIN ONLY BY RENDERING HIMSELF PERSONALLY RESPONSIBLE FOR TO THE LENDERS;  
And when in London in July last, Mr. Bond again, at the request of this Bank, effected for it another loan of £170,000 stg., at 3½ per cent. per annum interest for 12 months, thus enabling this Bank to pay off all the amount it had borrowed at 5 and 6 per cent., and rearrange for twelve months at 3½ per cent. interest;

And this Bank is aware that these services of Mr. Bond cost him much continued trouble and anxiety, influences adverse to the interest of the colony having worked with very prejudicial effect against his endeavors:—  
Resolved,—That the successful completion of these loans on favorable terms, amid the difficulties with which Mr. Bond had to deal, reflects high credit on his zeal and ability. He had conferred a very valuable service to this Bank and well deserves the grateful acknowledgment of its Governors hereby conveyed to him.  
E. D. SHEA,  
Cashier Savings Bank.

## Out in the Fog.

Yesterday men of experience pre- saged that people who would go out in the country would do so at great risk. Fog alters the landscape so that one does not know where his position is. Yesterday evening a thick fog set in and parties up on the Blackhead Rd. and out down the eastern settlements lost each other and spent anxious hours. Late last night when excursionists were not turning up at their homes there were scared people in this city. As the night advanced the fog became more dense and when it became too search parties set out. The police were appealed to and Inspector Collins despatched Consts. Symonds and Stamp, possibly two of the most capable men in the force, to look for the missing ones. They found several missing people and by midnight all had reached their homes. One woman, a resident of McNeil Street, was missing this morning but it is thought she reached some house and spent the night there. Mr. Andrew Cochrane, of Mr. Michael Duffy's store, had quite an exciting experience. He with some other friends saw the danger and hearing that a neighbour's boy was missing they ranged the hills this morning. They knew the direction he with others took and they kept there until they heard him cry. The poor child was frightened almost to death but despite the fog they soon got to town and restored him to his parents. The lad had become detached from a party of berry pickers he was with. There is a moral in all this. People should refrain from going in the country in foggy weather. Yet people would go yesterday it being a holiday. We have sad experiences of this proclivity amongst our people in the past. Fatalities have occurred. We hope none have occurred on this occasion. Up to 12.30 this

morning most people were accounted for who were out in the country.

## Skillful Treatment.

Editor The Evening Telegram.  
Dear Sir,—I wish to thank Dr. Keegan and staff of the General Hospital, St. John's, Nfld., for the prompt, kindly and skillful manner in which they treated my boy for dislocation of the elbow, caused by falling from a pony's back while riding. He was taken to Grand Falls Hospital and after 26 hours he was placed on the table and an unsuccessful operation was performed. He was then asked to take my poor suffering child to St. John's as I was an outsider. This young Barry was only 11 years old.  
EDWARD B. BERRY.

## The Rifle Club.

A very interesting "shoot" took place at the Rifle Range yesterday morning for the Donegal Badge of the National Rifle Association. This is a bronze medal presented each year to be shot for at the end of the shooting season, and is highly prized by riflemen throughout the Empire. It was won yesterday by Mr. George Langmead, Jr., with the fine score of 89, much under difficult conditions. The shoot was also a try out for the match against the Cornwall which takes place on Friday afternoon next and the result placed Mr. Langmead on the home team. The Club Prize was won by Mr. E. McNab with a score of 88.  
The team for Friday's competition will be:—J. W. Morris, Capt.; W. H. Rennie, L. C. Mews, E. McNab, W. J. Higgins, George Carty, George Langmead, Jr., Eric Ayre.

## Cable News.

Special to Evening Telegram.

COLEBROOK, N.H., To-day.  
Harry K. Thaw slept on American soil last night, barricaded in a hotel room here, after one of the most exciting days of his career. He was for three hours a free man, and during that time drove madly in an automobile for fifty miles through the hills of Vermont, New Hampshire. Near noon he ran into the arms of the New Hampshire Sheriff, and was brought to Colebrook, where he retained Counsel to resist extradition. William Travers Jerome rushed hither on a special train and will take charge of the case for New York State to-day, seeking to have Thaw as a ward of the State, returned to Mattewan, New York, fearing being kidnapped at the hands of the officers from New York, asked for special guard from the chief of police Kelly. Twelve special deputies all armed, were patrolling the street about Thaw's hotel last night. This morning Judge Chamberlain, of the Superior Court, will hear the objections of Thaw's lawyers, for a writ of habeas corpus. The fugitive telegraphed lawyers far and near for the purpose of fighting his return to the bitter end.

OTTAWA, To-day.  
It is stated here that the Duchess of Connaught, notwithstanding reports to the contrary, will accompany the Governor General to Canada, on his return next month after the marriage of Prince Arthur. Cheering reports have been received here of the health of Her Royal Highness, but it is understood she will not take an active part in the social life of the capital as formerly. Great care will have to be taken, guarding against over-exertion on the part of the Duchess, whose continued good health depends upon rest, and freedom from strain. It is understood Princess Patricia will necessarily take a more prominent part in the social side of vice-regal functions. The correspondent is authorized officially to deny the report that the title Duke of Canada will be assumed by Prince Arthur of Connaught. It is stated that in responsible quarters the idea was never entertained. No decision has as yet been made as to the successor of H. R.H., but the name of Lord Methuen is mentioned. Colonel Lovther, Military Secretary of the Duke of Connaught, will leave Canada early next month and will immediately take command of the first battalion of Scots Guards at Aldershot. His successor Major Parquar, Coldstream Guards, will arrive here early next week.

## Minimise The Loss.

Practically farmers may easily minimise the loss, due to a backward and cold season, by the judicious use of Sulphate of Ammonia as a fertilizer.

Sulphate of Ammonia contains over 20 per cent of nitrogen, as against 15 per cent in Nitrate of Soda, and is therefore more than 25 per cent better than nitrate of soda as a means of quickening and increasing the growth of crops.

The use of Sulphate of Ammonia has increased enormously of late years and it is recognized to be the most valuable fertilizer obtainable. By its judicious use the production of root crops per acre may be doubled, and the growth of late crops stimulated.

We invite the attention of Farmers to our special pamphlet on the best methods of using Sulphate, copies of which will be forwarded free to any address on application.

The price of Sulphate is moderate, and our terms are accommodating.

**ST. JOHN'S GAS LIGHT COMPANY.**  
Board of Trade Building, St. John's, July 12.

## By Authority.

His Excellency the Governor has been pleased to recognize provisionally M. Paul-Marie Suzor, as Vice-Consul for France in this Colony.

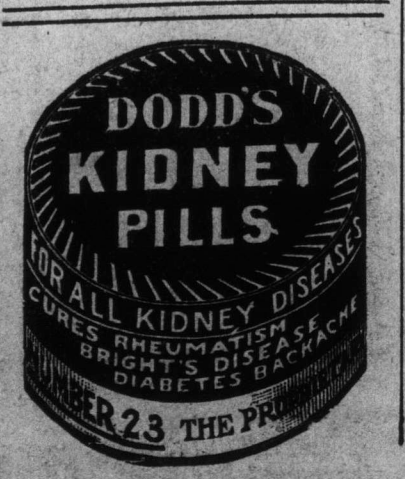

Under the provisions of Chapter 132, of the Consolidated Statutes of Newfoundland (Second Series), entitled "Of the Solemnization of Marriage," His Excellency the Governor has been pleased to issue a License to Celebrate Marriage in the Methodist District of Twillingate, to Alfred J. Penney, Methodist Probationer stationed at Engle.

His Excellency the Governor has been pleased to appoint Mr. Francis Kelly, (Tickle Cove, B.B.), to be a Surveyor of Land; Rev. William R. J. Higgin, (Bay-de-Verde), to be a member of the Church of England Board of Education for the District of Bay-de-Verde, in place of Rev. J. L. Brodie, left the District.

Department of the Colonial Secretary, September 9th, 1913.

## Cape Report.

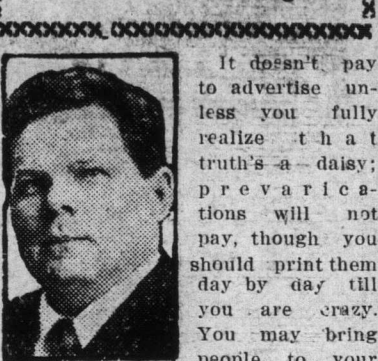

Special to Evening Telegram.  
CAPE RACE, To-day.  
Wind E.N.E., dense fog and rain; a steamer was heard passing at 10 a.m., unknown how bound. Bar. 29.88; Ther. 54.

## St. John's Districts.

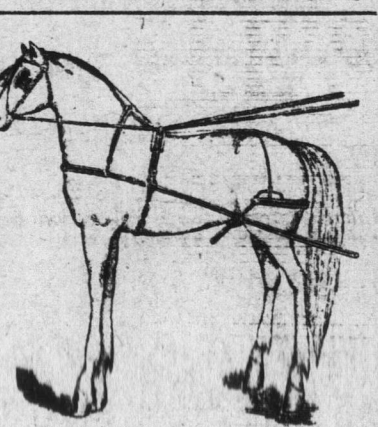

A Court of Revision is now being held in the Magistrate's Court for the revision of Voters of the above districts. Liberals, make a point to see that your names are on the list so that no inconvenience will be occasioned you on Polling Day.

## Some Advertising

It doesn't pay to advertise unless you fully realize that truth's a-daisy; prevarications will not pay, though you should print them day by day till you are crazy. You may bring people to your store but if they come there never more, where is the profit? You should be stable as a church; and if you're on a crooked perch you'd best come off it. The baker advertises bread; he prints his screams in blue and red, and green and crimson; you buy a loaf and find it stale; "It is the worst I ever," you wail, "have set my glims on." And will you to that baker treat to buy some more denatured bread, for next day's dinner? Not on your whiskers! You will say: "I'll fry some other joint to-day, as I'm a slinger!" Old Bilks, the baker man, should see that every loaf is up in G., a perfect product; or customers will fiercely wail: "He should be ridden on a rail, or in the draw ducked." And if his bread is on he thinks he shouldn't scind, through printer's ink, his glist kyoodle; but if his bread is smooth as grease, that ink will bring him joy and peace, and gods of boodle.

## Rossely Star Theatre.

There is a complete change to-night at Rossely's. The Marcus Co. will appear in an all new show, featuring that clever comedian, Tommy Le Vene, and one of the biggest favorites in New York City. A real comedian and one that can get more laughs in five minutes than a great many could get in five nights. He is ably assisted by Miss Alice Melvin, late of Geo. M. Cohan's Co., Shaw and La Mar, known as the fashion plate entertainers, have not made their appearance yet. Harry Rose, the clever ventriloquist, and his wooden-headed partner, Marie Girard, Barnum and Bailey's clever acrobatic dancer; Dave Harris, buck and wing dancer; Baby Queen, the rag-time kid will delight one and all. This company of artists is declared the biggest and best company that has ever appeared at Rossely's theatre.
