THE EASTERN TRUST COMPANY,
Assets \$30,000,000.00. Pitts Bldg., St. John's.

C. L. B. Cadets.

We have grand news from Wabana Company lately. Rev. John Stead, Chaplain, and Major Lindsay are to be congratulated on the results of their Empire Day arrangements. At night assisted by the united dramatic and musical talent of Bell Island the C.L.B. Dramatic Club of Wabana assisted by "W" Company's Brass Band, gave a musical treat as well as dramatizing "The Lights of London." This drama was well enjoyed by all present. We hope our other Companies will take up this means of raising funds and give all those assisting a chance to study the art of elocution and the drama. Congratulations to our crackerjack Company at Wabana, and thanks to all those who helped to make the celebration of Empire night such a success.

At headquarters Tuesday night Col. Goodridge was in command with Major Tait, M.C. and the following officers: Captains, Outerbridge, Miles; Lieutenants, Geo. Hunt, P. B. Rendell, W. R. Mott, Fred Reid, A. B. Ferlin, Lance Hayward, with Harold Hayward, R. G. Ash and A. S. Lewis in mufti. The Battalion paraded for a route march and afterwards Sergt. Major Andrews held his N.C.O.'s Class. Sergt. Major Best also held his class of instruction for privates studying for promotion.

Mr. G. Batten, late Naval Sub-Lieutenant, has been appointed 2nd Lieut. of H. Co. Bay Roberts, and Lieut. Wilson of Bay Roberts Company has been placed on the Reserve of officers. Bandsman W. Smith of K. Co. has been promoted band Sergt. The following lads at Topsail detachment in charge of instructor Sergt. Major Sydney Bursell have been promoted Lance Corporals: Pte. R. Moysa, R. Squires, Ray Moysa, William Bowden and A. Squires. Lieut. M. Job Taylor of A. Co. St. John's, has been granted leave of absence with permission to leave the Colony until October. After this date, June 6 all Thursday parades are cancelled—the Battalion parading only on Tuesdays. The next Church Parade in St. John's will be to St. Mary's Church on Sunday, June 18th, at 11 a.m., service of which all ranks will take notice. Major Williams has been transferred from the post of Battalion Quartermaster, and has been appointed Battalion Correspondent from June 6th. Lieut. W. R. Mott succeeds him as Battalion Quartermaster. The Brigade College under the Headmastership of Lieut. R. G. Ash and Sergt. Johnson, Bachelor of Commercial Science of McGill University, is now closed for their summer vacation and the lads of the school will from date parade on Tuesdays for drill with their respective Companies as arranged by Lieut. Ash.

The Old Comrades held an important meeting Tuesday night under President Chase with Mr. White O.C. as Secretary. Much routine business was done and Lieut. Col. Goodridge with Captain Outerbridge as Military Secretary were present as Hon. Members. We regret to note Old Comrade Blackler, brother of Sergt. Harold Blackler, No. 1, founder of the C.L.B. in Newfoundland is on the casualty list and is invalided to the Sanitarium at Topsail Road under our former Surgeon Major H. Rendell. We note also Sergt. Major Harry Peckham, ex-N.M.D. Regiment, is also a patient there and shows wonderful improvement, and all ranks hope to see Old Comrade Blackler "in the pink" soon. We are all glad to see Pte. Oakley on duty again after his accident.

Mrs. Fraser, President Ladies' C. L.B. Auxiliary, has arranged a Ladies' Bridge to be held on June 20th in the afternoon in the C.L.B. Gymnasium, and the Old Comrades are loaning them their new tables. We are sure their game will be quite a social success. We also understand that the Ladies are going to hold a tent for C.L.B. funds at the annual Regatta.

The Officers' Mess have decided to hold the Annual Camp commencing July 20th, Thursday, returning July 29th, Saturday. Captain Jeffrey of C. Co. will be Camp Commandant. As Captain Jeffrey is a veteran of the C.E. Force and a popular officer this year's successful camp is assured. Major Tait, M.C. Adjutant, has already sent out invitations to all Officers Commanding to send a detachment from each Company to Topsail Camp. All lads outside the city and members of C.L.B. Companies should apply to their officers and arrange for transportation and tent accommodation. Lieut. Mott as the Food Controller will be in charge of camp supplies, so nobody will be hungry. Carry on, C.L.B. Cadets. Carry on!

Our Dumb Animals.

The chief agent, Mr. Jonas Barter, of the S.P.A., gives us the following report for the week ending June 3rd: Prosecuted one man in the East End for ill-treating his horse, and not properly feeding the animal and keeping it in the basement of his dwelling house. Mr. Barter shot one vicious dog at the request of the Magistrate, and shot another dog ill with incurable disease. Received several complaints from persons in the Society and others in reference to horses with sore shoulders, backs, and being lame and attended to them promptly, cautioning the drivers. Also inspected the discharging of 169 head of cattle, 25 sheep, five horses and pigs ex s.a. Canadian Sapper, and saw they were properly fed, watered and housed. He also saw that sick animals were removed on slovens. Inspected 35 head of cattle arriving by railway and saw that they were also fed, watered and housed. He begs to report having received courtesy and prompt compliance with his instructions from all storekeepers and those in charge of wharves and ships in connection with his duties. Any complaints from the general public in respect to ill-treatment of animals may be phoned to No. 654, Mr. Barter's house.

Nickel Again Crowded to the Doors.

TREMENDOUS AUDIENCES WITNESS GREAT PICTURE.

At yesterday's performance of "Ten Nights in a Bar-Room," the Nickel Theatre was again crowded to the doors with enthusiastic spectators. Everybody claims it to be the finest picture seen in many years. A most striking feature of this photoplay is the remarkable acting on the part of Baby Ivy Ward, the seven-year-old heroine of the story. There is nothing of the parrot about this child. For it is seldom that a little girl, even though she can act as this child does, photographs so extraordinarily well. In Ivy Ward, therefore, you have a combination of acting ability, remarkable in one so young, and the rare attribute of photographing exceedingly well. The consequence of all that is that she is a marvelous favorite with women and children and that men also appreciate her. There is an all-star supporting cast headed by John Lowell in this picture, and you see some of the finest acting that has ever found its way to the screen. These people act as if to the manner born—there is rough house stuff at times; any number of exciting fights; a scene on the rapids of a river, which thrills you by its exciting movement, and many other exciting episodes. The picture will again be repeated tonight.

Tarvia Prevents Dust; Tarvia Preserves Roads.

In the United States and Canada Tarvia is the standard by which all other road-binders and preservatives are judged.

Tarvia is made in three grades—"Tarvia X" for road construction, "Tarvia B" for preservation of road surface and "Tarvia K-P" for repairing roads. Both "Tarvia B" and "Tarvia K-P" have been used in St. John's Municipal works for several years.

"Tarvia B" actually enters the road surface, acts as a cement and resists the tear and wear of traffic. By cementing together the dust particles "Tarvia B" prevents the formation of dust.

After the application of "Tarvia B" to a road surface a thin layer of sand should be applied to take care of the excess liquid and to prevent tracking. This layer of sand will prevent horses from slipping and Automobiles from skidding and will prolong the life of the road surface. Broken stone is not as satisfactory or as economical as sand for this purpose.

A road after being treated with "Tarvia B" does not become muddy in rainy weather, but sheds the water and dries off quickly after the rain, leaving the road in admirable condition while untreated roads are still deep with mud.

"Tarvia B" surfacing should be applied annually but only when roads are in good condition and free from surplus dust. All holes and depressions should be repaired with fine broken stone and "Tarvia K-P."

When "Tarvia B" is applied by mechanical sprinker, care should be taken to have men with brooms and hand sprinklers go over the ground so that excess "Tarvia B" may be brushed out and not allowed to run waste and so that bare spots be treated and the entire road surface secured.

A loose, "happy-go-lucky" application is sheer waste of time and money, "whatever is worth doing, is worth doing well."

"Tarvia B" is admirably adapted for the treatment of sidewalks and walks in parks, hospital grounds and cemeteries. Wooden planking of bridges will last longer if treated with "Tarvia B." Fence posts, sills and houses etc., will be greatly benefited by treatment with "Tarvia B." Further particulars will be gladly given upon application to:
