If rumor is right, Mr. Editor, "Watch Dog" is just a tool in the hands of our Mayor. I tell you, Sir, Greenspond is fed up on this one-man rule. The people here are indignant over Southworth series, 13c. each, Postage the manner in which the public af- | 2c. extra, at G. KNOWLING, LTD. fairs are handled. Frankly, Greenspond voters are glad that the time has come to put the great Chief, Coaker, and his colleagues into political oblivion. I have no hesitation in stating that from Greenspond to Cape Freels the electors are practically solid for Bennett and his party. I only wish, Sir, that Mr. A. E. Hickman, Sir J. C. Crosbie or Mr. Walter Monroe will stand for this district. I saw by the public news yesterday, was broken up by the men cheering for Coaker and Squires. FISHERMEN NO LONGER STAND FOR IT.

ARTICLE NVIL The Union back writer is feeling to crawl into holes and hope that the nection with Coaker's dirty work and and will show them up in the right time. Our course is an open and above board one, and we defy Coaker or any of his clique to drive us from stand up to our guns, and show up the hollowness and insincerity of Coaker's doings. He is doing the fishermen more harm than good. The are every day realizing it and leaving the Union ranks in hundreds. They see that there is nothing behind Coak-

Never was one, and everything that he pu his hand to became a failure. He made a complete failure of the seal fishery by his foolish rules and regulations. We are strongly in favor of seal fishery. Water always finds its own level. Coaker will find his level bye-and-bye we have not the least doubt. Now we say with all the sincerity of our hearts, that if we believe that Coaker was going to do any good for the fishermen of this country we would back him up with our see any good coming because politics. is the big end of the movement on Coaker's part. Use SUNLIGHT SOAP and Save Your Money!

Sunlight Soap is so pure that it will not injure even a baby's tender skin. You cannot get better Soap than Sunlight, even though you pay twice its price. Sunlight Soap being all pure Soap, is really cheaper than inferior, adulterated soaps.

Here are the Proofs:

When you buy a bar of Sunlight Soap for 15 cents you get 12 ounces of pure Soap, whereas when you buy an 8 ounce bar of adulterated soap for ten cents, you get only 6 ounces of soap and 2 ounces of adulterant, therefore the adulterated soap costs you 20 cents for 12 ounces of

If you take a twelve ounce bar of Sunlight Soap and cut it into 2 pieces, one piece weighing 8 ounces and the other piece weighing 4 ounces. The 8 ounce piece of Sunlight cost you 10 cents, and the 4 ounce piece cost you 5 cents, and each piece is pure Sunlight Soap.

Where can you buy 8 ounces of pure soap for less than 10 cents? Where can you buy 4 ounces of pure soap for less than 5 cents?

Use Sunlight Soap for washing your clothes because it is the purest soap and because it will not injure your clothing.
Use Sunlight Soap for scrubbing your floors, because being all pure soap it is really the cheapest soap you can buy.

Sunlight Soap is made and guaranteed by Lever Bros., Ltd., soap makers by appointment to His Majesty King George V. Lever's Guarantee reads as follows: 1,000 Pounds (or \$5,000.00) will be paid to anyone proving Sunlight Soap to contain any injurious chemicals or adulterants.

Soap which costs less than SUNLIGHT is worth less!
