FIVE VICTIMS

To the Frenzy of a Drunken New York Policeman.

New York, Aug. 12.—Policeman Harry M. Hawley, of the tenderloin district, while in a fit of drunken rage today, shot his wife, his mother (Mrs. Mary Hay), his son, 4 years old, and his daughter, 6 years old. He then shot himself in the head. He was removed to Bellevue Hospital, where he died soon afterwards.

The others were taken to the New York Police Hospital. Policeman Schottmeyer, of the Broadway squad, was informed about noon by some workmen that a revolver had been found in the back room of a house on Sixth avenue, between Thirty and Thirty-Seventh streets. Schottmeyer hastened to the place, and there he found Hawley, who was a policeman, and inquired about the shots.

Hawley, "Just wait a minute and I'll open the door," said Schottmeyer.

At that minute the men heard two shots, and bursting in the door a horrible spectacle met their eyes. Two children lay in the passage connecting the parlor with the next room, with blood oozing from ugly wounds in their heads. Hawley and his wife were found in the dining-room. Both were stretched out on the floor, their bodies lying in pools of blood.

The two policemen proceeded to the front door of the apartments, and Hawley was again asked to open the door.

"The Door Is Closed" Trusses!

Salisbury Scored by All the London Papers

For Weakness in Dealing With the Chinese Question.

"These Repeated Humiliations Becoming Intolerable."

Belgium Takes Sides With Russia Against Great Britain.

France More Than Likely to Support Russia in the Event of War.

Bourgeois Victims Found and Buried at Sea—General Cable News.

London, Aug. 12.—All the leading papers, including the supporters of the government, attack Lord Salisbury for weakness in dealing with the Chinese question. The Daily Chronicle says: "What is to be the result nobody can say. There is room for the gloomiest forebodings. Does the country realize that for want of a little foresight and firmness Great Britain may ere long be PLUNGED INTO A COLOSSAL WAR such, without the least doubt or exaggeration, is the appalling possibility."

The Daily Mail says: "The door is closed. The proudly boasted British lion does not exist in the Yangtze Valley. It is a mistake, and looking to what Lord Salisbury has done in Egypt, his failure in China is inexplicable."

The Standard says: "These repeated humiliations are becoming intolerable."

FRENCH COMMENT

Paris, Aug. 12.—The papers are full of the significance of the Chinese question. The Matin says: "In China the greatest game in the world is being played, and French intervention should be efficacious and decisive."

The soir has a sensational article headed "War between England and Russia imminent."

The Journal Des Debats says: "England is now seeking an arrangement with Russia. That understanding is impossible unless Russia remains mistress of the north, and England is insured her influence on the Yangtze River. In short, the lines of the section are beginning to be marked along which the disruption would occur."

WHENEVER CHINA FALLS TO RUSSIA.

Clearly neither France, Germany or Japan could hold aloof from such an agreement."

The article hints that France would support Russia in the event of war, and says in conclusion: "France would be content with the southern provinces bordering on Tonquin."

BELGIUM AGAINST BRITAIN.

Shanghai, Aug. 12.—A dispatch from Pekin, dated today, says that an imperial edict has finally issued sanctioning the Belgian loan for the construction of the railway line from Pekin to Han-Kau, despite the veto of Sir Claude Macdonald, the British minister.

London, Aug. 12.—The Pekin correspondent of the Times says: "Baron de Vinck, the Belgian minister, yesterday sent a dispatch to the Tsung Li Yamen, asserting that M. Pavloff, the Russian charge d'affaires, and M. Gerard, the French minister, had joined him in urging the Tsung Li Yamen to disregard the attempt of the British minister, Sir Claude Macdonald, to prevent the ratification of the Pekin-Hankau contract. It is confidently asserted that, despite the British endeavor to obtain a revision of the contract, an imperial decree will be issued forthwith for its ratification. The unfriendly role of the Belgian minister throughout merits the strongest condemnation."

MILITARY ACTIVITY IN DENMARK.

A sensation has been caused by the sudden measures that are being taken to place the sea forts of Copenhagen in a state of military efficiency. It is supposed that these measures are due to fears of a conflict between Great Britain and Russia. The official organ announces that the Government of Denmark has expended 50,000 crowns in ammunition and awaits an additional grant by parliament.

SALISBURY SUITS THE RUSSIANS.

St. Petersburg, Aug. 12.—Following in the footsteps of the Novosti, the Novoye Vremya eulogizes the Marquis of Salisbury for the wisdom with which he keeps in check the Russophobe outbreak of members of his party and the prudence with which he endeavors to obviate all pretext for misunderstanding between Great Britain and Russia.

The paper says it observes that "Unfortunately more than half the British public share Mr. Chamberlain's views," but cannot understand "Why the Russophobes are apprehensive of the Russians at Port Arthur." The Novoye Vremya then says: "The results of the Russian position at Port Arthur and Ta-Lien-Wan will not show themselves for some time to come. A considerable period must elapse before these ports can serve the purposes for which they were intended by the Russian foreign policy, that of providing a permanent outlet in the Pacific Ocean."
