**ALD. RICHTER WILL
GIVE CITY FAIR PLAY**
Street Lighting Account Will Not Be
Paid For a While.

The street lighting account has not yet been paid, and Ald. Richter has not expressed any willingness to have the city pay it. Some time ago, the water commissioners sent in a bill.

"Let them sue for the account," decided Ald. Richter today. "If they think it is coming to them, let them try to get it. Perhaps, then, we would find out something about the management of the business."

From present indications, the account will not be settled until such a time as the Hydro-Electric Commission meet and hear the complaint of the city council regarding the charges for street lighting. This session was promised by the commissioners many weeks ago, but it has never been held.

Ald. Richter is prepared to discuss the question with the commissioners, but they apparently have no desire to discuss it with him.

The election of officers will be held this afternoon if the attendance warrants it. The auditors presented the financial report, and showed that there was a substantial balance in the treasury.

Philanthropic Lady Receives Hundreds
of Gifts From Those She
Has Helped.

[Canadian Press.]
New York, Jan. 21.—While being showered with gifts herself and with preparations for her wedding, Miss Helen Gould has made the army of homeless men in New York happy with the announcement that they will receive a treat tomorrow at her expense. Tomorrow is the day of her marriage to Finley J. Shepard, of St. Louis, at Lyndhurst, her country home, near Tarrytown. The feast for the poor will be served today at a thousand men in the basement of the Bowery Mission, in whose work Miss Gould has long been interested. A musical entertainment will be provided also.

Miss Gould's plan, which was announced yesterday afternoon while messengers were besieging her house bearing wedding gifts by the hundreds. Some of the packages, it is assumed, came from the Bowery, where she has made many friends in her philanthropic work. One present was a silver dish sent by 257 girls of the Bride's Sewing School.

Miss Gould and her fiancé have a little sister, Helen and Dorothy, who will be flower girls at the wedding, and Louis J. Shepard, who will act as best man for his brother, went to Lyndhurst today to rehearse for the wedding. It was reported today that the number of guests invited to the ceremony tomorrow is not more than 75, including all the members of the Gould and Shepard families, except Mr. Shepard's mother, who is ill.

**THREW FIRECRACKER INTO
LADIES' WAITING ROOM**
Ingersoll Boys Will Have to
Appear in the Police
Court.

[Special to The Advertiser.]
Ingersoll, Jan. 21.—Three local boys have been summoned to appear in the police court tomorrow on charges of disorderly conduct by throwing firecrackers in the ladies' waiting-room at the Jubilee rink. It is claimed the boys threw three firecrackers last night by Mr. Handford. A number of the young men of the Methodist Church and a few other friends were entertained at an oyster supper at the rink last night by Mr. Handford. A splendid feast was provided in keeping with the generosity of Mr. Handford, and the occasion proved most enjoyable.

HAD A GOOD YEAR.
A splendid financial report of the affairs of the church of the Sacred Heart has just been presented by the pastor, Rev. Father Guerin. It shows that the total receipts from all sources amounted to \$8,300. Over \$5,000 was paid in contributions, and the property is not encumbered in the diocese. St. John's Club has also proved a very successful undertaking, as fifty per cent of the initial cost has been paid off.

Since coming to Ingersoll, Rev. Father Guerin has been a most energetic worker and has done much to improve the property of the church.

ELECTED OFFICERS.
The annual meeting of the Ingersoll Rural Cemetery Company was held in the council chamber yesterday afternoon. The reports presented by the president and the secretary-treasurer were very satisfactory. Improvements to the cemetery property during the present year are under consideration. The following officers were elected: President, Walter Miller; secretary-treasurer, D. G. Cuthbertson; auditor, W. H. Beatty. Property committee—J. F. Morrey (chairman), Wm. Dundas, C. C. L. Wilson, H. Richardson, H. E. Robinson, John E. Poles.

A NEW RECORD
Big Coal Ferry Taking Advantage of
the Open Winter.

[Special to The Advertiser.]
Port Stanley, Jan. 21.—The Marquette and Bessmer coal ferry has, owing to the unusually mild weather and absence of ice in the lake, been able to make 27 round trips this morning. Last year in January the big coal ferry was frozen solidly in the ice, and did not move again for many weeks.

MADIA SURRENDERS
Was Owner of Garage Where Chicago
Auto Bandits Met.

[Canadian Press.]
Chicago, Jan. 21.—Frank Madia, owner of the Michigan avenue garage which was headquarters of the automobile bandits, surrendered to the police today while the entire force was in the midst of its search for Robt. Webb, the gang chauffeur who last yesterday shot and killed Detective Peter Hart.

Madia was surrendered by his attorney, and the attorney told the police that he knew of the desperadoes, who for weeks have laughed at the police, and were levellers to all who stood in their way. Madia, who is said to have acted as the agent of the automobile robbers in disposing of stolen property, told the police that on one occasion he purchased six diamond rings from James R. Perry, confessed leader of the gang, for which he paid him \$65. Later he purchased a gold watch from him for \$4.

After murdering Detective Hart with the officer's own revolver, Webb made his fourth escape in eleven days. He was one of the crew that shot Police-Constable Frederick Strick on Jan. 9. On Jan. 14 he jumped from a window and eluded the police; last Saturday he was arrested and released on the bond of Madia, gang headquarters keeper, and yesterday he killed Hart and fled.

SAM HUGHES AND MONTREAL
Deputation of Aldermen to Call Upon
the Minister.

[Canadian Press.]
Montreal, Jan. 21.—The militia authorities have succeeded in getting the city council of Montreal, which has manifested a spirit of animosity towards the local regiments, into a better frame of mind. One of the council's opposition to the militia was found in the construction of an armory on Esplanade avenue. Notice of motion was given at yesterday's council meeting to amend the bylaw so that the armory can be built. A delegation of Montreal aldermen went to Ottawa before Sam Hughes, minister of militia, with a view to establishing a better feeling between his department and the city.

**HIGH POWER COST DRIVES LONDON
CAPITAL TO POINTS NEARER FALLS**
Messrs. Pocock and Hunt Have Large Industries at Merritton
and Port Dalhousie, Where Power Is Secured for \$8 a
Horsepower for Twenty-Four Hours.

That the rate of power in London, as compared to that enjoyed by municipalities closer to Niagara Falls, is the cause of this city's failure to secure several large industries in which Londoners are largely interested, is believed by many business men.

Mr. Philip Pocock, chairman of the waterworks commission in this city, is president of the Independent Rubber Company at Merritton. This company has been organized within the last few years and has large factories, employing several hundred men. The fact is that this company secures its power in the neighborhood of \$3 per horsepower, and that London would have had a large industry if it had not been for the high price of power here.

Mr. Pocock and his colleagues did not see fit to pay \$28 a horsepower when they could get it for less than a third the price.

HUNT MILLS Big Industry.
Then there are the large mills operated by Messrs. Hunt, of this city, at Port Dalhousie. This industry secures power for \$8 for 24 hours, and it is

not to be wondered at that when it was planned to build the place, the mills went to Port Dalhousie, where power was cheap, and not to London, where they would have been located, no doubt, under equal conditions.

For 24-hour power in London a manufacturer today would have to pay in the neighborhood of \$41, with 10 per cent discount. For an industry such as a mill, which requires a large amount of power, it is not to be wondered at that London does not secure these industries as much as the owners of them might want them to locate here. As sagacious businessmen, it would be against their interests to bring their plants to this city.

A scheme to get the industries, as a whole, to the city, is being pushed by a committee have not been able to secure one industry during the last year, and it is generally acknowledged that the power handicap is the chief one.

**RAPIDLY MARCHING
TOWARDS PEACE**
London Diplomatic Circles See
Early Solution of Balkan
Problems.

PORTER'S NEW PROPOSAL
Want Holy Places of Adrianople and
Caliph's Tombs Ruled by Ot-
toman Prince.

[Canadian Press.]
New York, Jan. 21.—A cable to the Herald from London this morning says:

In diplomatic circles little doubt is left that a solution of the problems between Turkey and the Balkan States will be arrived at, and it will be in accordance with the desires of the powers.

The next meeting of the ambassadors and Sir Edward Grey takes place here tomorrow, when the French and Russian ambassadors, who are stopping with King George at Windsor Castle, will have returned.

The Daily Telegraph's Constantinople correspondent states that a well-informed diplomatist said:

"We are marching rapidly toward peace, which will be signed in ten days."

The correspondent adds:

"I am informed that the Porte has proposed to Sir Edward Grey, for communication to the ambassadors here, that Adrianople's holy places and the tombs of the caliphs shall enjoy extra-territoriality, and be administered by an Ottoman prince."

**URGES BETTER HOUSING
AND TOWN PLANNING**
Dr. Hodgetts Urges the Need
of Passing Special
Legislation.

[Canadian Press.]
Ottawa, Jan. 21.—To stimulate better housing and town planning, Dr. C. A. Hodgetts, medical officer for the conservation commission, advised at the fourth annual meeting of that body, which opened here today, that a national housing and town planning congress be held in Ottawa as soon as possible. He suggested that it would be a good thing to secure the attendance of one or more of the officers of the local government board of Great Britain.

Senator W. C. Edwards is acting as chairman of the meeting, which will be in session until tomorrow evening.

Hon. Clifford Sifton, chairman of the commission, is away in England. There are delegates from several outside towns and cities, and subjects on every branch of the conservation of the natural resources will be discussed. Dr. Hodgetts addressed the meeting on public health and submitted a report of the work he had done for the commission during the past year.

He referred to the agitation which has been manifested recently to stop the pollution of the waterways of Canada and to the legislation proposed to prevent such pollution. He said that the evils consequent upon faulty planning and improper housing were duly emphasized. "What is wanted in every province in Canada," said Dr. Hodgetts, "is a town-planning act as soon as a townsite is fixed upon."

Dr. Hodgetts also recommended the need of securing uniform statistics relating to births, deaths and marriages. "Ontario," he said, "leads in the collection and compilation of such statistics. Manitoba, too, is up to date in the matter." It was suggested that federal legislation be passed at once to establish the federal department of health as proposed by Hon. Dr. Roche. Dr. Hodgetts called the attention of the meeting to the grave situation which exists in Canada from a public health standpoint, owing to the enormous influx of foreign immigrants. Slums and their companion evils are springing up on every hand as a result of the herding together of these people.

**WASHINGTON STIRRED
BY SHARPE'S WORDS**
American Naval Chief's Reply
to the Charges of
Degeneracy.

[Canadian Press.]
Montreal, Jan. 21.—A Washington dispatch to the Gazette says:

Great indignation has been created in Washington by the speech that Major "Sam" Sharpe, in the House of Commons at Ottawa, to the effect that "few native Americans sign for the navy," and that those who do are "desperate, no good socially, morally or otherwise," and finally, "that the navy becomes a home for degenerates and moral degenerates, deserters from foreign ships."

The speech of Major Sharpe was the topic of conversation in the Army and Navy Clubs, where the members were vigorous in characterizing Major Sharpe as uninformed or else malicious. Admiral Dewey, hero of Manila Bay, took occasion to say that the men of the United States Navy were of the highest character, morally and physically, and that they were a credit to the United States. He said he had never met a finer body of men.

Rear-Admiral Andrews, aide to the secretary of the navy and chief of the bureau of navigation, said that the charge that few native Americans enter the navy, except those who are desperate and morally unfit, and that the navy welcomes deserters from foreign fleets, is "unqualifiedly untrue."

**NAVY TUGBOATS FOR
U. S. ON GREAT LAKES**
Navy Department Asks For
More Training Ships of
Modern Construction.

[Canadian Press.]
Washington, Jan. 21.—With a view to strengthening the naval militia organizations of the great lakes, the United States navy department has recommended more training vessels of modern construction for the sailing of the inland seas and a plan is being worked out for the establishment of a school of instruction for militia officers. The great lakes are a fruitful recruiting ground for the navy, and the existence of the militia, as a reserve in case of war, is being fostered by the department.

The construction of eight militia ships is asked for by the department officials. These would be small tugboats to be used by the States for practice purposes and would be mobilized with the regular fleet of the navy in time of war. The plans for the officers' school are nearing completion, and will be submitted to Secretary of the Navy Meyer in the near future.

DISTRESSING SPECTACLE
Dead Body Lay on Montreal Street for
More Than an Hour.

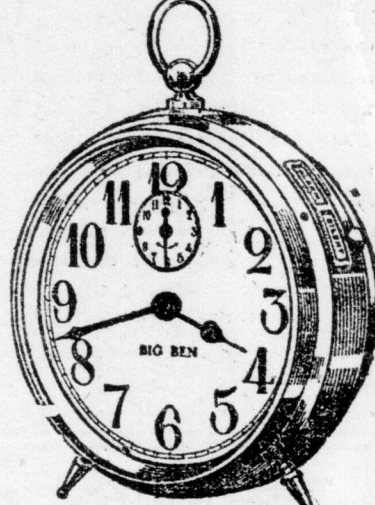

[Canadian Press.]
Montreal, Jan. 21.—The spectacle of a man's body lying in the street for an hour and ten minutes before it was removed by the morgue authorities, was witnessed yesterday afternoon by thousands of people, and at one time a band of men threatened to take upon themselves the care of the remains as a protest against the carelessness of the authorities. The body was that of George Griggley, aged 50, Overdale avenue, who dropped dead. An ambulance was called, but when it was found that the man was dead, those in charge of it refused to take the body. The morgue was at once notified, but was unable to send a sleigh for the remains for over an hour. An enormous crowd collected, and the policemen who undertook to guard the body finally removed it to a building to prevent sympathizers taking charge of it.
