

## SPORT a la CARTE

by C. S. G.

Few think that Bob Dibble intentionally fouled Belyea at the finish of the senior singles at the Canadian Henley. Some of the Toronto writers think that he may have tried that strategy of giving the St. Johns man backwash and then been overcome. Three times wounded in France, Dibble came back to try and regain the form that made him one of the world's greatest scullers, but he has failed at an impossible task.

There are many who think Willis has a big responsibility on his head in his bungling fight with Dempsey, and that is dissipating the cloud that has hung over colored fighting ever since Johnson's reign. Even at that time Johnson was no race prejudice in the ring. Little of it for George Dixon, Joe Gans, Joe Walcott, Sam Langford, Joe Jeannette, Peter Jackson were sportsmen of the first water, and earned the respect and admiration of the followers of their day.

Johnson's career both inside the ring and outside of it was so open to criticism that it cast an unbecoming cloud over his life. A very little known fact is that Johnson hit Belyea on the command "break" in the boat at Sydney in the first round, knocking him down and putting him in a half dazed state.

Referee McIntosh has since said that had he known the Canadian was hurt so badly at the time he would have disqualified Johnson. This was one of the last of many despicable tricks Johnson was guilty of during his fighting career.

The Tees are here for 15 straight times on the home lot yesterday's postponement will mean a double with the Wolves on Wednesday.

Buzz hopes with this stretch at home to reach second place, and with the second series pace now in his hands, he should realize his dream. There will likely be further changes though.

One New York writer finds that Leonard lacks the confidence that made him a marvel, but any fighter that batters in as much money as the lightweight champ did the other night for an hour's work hasn't lost his nerve anyway.

Playfellow, the \$100,000 "cribber," full brother of Man of War, has been returned to his former owner who has been handed over a check for that amount plus \$2,000 interest. Which proves that it's much harder to be a lovable David Harum when the amounts reach six figures.

Soldier Jones, who lost a decision to Cook, the Australian, in the English. He had the soup and nuts and the audience of the National Sporting Club roared with laughter while he ought to have been roasting Cook to sleep.

The soldier didn't get much time to be humorous on this side.

OWEN SOUND WINS W.F.A. ROUND 5-2

OWEN SOUND, July 31.—Owen Sound tonight defeated Brussels in the return game of the W. F. A. finals by 4 to 1.

Ad won the round by 5 to 2. The game was rather interesting at first.

As the visitors scored the first goal, and a fair share of the play for about 15 minutes, when the locals started to move from then on the visitors were in danger.

The Owen Sound goalkeeper did not have to stop a shot until the second half, when a large attendance. Frank Kelley of Owen Sound handled the game satisfactorily.

The following is the line-up of Owen Sound.

Goal ..... Denison  
Fullback ..... Grant  
Halfback ..... White  
Forward ..... Bowman  
Goalkeeper ..... Melbourn

Brussels  
Goal ..... Denison  
Fullback ..... Grant  
Halfback ..... White  
Forward ..... Bowman  
Goalkeeper ..... Melbourn

Referee—Frank Kelley, Listowel.

BONAR LAW OPENS CHESS TOURNAMENT IN LONDON

LONDON, July 31.—Andrew Bonar Law, Unionist leader in the House of Commons, is officially opening the international chess tournament today.

which will decide the world's champion. Law said chess players were not their kind of people, but that their moves were irrefragable, and that they moved with circumspection, but that politicians sometimes became so adept at evading the consequences of their follies that they took no pains to avoid getting themselves into messes.

The former chancellor of the exchequer said that during the war he had some recreation which required such complete concentration as the duties that grave preoccupations of the war had taken him from his home and after trying many others he had found chess the ideal diversion.

The largest crowd of spectators gathered around the board when Capablanca, with the blacks, had Euwe of Holland as his opponent. The first move to be finished was that between Euwe and Capablanca, which was a Maroczy of Budapest, and M. Maroczy of Czechoslovakia, which was a draw after 14 moves.

Joe R. Capablanca, the world's champion chess master, defeated M. Euwe of Holland in the first round.

Other results of the play in the first round were victories for M. Sposko of Poland over V. L. White of England; D. Bogolubov of Russia, over H. E. Atkins, England; and A. Alekhine, Russia, over David E. Maroczy, Hungary, and R. Reti, Hungary, and G. Maroczy, Hungary, and M. Vidmar, Slovenia.

## DISCUSS COAL SUPPLY CRISIS

Canadian Manufacturers, Rail Representatives, Dealers Meet in Toronto.

Fear Ontario, Manitoba and Quebec Face Very Serious Problems.

TORONTO, July 31.—Officials of the Ontario division of the Canadian Manufacturers' Association met in conference today with representatives of the various coal dealers, the Grand Trunk, Canadian Pacific and Canadian National Railways, the Canada Steamship Lines and the Canadian Government Merchant Marine, to discuss the problem of the coal supply.

It was finally decided that the various organizations mentioned above should appoint representatives to a sub-committee, vested with full power to act as they may see fit in the common interest.

Statistics, prepared by the mining, metallurgical and chemical branch of the Dominion Bureau of Statistics, showed that any possible shortage would be confined to Ontario, Quebec and part of Manitoba, since the other provinces supplied themselves with bituminous coal.

In 1921 Nova Scotia produced, in addition to that consumed within the province, 2,100,000 tons of bituminous coal. Alberta, 1,700,000 tons of bituminous and lignite; British Columbia, 1,100,000 tons of bituminous. Of this surplus approximately 5,000,000 tons, 2,000,000 were exported, and 3,000,000 consumed in Canada.

According to the statement, Ontario will require before the end of the year, in addition to supplies delivered up to the present, from nine to ten million tons of bituminous coal and two million tons of anthracite. Similarly, Quebec, will need two and one-half million tons of bituminous and one million of anthracite. It is expected that Nova Scotia will supply one and one-half million tons of bituminous coal to Quebec before the close of navigation.

MANITOBA ENJOYS IDEAL HARVESTING WEATHER

BRANDON, Man., July 31.—Ideal weather prevails for harvest operations, and cutting will be general in the Brandon district by the middle of next week. Wheat harvesting has been started at Douglas, and many other districts near Brandon expect to commence about Wednesday of this week.

Farmers report the wheat turning a good color, and the heads filling out well. Rye-cutting is about finished, and many farmers are busy threshing it. The oats and barley harvest has also started in some districts.

Passes Resolution Hoping Authorities Would Establish Organization to Handle Year's Crop.

WINNIPEG, July 31.—Expressing its willingness to assist in making the operations of a Canadian wheat board a success, the Canadian Council of Agriculture, at the first session of its summer meeting here today, passed a resolution hoping that the provincial and federal authorities, by co-operation, would establish a workable organization in time to handle this year's crop.

No action was taken today regarding the Ontario proposal that the council be divided into eastern and western sections, nor the appointment of a successor to Secretary Norman P. Lambert, who has resigned.

W. W. Wood, president of the United Farmers of Alberta, is presiding. The council will meet again tomorrow morning.

POLICE WARN 25 LACHINE BATHERS

MONTREAL, July 31.—The Lachine police swooped upon the lake shore yesterday afternoon in a raid against persons in immodest bathing garments, and as a result 25 men, women, boys and girls were ordered from the cool water to the blistering wharf, and sternly told to dress and to dress quickly.

The bathers, on emerging from the lake, formed a weird parade in B. V. D.s, shorts and attenuated bathing suits. They were warned that further offense would mean the lock-up.

CUSTOMS AND EXCISE REVENUES INCREASE

OTTAWA, July 31.—(By Canadian Press).—Customs and excise revenue for the month of July, 1922, shows an increase of \$3,262,500.55 over July of last year, according to a statement compiled by the customs department today.

Revenue for July this year amounted to \$22,787,756.84.

YANKEES BUY BUFFALO CATCHER

BUFFALO, July 31.—Sale to the New York Yankees of Johnny Bengough, catcher, was announced today by the management of the Buffalo International League team. The deal is said to involve five players and a cash consideration and will become effective after the close of the 1922 International season.

Claims Every Track In Ontario Loses Money.

TORONTO, July 31.—"Every track in the province is losing money this year; not one of them made a cent on the money invested."

Such was the statement of Sam McBride, president of the Kenilworth Park Racing Association, who announced that the track is for sale to the highest bidder, and further stated that he believed that every race track in Ontario is for sale to the highest bidder.

"If I had anything to say," said Mr. McBride today, "I would say to the race track men: 'Close up your tracks and let the government wait for their money.' Net one track is making money, and it is all because of the way the Ontario government has gone after the race tracks. If they want to close up the tracks why don't they cancel the charters?"

## Mrs. Martha Ann Black, 108 Years of Age, Chatham's Oldest Resident, Dies

Special to London Advertiser. CHATHAM, July 31.—Mrs. Martha Ann Black, Chatham's oldest citizen, aged 108 years, died yesterday afternoon at the residence of her daughter, Mrs. Martha Jones, 267 Park avenue east.

She was the wife of the late William Black of Raleigh Township, and was a well-known colored resident of the city. For the past eight months Mrs. Black has been ailing, and owing to her advanced age, death was not wholly unexpected.

The late Mrs. Black was born in Paris, Kentucky, in the year 1814, and had resided with her daughter for the past 20 years. Previous to that she had lived in Raleigh Township.

There are left to mourn her death one daughter, Mrs. Jones, and one son, Horace Black, of this city. Her husband predeceased her 27 years ago.

The funeral will take place on Wednesday afternoon from the daughter's residence to the B. M. E. Church at 2 o'clock, and the service will be conducted by the Rev. Mr. Richards.

## EMPLOYEES FAVOR GORDON ON BOARD

Leader of Railmen States Labor Will Take Government Answer as Final.

MONTREAL, July 31.—R. C. McCutcheon, Canadian vice-president of boilermakers and helpers and member of the executive board of division No. 4, stated here tonight that the appointment of Rev. Dr. Gordon on the arbitration board between the Canadian railways and their shop employees would be quite acceptable to labor.

He added that if the reply from the government in regard to the enforcing of wage reductions by the railways is unsatisfactory, "we intend to take that answer as final, for we are not negotiating with the railways. It will then be a case of letting the Big Bertha fire," general strike, in other words, or a general breakdown. The Ottawa report, however, is unofficial.

The selection of Isaac Pitblado of Winnipeg as company representative, and of James Simpson of Toronto as nominee for the employees, was formally notified to the parties on Friday by the department of labor, and these two representatives have been in consultation as to the choice of chairman since that time.

## FIRE WIPES OUT LUMBER IN MILL

6,000,000 Feet of Timber Lost in Disastrous North Bay Conflagration.

Firemen and Volunteers Told All Night to Quench Flames.

NORTH BAY, July 31.—Six million feet of lumber valued at about \$350,000, and two houses occupied by Mrs. McCall and Mrs. Fred White, were destroyed by one of the most spectacular fires known in the history of this part of the country last Saturday night.

The fire, which wiped out every vestige of lumber in the mill yard of William Milne & Sons, Trout Lake, is believed to have started from a spark from a freight train, and raged for practically the whole night, despite the heroic efforts of the North Bay fire brigade, assisted by scores of volunteers recruited from the crowd who motored from North Bay to watch the spectacle.

The loss is borne by a number of companies as follows: William Milne & Sons, \$130,000; Union Lumber Company and the Standard Lumber Company, \$100,000; Canadian Timber Company, \$50,000.

Other companies and individuals who owned portions of the lumber destroyed included the Keeney Lumber Company of Owen Sound.

## Bea Husky!

Have the Muscles and Physique You've Always Admired in Others

It is easy to have strong muscles, a keen eye and a well-knit figure now. All you need to do is to supply your body with the flesh-building, strength-building, iron-rich vitamins and iron which are lacking in modern foods. Take two tablets of Ironized Yeast three times a day. Everyone knows that yeast builds flesh, strength and vitality, and now this new, secret "Ironization" process enables the yeast to produce results twice as quickly. Get Ironized Yeast from your dealer today. In a week, the wonderful increase in your strength, your vitality and your weight will astonish you.

FREE TRIAL. Try Ironized Yeast entirely free, simply mail postcard for Famous 3-Day Trial Treatment. Address: Harold F. Ritchie & Co., Ltd., Dept. 104, Toronto.

IRONIZED YEAST Tablets

THE ONLY YEAST THAT IS GENUINELY IRONIZED

## Abolish Tax Collector in Saugeen Township.

SOUTHAMPTON, July 31.—As a matter of economy the Saugeen Township Council has abolished the office of tax collector in that municipality, and has ordered that all taxes in the future be paid at certain named banks.

The action is believed to be the first of its kind recorded in the country.

The township will save approximately \$200 by the move.

## FEAR COSTA RICAN CROP DESTROYED

HALIFAX, N.S., July 31.—Advices to the Direct West Indies Cable Company here state that it is rumored in Jamaica that a disastrous hurricane in Costa Rica has caused widespread destruction of the banana crop.

In agonizing pain, the injured man was removed to the city and admitted to the hospital, where first aid was administered by Dr. J. W. Rutherford. The medical examination showed burns extending from the neck to the feet.

## DOVER TOWNSHIP FARMER BURNED

Henry Martin Falls While Carrying Cauldron of Boiling Water.

Special to London Advertiser. CHATHAM, Ont., July 31.—Attempting to remove a cauldron of boiling water from the stove in his farm dwelling, late yesterday afternoon, Henry Martin, aged 49, a farmer of Dover Township, lies in St. Joseph's Hospital in this city suffering from terrible burns which cover the entire front of his body.

The farmer was moving the cauldron from the kitchen range, according to a statement secured today, when he slipped and fell, the boiling water splashing over him.

In agonizing pain, the injured man was removed to the city and admitted to the hospital, where first aid was administered by Dr. J. W. Rutherford. The medical examination showed burns extending from the neck to the feet.

PRESCRIBES CURE FOR LONELINESS

PARIS, July 31.—"I have taken the only cure for loneliness," declared George Jay Gould, American multi-millionaire, to friends today following his return with his bride from a three weeks' honeymoon spent at Aix les Bains.

"I came to Europe in search of health, and I have found it," continued Mr. Gould. "I married for happiness, which I also found."

Mr. Gould said he and his wife planned to tour Scotland, accompanied by Lady Vivian Decies, Mr. Gould's daughter by his first marriage. Lord Decies is expected to accompany the party.

Mr. Gould explained, however, that he did not want to make his plans too definite, adding: "Definiteness might spoil this double honeymoon."
