first to go under. A young fellow named Frisk, who had pitched good ball for the border town club, was recognized by the London management as the man they wanted. They made him a good offer, but Hamilton made him a better. And there and then, in all probability, the championship of the Canadian League was decided. It looks much that way. Since that time Frisk has been winning games from London, instead of for London. A few dollars more per month tacked onto that offer made and refused would have been money well spent. But it is pretty certain that the milk is spilt, and there is no use crying about it, especially at this date, when "it may not be true." Frisk defeated the Londons at Tecumseh Park again yesterday afternoon, aided and abetted, of course, by eight others from the lakeside town of Hamilton. Carey found Frisk about the easiest thing in the way of a pitcher that has been here this tered. Carey's home run drive lost the ball on the other side of the right field track, and was good for a couple of circuits, had they been allowable while his triple to left field was one of the longest drives ever seen at the park, but was fielded in better style. Laroque got in a timely triple in the eighth, when Mohler and Smink were on bases. Carey's second triple and Dean's muff of Ward's pop fly were

equal to the last run. Hagerman was pounded hard and often, eight hits, for a total of sixteen bases, together with a walk-down was his record for the last two innings. It should be said, however, that men with better judgment than had Meara and Smink might possibly have pulled down a couple of the long ones. Lohman also had a day off. Laroque pulled down a couple of foul flys in the first inning in grand stand order.

Dr. Macarthur, Mr. Fowler's medical adviser, had also been stricken with typhoid fever, and was now in St. Joseph's Hospital. ST. THOMAS NOTES.

Runaway Accident in Yarmouth-Railway Rumors -Se zure by the Petrel.

St. Thomas, Ont., Aug. 31.—The London foot ball club plays here on Monday next.

A serious runaway accident occurred in Yarmouth yesterday, three persons being severely injured. Mrs. James Jenkins, who resides on the 12th concession of North Yarmouth, in company with her two children, were driving down a hill, where the horses ran away. The occupants were thrown out and all badly hurt. Mrs. Jenkins was severely hurt about the body, besides having her finger broken. little boy had his face cut and body badly bruised, while the latter's sister was hurt considerably. The horses

ran about a mile, and the vehicle was demolished. Mr. F. P. McDonald, assistant superntendent of the M. C. R., was to-day seen regarding the rumor that he was to succeed Mr. O. F. Jordan, who has resigned the position of superintendent of M. C. R. Midland division, with headquarters at Jackson, Mich. Mr. McDonald declined to either confirm or deny the rumor. He said if such a move was contemplated he had not been notified, nor had a circular to such effect been issued. The general opinion among railway officials, however, is that Mr. McDonald will re-

ceive the appointment. John Clifford, of London, got full of intoxicants yesterday, and as a result he was arrested. At the police court this morning "Judge" Robertson let Word comes from Port Stanley that the Dominion Government steamer made an important seizure south of

that Henry forged the letter with the express object of paralyzing Col. Picquart's efforts to expose Major Count Esterhazy, and to get a revision of the Dreyfus case. The letter was written in bad French—a fact which first led it to be regarded as spurious. It is said that if the Cabinet decides upon revision of the Dreyfus case, M. Caivagnac, Minister for War, will re-

The scene during Lieut.-Col. Henry's

avowal was painful. When he saw it was almost useless to deny further, his tongue grew too thick for his mouth, and he was unable to speak. It was feared that he would have an apopletic stroke. After his arrest he was permitted to visit his wife while on his way to the fortress at Mont Valerin. She thought he really had a fit. He addressed her as "My poor wife," adding, "I am under arrest." The officer accompanying him was under orders not to lose sight of him for a moment, and therefore he could not see his wife alone. All three proceeded to his bedroom to get the neces_ sary clothing. Henry then clasped his wife in his arms and exclaimed:- "My conscience is pure and free from every sting." This exclamation is much commented upon, as going to show that he may possibly have forged the letter under orders from his superiors. Lieut.-Col. Henry was a peasant's son. He was born at Pozey, in Marne, in 1848, and enlisted in a foot regiment as his brother's substitute in 1883. He had a good military record for bravery and inexorable discipline. He was a prisoner of war in 1870 and was wounded in the Algerian campaign. He retained much of the rough and ready manners of a non-commissioned officer. He was lacking in education, spoke

no foreign language, and owed his

promotion primarily to his reputation for blunt straightforwardness. The Cabinet has held two stormy sittings under the presidency of M. Faure. It finally rose between 6 and 7 o'clock, having apparently failed to arrive at a decision on the question of revising the Drevfus centence, for the customary official note was not issued. It is possible, however, looking to the excited state of public feeling, that the Government deems it advisable to proceed cautiously and to onceal its decisions for the present. M. Del Casse, Minister for Foreign Affairs, is said to have been violently attacked by his colleagues for having been ignorant of the intention of Emperor Nicholas to issue his disarmament proclamation, but in face of the evival of the Dreyfus affair, the disarmament proposal has taken quita secondary place. It is alleged that several Ministers, including M. Brisson, the Premier; M. Maureljo, Minister of Commerce, and M. Troulliot, Minister of the Colonies, demanded a revision, and the immediate supersession of several staff officers. Cavaignac, however, remained firm, was poor and on the advice of his opposing this course, on the ground that Lt.-Col. Henry's forgery had not altered the case as affecting Dreyfus' guilt.. The only result thus far, thereand has been a life-long friend of his. Even after leaving the council Miniscontinued to argue heatedly. M. Faure has deferred his intended return to Havre. It would be impossible to describe the sensation that has thrilled Paris, and it is not un-

The old obstacles that used to prevent the marriage of loving couples are out of date. The blood-and-thunder villian is a myth nowadays. The cruel father is only a tradition. Distance, absence and shipwreck in these days of cheap, safe and swift transportation do not count. The new obstacle is a common sense one. It is ill-health on one side or the other, and sometimes on both.

Men nowadays hesitate to marry a wom-an, no matter how beautiful, no matter how attractive, or interesting, or witty, if she is attractive, or interesting, or witty, if she is a sufferer from ill-health. All men worth having desire happy, healthy children. Any woman who will, may fit herself for the duties of wifehood and the exalted function of motherhood. Dr. Pierce's Favorite Prescription banishes all hindrance in the nature of local ill-health. It gives health, power and capacity to the delicate and important organs concerned in witchood and portant organs concerned in wifehood and maternity. It corrects all displacements, allays inflammation, heals ulceration, stops exhausting drains and soothes pain. It prepares for untural, healthy motherhood It makes maternity easy and safe and almost painless. It insures a new-comer constitutionally strong and able to with-stand the usual ills of babyhood. It is the greatest of nerve tonics and restoratives. Medicine dealers sell it and an honest dealer will not urge a substitute upon you. "After suffering untold tortures," writes Mrs. J. Ferguson, of Box 20, Douglas Station, Selkirk Co., Manitoba, "I thank God I found relief and cure in Dr. Pierce's Favorite Prescription."

The profit side of life is health. The balance is written in the rich, red, pure blood of health. Dr. Pierce's Picasant Pellets cure constipation and make the blood rich and pure. They never gripe. By druggists.
