MCBRIDE WINS B. C. ELECTIONS

Carries Almost Entire Province In General Elections Last Year

TWO IN OPPOSITION.

VANCOUVER, B. C., Nov. 28.—The provincial elections held throughout British Columbia yesterday have proved a veritable Waterloo for the Liberals. In only two of the forty-two seats so far heard from have their candidates been elected. The province with no uncertain voice has declared for the Conservatives.

Frederick McMillan, the railway policy, "skunked" himself, "beating" the polls to Victoria, with three Conservative "blatant" him. He was also elected in Yale. The Conservative party, however, in Vancouver, five followers of the premier being elected, with Attorney General Bowser heading the list. Hon. F. Carter, Cotton, president of the Council, who has had a hard fight, was elected in Richmond, defeating J. deW. Farris.

The time for posterity to make their annual contribution to the well-being of the nation has arrived. It is odd that with the multiplicity of new uses that have been found for rubber and the prices of that commodity skyward, no one has yet invented a substitute for the employment of it in overcoats.

LOOKS BETTER FOR HATTER LEBLANC

Waltham Authorities Don't Believe That She is Slayer of Glover.

MAY BE A DUPE.

WALTHAM, Mass., Nov. 27.—The legal procedure in the investigation of the murder a week ago of Clarence P. Glover in his laundry on the river bank of this city reached the inquest stage today. For a week the state and local officials have been using every effort to clear up the cloud of mystery which has enveloped the case. They have arrested Miss Hattie LeBlanc, a Cape Breton girl employed as domestic in the Glover family who was accused of the murder by Glover just before he died. The authorities, however, have found too many inconsistencies to support Glover's statement, one of the most striking being that the bullets recovered don't fit the revolver which Glover claimed the young woman used in shooting him. For the past few days the police have been looking in the direction of some man, the identity of whom they have not discovered or refuse to disclose as the possible perpetrator of the crime.

The inquest today was held in the hope of bringing out further evidence and District Attorney Higgins who conducted it assumed before Judge Luce, the inquest officials, several members of the Glover and LeBlanc families as well as physicians who attended the doctor man and with whom Glover had close business connections. The inquest was held in the district court room over the police station and its usual proceedings were quiet.

It is thought the LeBlanc girl was used as a dupe by a third party who did the deed.

HARKINS CO. HERE NEXT WEEK

Will Fill Three Nights Engagement at the Opera House.

A GOOD COMPANY

(St. Croix Courier.)
There were some years in which W. H. Harkins brought theatrical companies to the boarder and made good in vain to the theatre going people of the border. But all that is past and now the announcement that Harkins is coming assures pleasant anticipation in the homes of the people of discernment. Mr. Harkins has won out by his steadfast adherence to the policy of surrounding himself with a company of real merit, presenting plays of worth and eliminating all that is cheap and vulgar. He speaks no such words as "good weather or any other consideration can prevent them from flocking to his performance given under the auspices of the company.

The people readily appreciate all that is that is why neither inclement weather or any other consideration can prevent them from flocking to his performance given under the auspices of the company.

His present engagement is no exception to those of recent years and crowded houses are enjoying the production given by the best company he has had.

"After Midnight" was the opening bill Monday evening and it was admirably presented by such accomplished artists that the great audience present wanted to go again and to make sure that all their friends should enjoy at least one evening with Harkins.

Tuesday evening "Pierrot of the Plains" and Wednesday evening a double bill of comedy created equally favorable impressions.

At the Thanksgiving matinee this afternoon "Pierrot of the Plains" will be repeated, and this evening, "Before and After" one of the best comedies ever written, will be presented.

Friday evening Hal Cain's great drama "The Manxman" will be the attraction, and it is a production well worth witnessing at the hands of these accomplished players.

At the Saturday matinee the very strong play, "The Thief," will be presented and "Shall we Forgive Her" will be the bill at the closing performance Saturday evening.

The young people of this town under the management of Miss McKinley who presented the play "Meadows" at Campbellton on Friday night, were greeted by a large and appreciative audience. Since their return they have been loud in praise of the Campbellton people and the many kindnesses shown them. Mr. S. W. Dimock, manager of the Opera House, who treated them in such a kind and courteous manner, comes in for a large amount of praise. They are also very grateful to those who came from Dalhousie to attend their entertainment. Shows at any time (Campbellton or Dalhousie) people came to Bathurst to present a play they will be sure of a warm reception.
