CITATION

PROBATE COURT,
COUNTY OF RESTIGOUCHE

To the Sheriff of the County of Restigouche, or any Constable within the said County, Greeting:—

Whereas John Adams and Charles A. Adams, Executors of the Estate of Mary Ann Adams, late of the Parish of Addington in the County aforesaid, deceased, hath prayed that a citation may issue for passing the accounts of the Estate of the said deceased. You are therefore required to cite the heirs next of kin, creditors, and all others interested in the Estate of the said Mary Ann Adams, deceased, to appear before me at a Court of Probate to be held in and for the said County of Restigouche at my office at the Town of Campbellton in the said County of Restigouche, on Tuesday, the tenth day of May next at the hour of two o'clock in the afternoon to attend the passing of the accounts of the Estate of the said Mary Ann Adams, deceased.

Given under my hand and the seal of the said Court this fifth day of April, A. D. 1910.

NOTICE!

Public Notice is hereby given that the annual election of Mayor and Councillors, two for each Ward and two for the Town at Large, will be held on TUESDAY, April 19th.

A Court for Nomination of Candidates will be opened at the Council Room, corner of Prince William and King Streets, on TUESDAY, the 12th inst. at 9 o'clock, a. m., and will remain open until 5 o'clock, p. m.

If more than one person be nominated for Mayor or more than the reduired number of persons for the office of Councillors at the said Court, then a poll will be held on the above date, Tuesday, April 19th, of which due notice will be given.

John T. Reid,
Town Clerk.

Campbellton, N. B. Mar. 29th. 1910

Crushed Coffee— what is it?

By a new process of crushing between steel rollers, instead of grinding, the skin, which remains in the eye of the bean after roasting, is separated from the kernel and removed by air suction, while the kernel is broken into small even grains. These grains when steeped, being free of the skin or chaff, settle quickly, leaving the liquid clear and bright, and give the true coffee flavor.

Estabrooks' Red Rose *crushed* Coffee is as easy to make as Red Rose Tea. Directions are in each tin.

It is strictly pure, not a particle of chicory, or any other adulterant being used, and ispacked in air-tight tins the same day it is roasted so to retain its full flavor, fragrance and strength.

A good combination is Estabrooks' Coffee for breakfast and Red Rose Tea for other meals.

Estabrooks' RED ROSE Coffee

In drawing this synoptical report to a close I would like to refer to the complaints during the fall of the disagreeable taste in the water. On investigation and sampling of the water at different parts of the system it was found to be caused chiefly by the composition on the new 16 inch water main which was composed of tar and oil. A very slight taste also came from the trees in Smith Lake. At a meeting on Dec. 7th the Council decided to call for tenders as early as possible to clear out thoroughly this lake, which I trust will be carried through during the early summer of 1910. The typhoid epidemic called forth many complaints against the water which were entirely unfounded. For satisfaction to the public samples were sent to the Pathological Laboratory, General Public Hospital, St. John, by the Local Board of Health, which proved that our water supply is thoroughly pure and wholesome. This report I attach, also a copy of report by Mr. Peter Clinch, Secretary and Inspector to the New Brunswick Board of Fire Underwriters, which speaks for itself.

Respectfully submitted,
J. F. ANDREW,
Chairman Water & Sewerage Com.

Amatite ROOFING

Will End Your Roofing Troubles

IF you will write to-day for a free sample of "Amatite" the end of your roofing troubles is in sight. After you have submitted it to every test that you can think of, you will be prepared to order it not only for your new buildings, but for your old roofs as well. You will find that it is cheaper to cover them with Amatite than to continue painting and repairing them.

We make a strong point of our Free Sample offer because the smallest sample of Amatite speaks for itself. It is more convincing than yards of talk.

There are all kinds of ready roofings on the market—so-called "rubber roofings," so-called "guarantee roofings," so-called "sand surface roofings," so-called Amatite.

The "rubber" roofings are no more made of rubber than a cow is made of saw-dust. The "guarantees" that are promiscuously handed out with many brands are hedged around with so many provisos that it will take three lawyers to dissect them and find out what they are all about. The "sand surface" has little or no protective value.

The point to remember is that all of these roofings have to be *painted* every year or two to keep them tight. In other words, it is the *paint* that protects, and not the roofing. If a man will sit down and figure out exactly what this paint costs, he will find that it is more than the roofing itself. Amatite, on the other hand, has a surface of *real mineral* matter and we sell the goods on the bread and butter statement that you need never coat or paint this roofing.

You can lay Amatite on a roof and then forget all about your roofing troubles. No painting, no coating, no worry. The man who puts Amatite on his buildings is insured against leaks and trouble for many years.

Free Sample

If you have any doubts about the matter and want to investigate our claims, send for sample and booklet to-day. The sample tells its own story; the booklet is written for practical men. It hits straight from the shoulder.

Caught Cold By Working In Water.

A Distressing, Tickling Sensation In The Throat

Mr. Albert MacPhee, Chignecto Mines, N.S., writes:—"In Oct., 1908, I caught cold by working in water, and had a very bad cough and that distressing tickling sensation in my throat so I could not sleep at night, and my lungs were so very sore I had to give up work. Our doctor gave me medicine but it did me no good so I got a bottle of Dr. Wood's Norway Pine Syrup and by the time I had used two bottles I was entirely cured. I am always recommending it to my friends."

Dr. Wood's Norway Pine Syrup combines the potent healing virtues of the Norway pine tree with other absorbent, expectorant and soothing medicines of recognized worth, and is absolutely harmless, prompt and safe for the cure of Coughs, Colds, Bronchitis, Croup, Sore Throat, Pain or Tightness in the Chest, and all Throat and Lung Troubles.

Beware of imitations of Dr. Wood's Norway Pine Syrup. Ask for it and insist on getting what you ask for. It is put up in a yellow wrapper, three pine trees the trade mark, and the price 25 cents.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

It is well to have on hand a remedy, simple, effective and easily applied, for mosquito bites, insect stings, sores, bruises, sunburn, and injuries to the skin, and forty other ailments not always dangerous, but which can be cured by outward application. Such a remedy is Davis' Menthol Salve (The) & L.), which comes in tins for 25 cts. at druggists.

MILBURN'S LAXA-LIVER PILLS

Stimulate the Sluggish Liver.

Clean the coated tongue, sweeten the breath, clear away all waste and poisonous material from the system in Nature's easy manner, and prevent as well as cure Constipation, Sick Headache, Biliousness, Heartburn, Catarrh of the Stomach, Sour Stomach, Water Brash, and all troubles arising from a disordered state of the Stomach, Liver or Bowels.

Suffered for Years.

Mrs. J. C. Weathers, Swan River, Man., writes: "I suffered for years, more than tongue can tell, from liver trouble. I tried several kinds of medicine, but could get no relief until I got Milburn's Laxa-Liver Pills. I cannot praise them too highly for what they have done for me.

Price 25 cents a vial, or 5 for $1.00, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
