This estate extends from Bloor street, opposite High Park, to Dundas street, where the Ontario and Quebec and Credit Valley tailways, Canada Pacific and Vanderbilt syndicate, have purchased 40 acres, for Depot, Shops, etc., in which they state 200 or more men are to be employed this year, also near stations of Grand Trunk, Toronto, Grey and B.uce, Northern, and Great Western railways, and proposed Midland and Northern extensions.

Owing to crossings at this point all trains must soon stop, and it is only a question of a little time until suburban trains are put on and the street car line extended to the junction, as in Detroit, Caica 40, etc. Arrangements are on foot to put a line of omnibuses on Dundas street at once, and to build a side walk to this property. An avenue 100 feet wide extends, from Dundas to Bloor street through the centre of these lands, forming a section of the proposed city drive and boulevard around the city.

The best of water is reached by sinking 18 feet. Good natural drain see and pure air. Situation is high and dry, and commands a view of Lake Ontario, across High Park, containing nearly 400 acres. Within 20 minutes' walk of Toronto Bolt and Iron Co's Works and proposed Wall Paper Factory. Other large works are proposed within easy distance, but not hear chough to be any nuissnee. All the surroundings point to this localty as the most desirable in which to secure a PERMANEN I HO ME, or to invest your savings with certainty of large profits. If you refused to buy West Toronto lots eight or ten years ago that have sines paid from 500 to 1500 per cent., don't miss the present opportunity of buying at bottom prices in Toronto, destined to be one of the most important points on the Canada Pacific and Grand Trunk systems between the Canadian and American Northwest.
