The Ontario milk-bucket manufacturing company have the most periect combina-tion of a milk pail, strainer and stool yet manufactured. It is pronounced by dairy-men who have used it to be of invaluable service, cleanliness, convenience and durability being its leading features. The receiver into which the milk is drawn contains a strainer, which prevents any impurities dropping into the pail. The receiver and pail are connected by a flexible attachment, so that if the cow kicks the pail need not be overthrown. It is a fine invention and invaluable to farmers and milk dealers. It is manufactured by the Ontario milk-bucket manufacturing company, Queen street east, Toronto.

SUCCESS OR FAILURE, You eatered upon the scheme of the Celebration after due deliberation. You appointed your executive Officers and instructed them to proceed with their work. You petitioned the City Council to grant a sum of \$10,000 towards defraying the cost of the Celebration on the distinct understanding that an equal sum would be raised by Private Sub-scription. You have committed yourselves fally to the Undertaking, and the HONOR OF YOUR CITY is pledged that it will be a success. Your Executive Committee have not been idle. They have had printed and distributed 25,000 posters, handbills and cards, setting forth the Complete Program of events, of which the following are some of the Prin-

and AID us in our endeavors to insure the success of the Celebration beyond all doubt. FOR THIS PURPOSE we require in the first place the necessary funds to enable us to carry out the Program in its entirety. A number of gentiemen kindly volunteered to solicit subscriptions and have met with gratifying success, but as it will be impossible for your Committee to canvass the whole City in the limited time at their disposal, they would teel obliged if citizens would forward their subscriptions to the Corresponding Secretary at the Semi-Centennial office, 19 vork CHAMBERS, TORONTO ST., without delay. As each Resident is as much interested in the Success of the Celebration as the members of your Committee, we feel satisfied this appeal will not be in vain. A lest of subscribers will be published in a few days, and each week thereafter names will be added

Your Committee is desirous of obtaining a complete list of houses wherein board or lodgings, or both, may be obtaine. Please communicate with the Secretary, stating number of guests that can be accommodated, and also terms upon which they will be received.

Anumb r of replies have been received from manufacturers, merchants and others, consenting to participate in the Trade and Industriat Procession, still there are hundreds of our dealers from whom we have not heard. Let us have a parade that will give strangers some idea of the Greatness of Toronto as a commercial and manufacturing centre.

WHATAREOUR CITIZENS DOING in the way of Decorations? Our city should present during the Celebration week an attractive appearance by day and night, so that our visitors may wish to come back to us. No time should be lost in making preparations. Your Committee will continue to do all in their power to make the Celebration a success, but the absolute success of the same rests almost entirely with the Citizens themselves. With your co-operation failure is impossible, and with the object of securing that co-operation these lines are addressed to you on behalf of the Cit zens (Committee.
