Many farmers use The Guide-Advocate "Want Column" regularly—for selling any stock or machinery or for securing anything they wish to purchase. The cheapest service anywhere—5 lines and under, 25c per week.

ARKONA

Mrs. Sturrock, of Vancouver, B.C., is the guest of Mrs. Fred Jackson. Mrs. Peter Blackburn, of Sarnia, spent a few days last week with her parents, Mr. and Mrs. Alex. Thoman. Just received a nice assortment of French Ivory Call and see them.—Brown Bros.

Don't forget the Fowl Supper and concert to be held in the Baptist Church next Friday evening, November 26.

Quite a number from the Arkona Methodist League attended the Birthday Party in Zion Church Friday evening. All report a fine time.

We have placed in stock a line of Kayser Gloves. The best glove you can buy.—Brown Bros.

Miss Grace Crawford and Mr. Lon Jackson attended the wedding of their cousin, Miss Leila Currie, in Sarnia, on Wednesday.

The Ladies' Guild of St. Stephen's church will hold their annual bazaar Saturday, Nov. 27, at 2.30 p.m., in Mr. Grogan's ice cream parlor. Lunch served.

DEATH OF MRS. JOHN KNIGHT

On Sunday morning, Nov. 15th, there passed into the great beyond in her 66th year one of Strathroy's much respected women in the person of Mrs. John Knight, formerly Janet McIntyre of Adelaide Township. Mrs. Knight was married on Sept. 18th, 1878, and with her husband, lived in Metcalfe Township until three years ago, when they sold their farm to Geo. A. Bennett and moved to Metcalfe street, Strathroy. She had not been in good health for the past four years on account of heart trouble, of which she and her family were aware. The end came suddenly, without pain, which is some consolation to the sorrowing husband and children.

She leaves to mourn her loss her husband and two daughters, Mrs. Russel Brown, of Adelaide, and Eva, at home. Four sisters, Mrs. John Anderson, of Wyoming, Mrs. Geo. Marr, of Manitoba, Miss Rebecca McIntyre, of Watford, and Miss Martha McIntyre, Strathroy, and one brother, John U. McIntyre, Dewar St. Strathroy, also survive.

Mrs. Knight was a faithful member of the Anglican Church. The funeral was held on Tuesday afternoon, Nov. 16th, to the Strathroy cemetery, the service being conducted by Rev. H. F. Deihl, of Adelaide.—Dispatch.

BEEKEEPERS PLAN TO FIGHT DISEASES

Sarnia, Nov. 18.—The second joint convention of St. Clair County, Mich., and Lambton County beekeepers was held in the public library here today. Matters of importance to the bee industry were discussed, including a campaign to combat existing bee diseases. The speakers of the day included John L. Wilson, president of the Lambton Association; Herman Betten, president of the St. Clair Association; W. E. Haskell, secretary-treasurer of the St. Clair Association; C. L. Brody, Port Huron; F. E. Miller, Ontario Provincial Apiarist, chief inspector for Ontario; B. F. King, Michigan State Apiarist, and chief inspector; Clare M. Waldo, demonstration agent, Port Huron; W. P. McDonald, district representative, Petrolia.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones, she would not be without them. They are the ideal home remedy for the baby, being guaranteed to be absolutely free from opiates or other harmful drugs. They are a gentle but thorough laxative and have been proved of the greatest aid in cases of constipation, indigestion, colic, colds and simple fevers. Concerning them Mrs. Ernest Gague, Beauséjour, Que., writes: "I have used Baby's Own Tablets for constipation and colic and have found them so successful that I would not be without them. I would strongly recommend every mother to keep a box in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Air-Tight Storage Kills Weevils.

It has been found that grain insects sealed in air-tight vessels, with or without wheat, succumb as soon as the oxygen has been used up, a corresponding amount of carbon dioxide being produced. The complete absence of oxygen is alone sufficient to kill weevils, without taking into account the presence of carbon dioxide, though the weevils are able to remain alive when only small percentages of oxygen are present. The general advantages of air-tight storage of grain, are summarized in the report of the Grain Pests Committee of the Royal Society, and the importance of this method is urged as a means of maintaining a reserve of cereals in case of war or failure of crops.

Rooster Is Not Necessary.

So far as egg production is concerned, it is absolutely unnecessary to keep a male bird in the flock. The hens lay just as many eggs and frequently more and you have the added advantage of producing infertile eggs.

Androck Corner

(Contributed)

J. Warren Bate has left for a short business trip to Chicago and Rockford, Ill.

John Lamb has again resumed work at the Wire Works after spending some time in New Ontario.

The steam fitting is now well advanced and two weeks more should see this work complete. This work is being done in a very creditable manner by Bennett & Wright, of Toronto.

Mr. E. W. Scott, eastern salesman for Androck goods, has returned from his fall selling trip through the Maritime Provinces, including a week's visit to the Wire Goods Co., Worcester, Mass.

The smoke stack is now complete and is nearly as tall as the spire on the Presbyterian church. It is a very substantial structure containing 30,000 brick and set on a base of concrete measuring 650 cubic feet.

Now that the roof is on the new building and the windows glazed the inside work will be rushed to completion. Unfavorable weather has put the work behind somewhat but the buildings are so far advanced now that there is no possibility of the work being tied up until spring because of winter setting in in earnest.

The machine shop staff has just completed a machine for forming frames for bowl strainers, etc., which will do the same work at one stroke as was formerly done in about a half dozen hand operations and will greatly increase the production of strainers. The Company expects to increase its equipment for strainers and will no doubt be in shape to supply practically every household in Canada with these very useful articles.

Give a Victrola Dance in your home

You can buy a Victrola for less than the cost of an orchestra for one evening.

It will give you the latest and best dance music played by the foremost bands and orchestras of the country.

Come in and select your "His Master's Voice" Records to-day.

PALLID CHEEKS AND DULL EYES

Tell the Story of Watery Blood—How to Regain a Good Color and Health.

To be rundown in health and to lose their attractiveness is the double misfortune of many young girls. Their pallid cheeks and dull eyes tell everyone that they are doomed to days of wretched headaches and are victims of breathlessness and bloodlessness. The anaemic girl, if she neglects her health, may be a sufferer all her life; for an active happy woman cannot be developed out of a bloodless, consumptive looking girl, without the help of new, rich, red blood.

Pale, weak girls should take heed. Bloodlessness must not be neglected. Plenty of good air, a nourishing diet and rest will help you, but one care you need most promptly is new blood. Good new blood in abundance, such as makes all the difference between sound health and poor health to girls and women, is supplied by Dr. Williams' Pink Pills. Their one mission is to make new blood which reaches every organ and every nerve in the body, bringing to anaemic girls and women new color, bright eyes, an elastic step and a feeling of joy in living. The value of Dr. Williams' Pink Pills to young girls is shown by the cure of Miss Bessie Clarke, R.R. No. 1, Stevensville, Ont., who says: "Two years ago, while studying for the entrance examination, my health broke down and I fell away to a mere shadow of my former self. When the day for the examinations came I should have been in bed instead of trying them, but I went on with the work and when through was almost on the verge of collapse. I thought then that a rest would help me, but I did not regain my strength. Then my mother was advised to have me try Dr. Williams' Pink Pills, and after taking them for about a month I found myself restored to health, with good color and a change for the better, which people who knew me readily noticed. I am very thankful for what Dr. Williams' Pink Pills did for me, and hope my experience will benefit some other weak girl."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail, postpaid, at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Wedding Announcements and invitations of the finest quality at The Guide-Advocate.

"AN OUNCE OF PREVENTION IS WORTH A POUND OF CURE"

Storage Battery Service

LET us look after your Storage Battery this winter. It will come out in better shape in the spring. We keep them charged and stored at 50c per month, or \$2.00 for the whole season. A little money wisely spent—far better than a new battery in the spring.

If you intend running your car all winter see that it is thoroughly inspected and overhauled first. Rough, winter roads are hard on any car—prevent possible trouble by putting everything in good shape.

Are you getting your Service and Accessories at this garage? If not, we would like to have you try us.
