PROSPECTUS.

WE propose to publish a Monthly Magazine, under the above caption, to be devoted principally to the advancement of Parish School Education in the lower provinces of British North America.

While other countries have their numerous periodicals devoted to the advancement of education, and all departments of provincial interest in these provinces are fully represented, that of Education is without any special advocate.

This deficiency we propose, in a measure, to obviate, by publishing a periodical, in the columns of which we shall endeavour to call attention to this important subject, and do all in our power to encourage parents, teachers, and governments, in the education of the youthful mind.

P L A T F O R M .

1. FREE SCHOOLS, and their support to a limited extent by direct assessment.
2. The BIBLE, the testmark of moral obligation, without which education is useless.
3. No POLITICS, further than what relates to education.
4. Articles on general literature will be admitted when space permits.
