IN THE MATTER OF

**The American Asbestos  
Company, Limited,**

IN LIQUIDATION

The undersigned Joint-Liquidator will sell by

**PUBLIC AUCTION**

at the office of Messrs. ROYER & BURRAGE,  
87 Wellington Street, Sherbrooke, Que. at  
eleven of the clock in the forenoon,  
on the

**EIGHTH DAY OF SEPTEMBER NEXT, 1897**

the Asbestos Mining Property and Plant of the  
said Company, at Black Lake, in the  
Province of Quebec,

situate upon the parcel of land known and distin-  
guished as the southerly ends or halves of lots  
number twenty-seven and twenty-eight, in range B  
of the Township of Coleraine, in the County of  
Megantic, containing about one hundred and four  
acres of land.

The property is situated about one mile from  
Black Lake, on the Quebec Central Railway, on  
the main road leading from Black Lake to Thetford  
mines. It is in the midst of the asbestos bearing  
belt of serpentine from which the greater part of  
the world's supply of asbestos is mined. The mine  
has been operated by the American Asbestos  
Company since 1888, and has been a steady pro-  
ducer of a very fine grade of asbestos, nearly the  
whole of the output of the mine since that time  
having been supplied to prominent European man-  
ufacturers of asbestos goods. The property is  
splendidly situated and well adapted for the pur-  
poses of asbestos mining, and is thoroughly equipped  
with the most modern machinery for the econom-  
ical handling of the rock and manipulating of the  
fibre. Special machinery was placed last year for  
fiberizing, the result proving very satisfactory.  
There are a number of workmen's dwellings on the  
property, sufficient to accommodate a large number  
of men.

The machinery consists of four steel boilers  
(300 h.p.) 16 x 24 Rand air compressor, 6 Inger-  
soll & Rand rock drills, 4 duplex Bacon winding  
engines, Blake rock breaker, special crusher for  
fiberizing asbestos, Blake and Knowles steam  
pumps, boom and cable derricks, ropes, pitcars,  
steel rails, and a miscellaneous lot of tools, the  
total value of plant and improvements amounting to  
about \$45,000.

Tenders for the property will be received up to  
the date of sale, the Joint-Liquidator reserving the  
right to accept any such tender and withdraw the  
property from sale, and further reserving the right  
to place an upset price upon the property at such  
sale, and make such other conditions as they may  
see fit. The property is open to inspection at any  
time. Inventory can be seen, and any further in-  
formation will be furnished on application to the  
undersigned.

**JOHN J. PENHALE,  
R. R. BURRAGE,**

Joint-Liquidator

Sherbrooke, Que., May 31st, 1897.
