

Montreal Stock Market.

RELAPSES IN SEVERAL STOCKS— C. P. R. RISES AT LONDON AND HERE.

Montreal, Aug. 4.

The distrust openly effective in Tuesday's break, and since then in the hesitating return of values to former levels, seems not yet to have passed off, as many stocks, especially Twin City and Dominion Cotton, registered a lower price. Canadian Pacific, Montreal Street, Royal Electric, Commercial Cable, and Bank of Montreal, scored better than yesterday, but all others, while not seriously deteriorated, shrank a little. The Canadian Pacific was the only improved London quotation this morning, and quotations locally have responded. Whether French Rentes lowered excessively and Consols lowered $\frac{1}{2}$, induced indirectly to-day's lowered values here, the money situation for the beginning of next month is considered by many as sufficiently severe to chill into weakness a market by no means strong. Quite a little business was done to-day, but not so voluminous as that of the previous sessions.

Can. Pac.—680 sold, range of price 97 $\frac{1}{2}$ to 98, nearly 1 point higher. Demand 97 $\frac{1}{2}$, offer 97 $\frac{1}{2}$.

Mont. St. Ry. was 3 points higher to-day. Range of price 321 $\frac{1}{2}$ to 324. Asked 324, offered 322, and 75 shares were sold.

Royal Electric—To-day's price $\frac{1}{2}$ higher than yesterday's lowest and $\frac{1}{4}$ below the highest. 150 shares were sold. Closing offer 176, and demand 178.

Toronty Ry.—Perhaps a little lower average. 113 shares were sold at prices ranging from 115 to 116. Closing demand 116, offer 115 $\frac{1}{2}$.

Richelieu & Ont.—A shade lowered price than yesterday, closing demand 108 and offer 107 $\frac{1}{2}$.

War Eagle sold at 2, 4 and 7 points lower to the amount of 9000 shares at prices from 350 to 365 $\frac{1}{2}$. Wanted 365 and offered 361.

Twin City sold lower again to-day at 65 and 65 $\frac{1}{2}$. 400 shares sold, wanted 65 $\frac{1}{2}$, offered 65.

Commercial Cable gained 1 $\frac{1}{2}$. Closing demand 187 $\frac{1}{2}$ and offer 185.

Montreal-London sold at 1 and 2 points lower, 1600 shares sold. 41 wanted at close and 39 offered.

Payne sold 2 $\frac{1}{2}$ lower, to the amount of 1500 shares. 135 wanted, 130 offered.

Halifax Heat and Light sold to-day for the first time in three weeks. Price, 1 $\frac{1}{2}$ lower than last price, 24 wanted and 21 offered.

Dom. Cotton sold at a slightly improved price from 105 to 106, 50 shares changed hands. Wanted 106, offered 105.

Merchants Bank brought 1 point less. Wanted 172 and no offers.

Hochelaga Bank appeared on the list to-day.

Bank of Montreal secured 262 $\frac{1}{2}$ on a small transaction. Neither demands nor offers were submitted at the closing.

A sale of 10,000 shares was made lately at 106. This stock and Knob Hill will soon be in the dividend-paying list.

Virtue opened strong and in demand, selling at 49. It subsequently declined to 47 but soon recovered to 48. It closed at 47 to 49, but more stock would doubtless have been taken at 48.

Big Three sold at 15, at which price more could be had.

Iron Colt was strong, a decline to 9 $\frac{1}{2}$ occurred this week but a limited demand sent the stock up to 12 to-day.

An examination of the day's business will show that most trading was done in the higher grade securities, which is certainly satisfactory alike to client and broker. We favor the buying side, and think judiciously chosen purchases will yield good profits so soon as the hoped-for activity in the market comes.

MONTREAL MINING EXCHANGE.

MARKET FIRM OWING TO LIGHT OFFERINGS—FEELING IMPROVING—GOOD INQUIRY FOR VIRTUE IRON COLT, AND OLD IRONSIDES.

Montreal, Aug. 4.

The firmness of the market was quite noticeable this morning and the indications of scarcity in many issues were to be seen. Prices are sensitive and attempts to buy force prices up easily. The turn of the month generally relieves money matters and favors the bull side.

One sale of 1000 shares of Payne at 135, was made. The final quotations being about the same as yesterday.

Republic was wanted at 120 but only 1000 shares changed hands. More could have been had at 120 $\frac{1}{2}$.

Old Ironsides was scarce. A small demand caused an advance of 2c in the stock.
