Electricity as Applied by the Owen Electric Belt and Appliances

is now recognized as the greatest boon offered to suffering humanity. It has, does and will effect cures in seemingly hopeless cases, where every other known remedy has failed. Rheumatism cannot exist where it is properly applied. It is nature's cure.

By the steady, soothing current, that is easily felt, it will cure

Rheumatism, Neuralgia, Dyspepsia, Constipation, Sciatica, Lumbago, Liver Complaint, Kidney Disease, Spinal Disease, Nervous Complaints, Female Complaints, Varicose, General Debility, Spasmodic, Impotence, Sexual Exhaustion, Lipothymy or Faint, Urinary Distress, Lamé Back.

WE CHALLENGE THE WORLD.

to show an Electric Belt where the current is under the control of the patient so completely as this. We can use the same belt on an infant that we would on a giant, by simply reducing the number of cells. The ordinary belts are not so. Other belts have been in the market for five or ten years longer, but today there are more Owen Belts manufactured and sold than all other makes combined. The people want the best.

Beware of Imitations.

Our attention has been attracted to base imitations of "THE OWEN ELECTRIC BELT," we desire to warn the public against purchasing these worthless productions. They are being sold through the country by men calling themselves electricians, and prey upon the unsuspecting by offering worthless imitations of the Genuine Owen Electric Belt that has stood the test of years and has a continental reputation.

Our Trade Mark is the portrait of Dr. A. Owen, embossed in gold upon every Belt and Appliance manufactured by The Owen Electric Belt and Appliance Co. None genuine without it.

GEO. C. FITZER, M.D.,

Professor of the Theory and Practice of Medicine in the American Medical College, St. Louis, author of "Electricity in Medicine and Surgery," says:—

St. Louis, Mo., June 15th, 1888.

"I am pleased in stating that I have examined and tested the Owen's Electro-Galvanic Belt and Appliance, and do not hesitate to say that it is the most practical and efficient of all the galvanic belts I have used in my practice."

Dr. Fitzer is considered the best authority we have in the world on electricity.
