constantly recurring favourable reports prove that most who have given them a fair and thorough trial are quite satisfied with the results which have followed. They seem to be absolutely safe in exhibition and to have no effect whatever on the healthy human organism. Such a safe analgesic and antipyretic is a perfect god-send in these days of 'nerves' and all the resultant neuralgias developed under our civilization. In the cases in which I have used antikamnia tablets I have never noticed any ill effects. As an analgesic, in my experience, the sooner the remedy is administered after the onset of pain, the quicker the relief, and the smaller the amount of the drug required; this would follow almost of course, but I think the oftener the dose is repeated in judiciously small doses, the better the result, as compared with larger doses less frequently given. Given in such doses.

and at such intervals. I have found antikamnia tablets most useful in neuralgic cases and acute rheumatic attacks, and in sudden nervous attacks with severe pain. In case of paraplegia, in which the suffering from pain in the paralyzed limbs was agonizing, and had only yielded before, to gradually increasing doses of morphine hypodermically, their effect was, and continued to be, good. In a case of typhlitis both the analgesic and antipyretic properties were signally shown. In some cases of dysmenorrhœa one or two tablets relieved the pain, and the after use of caulocorea for a while, prevented its return.

## FOR SALE

An excellent country practice in Western Nova Scotia. Many years established. Will sell for value of real estate and road outfit. For particulars apply to

## SAL LITHOFOS

A Valuable Effervescent Saline Laxative.

\* \* \* Uric Acid Solvent. \* \* \*

Especially indicated in the treatment of - - Rheumatism,

Rheumatic Arthritis.

Gout, Lumbago, Sciatica, Neur-

algia and all Uric Acid Diseases. SAL LITHOFOS is a preparation containing in an active state Lithia and Sodium Phosphates. It is of special service in the treatment of Chronic Rheumatic and Gouty conditions, their allied affections and in many other disordered states.

Expert knowledge and chemical skill of a high order were required to combine in this palatable preparation the necessary active constituents without it in any way producing the deterioration so often found in many advertised remedies.

SAL LITHOFOS is of value in the treatment of excesses of eating and drinking, restoring the organism to a normal state in a very short time. Sal Lithofos by virtue of its saline aperient qualities, is of distinct service in the treatment of liver cherrosis and its attendant disorders.
