

## Carsley's Column.

## A SURE SIGN.

When agency men say they know how a firm stands financially, it is quite certain they do not know. Any firm that will stoop to allow agency schemers to see their Books will be sharp enough to use both their books and the agency man for the purpose of gulling their creditors. See the failures occurring faster than ever, all through agency men rating incompetent and unscrupulous persons as desirable parties to serve on credit.
