

News and Notes.

ACCORDING TO GEO. P. ROWELL & Co.'s OFFICIAL REPORT FOR 1882, AND THE SWORN STATEMENT OF ITS PRINTERS, THE CHURCH GUARDIAN HAS DOUBLED THE CIRCULATION OF ANY OTHER CHURCH PAPER IN CANADA, BEING NOW OVER 6,000 WEEKLY.

GIVEN UP BY DOCTORS.—"Is it possible that Mr. Godfrey is up and at work and cured by so simple a remedy?"

"I assure you it is true that he is entirely cured, and with nothing but Hop Bitters; and only ten days ago his doctors gave him up and said he must die!"

"Well-a-day! That's remarkable! I will go this day and get some for my poor George—I know hops are good."

There are at present no fewer than ten establishments in France devoted to the propagation of bait for the use of anglers, and one of these breeders sells from thirty to forty millions of worms per annum, deriving a handsome income from the business.

BLEEDING OF THE LUNGS.—Bowenville, Ont., Nov. 8, 1872. Messrs. Seth W. Rowle & Sons, Boston: *Gentlemen*, I have been troubled with bleeding of the lungs for a long time. About two years ago I took a severe cold which made my lungs very sore, but after using one bottle of WATSON'S BALSAM OF WILD CHERRY the pain and cough disappeared and have not troubled me since. I believe the BALSAM is the best medicine in use and well worth the price asked for it.

Yours truly, JESSE BURK.
50 cents and \$1 a bottle. Sold by dealers generally.

The government of Japan have resolved on the establishment of 53,700 primary schools. The whole Empire is divided into eight collegiate departments, with one college to each department. Even children under six years of age will be compelled to attend the primary school.

GET THE ORIGINAL.—Dr. Pierce's 'Pellets'—the original "Little Live Pills" (sugar coated)—cure sick and bilious headache, sour stomach, and bilious attacks. 25c Druggist.

Sir J. Lawes, the eminent English scientific agriculturist, says that while an English wheat crop of 1882 cannot be considered an average crop the other crops are, taking them all round, very good, and the prospects of agriculture are more favorable than for several years.

"No eye like the master's eye." Had Asop lived in our day he might well have added, "No popular curative like Kidney-Wort." All eyes are beginning to turn to it for relief from diseases of the liver, bowels and kidneys. Kidney-Wort is nature's remedy for them all. Those that cannot prepare the dry can now procure it in liquid form of any druggist.

The French police discovered a dynamite factory in the suburbs of Lyons. The citizens are panic stricken at the revelations in regard to the conspiracy, and a mob gathered and threatened the banks and public buildings.

THE SOURCE OF MUCH ILL-TEMPER.—When your husband comes home in bad humor, jerks off his boots and appears to be generally miserable, do not attribute it to business cares or hard times, but to its real cause—those terrible corns which are constantly annoying him. A word to the wise will be sufficient—buy a bottle of PUTNAM'S PAINLESS CORN EXTRACTOR. His corns will be quickly and painlessly removed, and his gratitude will be unbounded. Putnam's Painless Corn Extractor sold everywhere. N. C. POLSON & CO., Kingston, Proprietors.

The wild flowers of Montana are as abundant as those of the Alps, and more varied. Choicest of them all, because most delicate and fragrant, is a white, star-shaped, wax-like blossom, which grows very close to the ground, and the large golden stamens of which give out an odor like mingled hyacinth and lily of the valley the people call it mountain lily.

THE AGE OF MIRACLES.—Is past, and Dr. Pierce's "Golden Medical Discovery" will not raise the dead, will not cure you if your lungs are almost wasted by consumption. It is, however, unsurpassed both as a pectoral and alterative, and will cure obstinate and severe diseases of the throat and lung, coughs, and bronchial affections. By virtue of its wonderful alterative properties it cleanses and enriches the blood, cures pimples, blotches, and eruption, and cause even great eating ulcers to heal.

Montserrat Saline Effervescent Salt

This Preparation has all the properties of a cooling and purifying Saline. It is an elegant Pharmaceutical preparation, and at the same time a pure mixture of Acids and Salts, whilst from its effervescence, it will be found to produce a certain and beneficial result.

DIRECTIONS FOR USE.—A teaspoonful, in a tumbler of water, forms a mild aperient, and an anti-fever draught. A small teaspoonful in a wine glass of water is a palatable, cooling, and purifying draught. This latter dose taken before dinner is often likely to give an invigorating tone to the system.
