

### 3.1.2 Flow Chart Investment Approval Process

This flow-chart presents the investment approval process. The process is broken into three stages, each of which is further broken into various steps.  
Details on each step follow the flow-chart.

**Note:**  
In Step 2 of Stage 2, the applicant only officially submits a package to the SCCI. The applicant should, however, approach directly all of the ministries and agencies that act as review agencies (see dotted lines).
