

The Gold Areas will boom next summer, I sincerely hope so, so that I can sell off these Claims & go to The South.

What is the general feeling in Montreal in respect to Mines etc. in Arthur, its a very far fetched question, I know, but you may know, I thought.

I sincerely trust you are enjoying the very best of health, please except my warmest regards,

Very Sincerely Yours

Chas. E. Winnill.

P.S. I have been out of touch with general mining this winter, so did not push anything in the shape of a Mining Syndicate
