FATHERS - - MOTHERS

Give your boys and girls the knowledge of sex they would demand from you could they but know the

dangers which confront them.

Give them this knowledge yourself, before they obtain wrong and incomplete impressions from sources out-

side the home.

You train them to be honest, obedient and kind, but they would be You train them to be honest, obedient and kind, but they would be that anyhow if you are.
You teach them how to avoid the germs of contagious disease.
You provide liberally food, clothing and education.
But most fathers and mothers are neglectful and fail as parents because they do not inform their sons and daughters concerning the one great danger to which every child is subject, no matter what his heritage.

HOW YOU CAN TELL THEM

You can no longer excuse yourself with "wait until you are old enough" when your boy or girl asks the great question, "Where did I come from?" or postpone the answer through reticence or inability to approach the subject properly from the viewpoint of the child. The answer is ready in these four little books containing Intimate Talks on Avoided Subjects, which tell in plain and simple language the story of
