tion of the Work-County Results of Examinations.

NORTH TORONTO, July 20 .- (Special.)-Splendid progress is being made age plant and contractors and council are alike gratifled at the way in which the work is going ahead. There appears to be little or no difficulty on the part of the different contractors in securing an ample supply of men, and the character of the soil so far encountered gives little concern. It is not thought boulders or rock to any extent will be met with, the this is provided for in the contract between the contractors and the town.

In contract No. 1, the streets so far empleted are as follows: One-half of oudan, all of Eglinton-avenue; Beresford-street, Brownlow-avenue, north side of Mount Pleasant-avenue, Evelyn-street, Lincoln-avenue, Gertrude and Hunter-street.

In contract No. 2 the trunk line from Woodward-avenue to Sherwood-avenue and from Erskine to Woodward, is practically completed. In contract No. 3 a good deal of time

In contract No. 3 a good deal of time was lost in the preliminary stages, and it is only recently that the contractors have got in active work. From Brook's bridge at Lawrence Park to Lawrence-avenue, the work is about finished and this in some places thruse cutting 16 feet deep. Next week a machine with a capacity for digging 500 feet a day at an average depth of 10 feet, will be on the job and then the dirt will begin to fly in earnest. So that taken all in all it looks as the dirt will begin to fly in earnest. So that taken all in all it looks as the the contracts for the new sewage system in the town had fallen into the hands of wideawake energetic firms who will lese no time in pushing the scheme to completion. The town who will less no time in pushing the scheme to completion. The town council and solicitor had some anxious ments about those same contracts and they are mighty well pleased to see the thing well under way.

In view of the increased work in Town Clerk Norman's office, caused by the rapid growth of the munici-pality, a stenographer has become a necessity, and a reference to situations vacant in this issue will be of in-
