Do it Now! Don't Wait Until It's Too Late! KEEP your body clean! Most people are very neat and clean in their outward appearance...

Are you clean inside? And if not, how can you face the world with clean thoughts, clear intelligence, a fair, just bright mind and get your full share of capacity for work and enjoyment?

There's only one solution to the problem: Keep clean inside all the time. That's the answer.

If you can not diet, or keep your mechanism going by proper exercise, take Cascarets, the sweet, fragrant, harmless little vegetable tablets, that "act like exercise" on your bowels, and gently but powerfully clean out and disinfect the whole digestive canal.

A Cascaret every night before going to bed will "work while you sleep" and make you "feel fine in the morning."

If you have been neglecting yourself for some time, take a Cascaret night and morning and break up the "constipated habit" without acquiring a "cathartic habit."

Cascarets are sold by all druggists, 10c, 25c and 50c. The 10c size trial box is a neat fit for the vest pocket or lady's purse.

Be sure to get the genuine with the "long-tailed C" on the box and the letters "CCC" on each tablet. They are never sold in bulk.
