Ald. Dunn gave notice that he would move for the appointment of a special committee, consisting of Ald. Leslie, Spence, Rutter, Burns, Scott and the mover for the purpose of conferring with the representatives of the Bickford estate with the view of ascertaining upon what terms the portion of the Bickford estate, known as Gore Vale, said property being beautifully wooded and in many other ways suitably adapted for park purposes, can be acquired.

to the Board of Control. It was seconded by Ald. Leslie:
That the Board of Control be instructed to consider the advisability of introducing the necessary legislation to the Council whereby the City. Treasurer shall be au-thorized to receive before and until the first day of July, 1898, in full payment of all agreess of general taxes, on unimprov-

After the Labor Vote.

After the Labor Vote.

Ald. Woods moved that it be an instruction to the Board of Control and all officials of the corporation that hereafter all printing, bookbinding, stereo and electrotyping required by the city, existing contracts excepted, bear the label of the Allied Printing Trades.

The suspension of the rules was moved, but was lost on the following division: Yeas—Ald. Allen, Beale, Dunn, Frame, J. J. Gruham, R. H. Graham, Leslie, Lynd, Preston, Scott, Sheppard, Spence, Woods, Nays—Ald. Burns, Gowanlock, Hallam, Hubbard, Lamb, Russell, Saunders.

Ald. Frame and Ald. Woods provoked charges of "bidding for votes," when they moved that the Board of Control be requested to consider and report to this Council at its next meeting, whether it would be in the interests of the city that all workmen, including laborers, should be allowed a half holiday on every Saturday without loss of wages.

Ald. Sheppard objected that the resolution

half holiday on every Saturday without loss of wages.

Aid. Sheppard objected that the resolution was too sweeping. It would include the fivemen, and in their case its application would be impossible.

The Mayor: "It says workmen."

Aid. Sheppard: "Well, I submit that the firemen work as hard as anybody."

Aid. Hubbard called it a bid for votes and Ald. Hallam agreed. Ald. Woods thought this talk too small for experienced aldermen. He did not like to have every good motion stigmatized in that way.

Ald. Gowanlock would put it down. It came from the Workman's Association. Ald. Preston estimated that the city would lose \$60,000 annually by its operation.

When Aid. Hallam saw that the motion was lost, he blurted out, "A righteous condemnation of injuity."

Several Motions.

Several Motions. Ald. Lessle's motion respecting departmen-tal stores was referred to the Committee on Legislation.

When the Board of Control's report came up for considertaion, Ald. Sheppard pointed out that the scheme for free watering of lawns was another effort to get something for nothing. It meant discrimination against the poor, who had no lawns, and in favor of the wealthier taxpayers, who had.

The discussion which followed made it clear that the Council was at sea as to the expacity of the pumping station, and on motion of Ald. Saunders the City Engineer will be asked to give information on that subject.

Grants to Ill-Fated Communities. The Board of Control grant of \$500 each to the Manitoba and Ottawa Valley fire sufferers brought them into a severe castigation from Ald. Prestou. He maintained that the former grant should not have

been given, because it had not been asked.

He made a strong appeal for a larger grant to the sufferers near Ottawa. The Toronto grant was entirely out of proportion to those of such cities as Hamilton and Kingston, while it was stated that the parsimonious dealings of the board nad caused the curtailing of the princely grant from Montreal. He concluded by moving a grant of \$1500 towards the Ottawa Valley relief fund and \$1000 to those of Windsor.

Ald. Lamb was pleased to think that the Toronto public and press had come out in favor of making a larger gift, in spite of such hard tines. As for the Manitona grant, he was sure it would be gratefully acceptable. He moved, seconded by Aic. Leslie, that the grant to the Ottawa Valley sufferers be increased to \$1000, and that the sum of \$1000 be forwarded to the Mayor of Halifax for the Windsor fire fund.

Ald. Sheppard objected that the Ottawa people deserved a larger proportion, and suggested \$1500, and \$500 each to the Mayor of Halifax.

Ald. Leslie explained that the Stou grant to Ottawa had been merely a feeler to the Council. The board wanted to be sure of their ground, but, at the same time, to act promptly. He supported Ald. Lamb of their ground, but, at the same time, to act promptly. He supported Ald. Lamb motion.

Ald. Lamb pleaded for a larger generosity, recognizing no Provincial differences, but taking the Dominion as a whole. "The Lord loveth a cheerful giver," he concluded, with yells of "Oh! Oh!"

Ald. Preston's motion was then defeated, and that of Ald, Lamb carried, the continue of their stream of the defeated, and that of Ald, Lamb carried, the continue of the recognizing no Provincial differences, but taking the Dominion as a whole. "The Lord loveth a cheerful giver," he concluded with yells of "Oh! Oh!"

The Big Store Extends. The directors of the T. Eaton Company, Limited, find the premises devoted to their business, contradictory as it may seem, too limited. They are about to increase them. They have purchased the property immediately north of their present Yonge-street frontage known as the Page property. This gives at least an additional 50 feet. As-to when they are going to occupy it the directors are reticent.

The announcement has been made that it is proposed to hold a Canadian Pure Food Exposition in this city about the middle of November. Food shows are a great success on the other side of the line, and at present one is being held in the City of Detroit. The building in which the exposition will be held will probably be the Mutual-street Rink. It is expected that definite arrangements will be announced by the end of this week. A number of likely exhibitors have been approached by the syndicate having the matter in hand and all seem very favorably disposed towards the idea. A Pure Food Exposition.

Back from British Columbia. Mr. E. Wallace, general manager of the Ontario Gold Fields Company, returned on Saturday from a four-months' trip through British Columbia. He spent most of the time at Sandon, where he secured a group of mines for the company. They are situated near the Payne and Reco, and adjoining the Last Chance. The Slocau District will produce \$0,000,000 worth of ore this year and the prospects are that next year this amount will be doubled.

A Mining Deal in Court.

Judge McDougal, listened to the pros and cons of an action arising out of a mining deal yesterday.

W. H. Syms, a clerk in Beatty, Blackstock & Co.'s office, sued Daniel O'Connor, a Sudbury lumberman, on a note, which he had signed in March last in favor of George H. Headley of Buffalo. The latter sold the note, which was for \$550, for the nomina's sum of \$1 to Syms.

There are several parties to the suit, those of the first, second and third parts. John L. Donovan and Daniel O'Connor agreed to sell a mining claim near Lake Wahnapitae on behalf of the Comstock Gold Mining and

The latter refused to pay, on the ground that he received no consideration for the note, that it was part of the financing of the company, which had not then taken out a charter, and that he was only an agent.

The growth of roses at the Dunlop Mammoth Conservatories has been so great this autumn that Mr. Dunlop has considered it advisable to reduce prices, and, while he has very large demands from Montreal, Rochester, Buffalo and other American cities, he is able to offer roses to the public of Toronto and Canada at the very reduced price of 50 cents per dozen and unwards. The famous productions of the Dunlop Conservatories, such as the American Beauty roses and the beautiful deep red Metcor, have never looked better than they have this autumn, and the low price should be a great inducement to purchase.

Ald. Preston was afraid to leave it to the Board of Control, because he thought Ald. Lamb would have it shelved.
