# MANY CHANGES IN THE COUNCIL MUNICIPAL SITUATION TO DATE

five of the Old Aldermen Will Not Likely Fill Aldermanic Chairs Next Year --- A Glance at the Other Municipal Boards.

changed today.

Both Ald. Stevely and Ald. Matthews are pursuing a very vigorous campaign of personal canvass, and it will not be the fault of either if the ground is not properly covered. Ald. Stevely, the businessman and workingman's candidate, is meeting with great encouragement, and seems destined to win by a very large majority. His candidature is backed up by a strong personal following, together with an enthusiastic support from the labor men of the city.

Change in Council

there is likely to be a great change

The municipal situation is un- in the personnel of next year's board. Of the present council, Ald. Stevely and Ald. Matthews are in for the may-

### gret that all felt in losing two such Miss Bennett received a beautiful pictof the Medical School will be held this Bank Clerks Would Like More Money Local Men State Their Grievances

Is Too Low-Situation in Toronto.

It is likely that in the near futur the bank clerks of this city will hold a meeting to form an organization for

their mutual protection. Steps towards the formation of such an association have already been taken in Toronto, and when spoken to this morning several clerks said that the matter was being talked over

So far no meeting has been held, and no definite action taken, but it is likely that something will be done

The Salary Question. "Our main trouble." said one clerk

this mornnig, "is the salary question. We only get a minimum salary of \$300 the local banks are good fellows," said a year, and when we get moved all a clerk this morning, and we have over the country it is impossible to nothing against any of them. They board-and pay ail our expenses. The are clever fellows, and get along as cost of living is going up all the time, fast as anybody." and everything is a whole lot dearer his folks for money, but it any association.

right along now, with some of us. "We think that if we were to unite we might be more successful in getting the management to grant us an increase that would enable us to live without being dependent on our parets or others.

The marriage Law.

"In Toronto, it is stated, that the keenest interest is being taken in the association, and that some of the older members who are not so much affected by the salary question, are going to try and have the rule forbidding a clerk to marry before he is making \$1,000 a year salary suspended. Some exception is taken to the action of certain banks in importing a number of young Scotchmen, but as far as could be learned there is no feeling of this kind in this city.

Are Good Fellows. "All the Scotch fellows I know in

When questioned, several of the than is used to be. A fellow doesn't like managers stated that they had heard to keep on writing home and asking nothing regarding the formation of
