## CATTLE MARKET A TRIFLE FIRMER

Quality Generally Fair and Demand More Active.

The run of cattle at the Union Yards yesterday-about 900 head-was comparatively light, and a good deal less than anticipated. In view of this fact, and following on after Tuesday's big receipts, the market was a trifle stronger on nearly all classes, quotably from 15c to 25c up. There was a better feeling and a better clean up, notwithstanding the fact that there are still a good many cattle unsold. cattle unsold. Today's receipts will not, it is thought, be very heavy, giving an opportunity for a general clean-up.

The market for milkers and springers is not very good, but the shipping out of two cars for the west by a local com-mission house at prices ranging from \$125 to \$160, will steady up the market

Pretty much all the small stuff is holding steady, with the exception of lambs, and the lamb market is pretty bad. Sheep are holding steady, and the calf market is unchanged. The hog market is unchanged.
The hog market is unsettled, packers offering 18c to the farmer, 18½c f.o.b., and 19½c fed and watered. At 4 o'clock it looked as the few of the tickets were marked, but a settlement will likely be along the lines indicated.
