

The Rotarian Shoe

A new shoe with a new name. The reason for choosing "The Rotarian" as a name for a line of shoes is that we were enamoured with the principles of the organization — "Corner Stone Service, basic principle Character."

Just so with the "Rotarian" Shoe.

SERVICE—Nowadays, when so much in the shoe line is sacrificed to style, the man of limited means will be attracted to a shoe which combines both style and service.

CHARACTER—A shoe, like an individual, must have character. The "Rotarian," being built by experienced shoemakers, will continue during its life to have a shapely appearance.

A. R. GOULD WILL HELP
Frederick Mall—A. R. Gould, president of the St. John and Quebec Railway Company, is here today on business with the provincial government. E. R. Teed, treasurer of the timberland fund, collected by Willard H. Berry for "party purposes," is also in the city. It is understood that while here they will consult with that noted strategist, Attorney-General Baxter, in regard to the military precautions to be taken to prevent an onslaught by alien enemies on the provincial treasury.

BANK LOGS SCARC
It is said that the cut of bank logs above Fredericton this season has been much smaller than last year.

THE MEN OF THE MOUNTED RIFLES

Pure, Rich Blood MADE BY HOOD'S

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is loss of appetite, sometimes faintness, a deranged state of the intestines, and in general all the symptoms of dyspepsia.

Hood's Sarsaparilla makes pure blood, and this is why it is so very successful in the treatment of so many ailments. Get it today.

List of the Volunteers Mobilized Here Under Command of Major McLean—Await Orders to Move to Amherst

No official word has yet come to hand as to when the 6th Royal Canadian Mounted Rifles will leave St. John and other parts for Amherst for central mobilization, but orders are expected daily. In the meanwhile they are carrying on drill here in general preliminary details, and becoming efficient in the ordinary movements. The men are anxious to begin the mounted drill and are eagerly awaiting the word to move. Both men and officers are of an excellent type as care was taken in the selection, and as regards volunteers in the ranks there was an exacting system of elimination.

ROBBING WOMEN OF THEIR HEALTH

Anaemia Unless Checked Passes Into Hopeless Disease

Anaemia is like a spectre that steals on you unawares and drives all happiness out of existence. It is a thief that robs you of your life and energy. Thousands of women in this country are the victims of anaemia (that is, bloodlessness), which spurs neither rich nor poor young or old. It robs women of their health, their vitality, their beauty—of everything that gives a woman her charm.

The chief symptoms of this trouble include a distaste for food, prostrating headaches, extreme languor, loss of weight, nervousness, pale cheeks, lips and gums, heart palpitations, dizziness and a constant feeling of weakness.

The only way to effect a cure is to increase the blood supply—to make it pure, rich and red. Dr. Williams' Pink Pills have saved thousands of young girls and women from the early fate that threatened them through anaemia's ravages, for these pills enrich the blood, stimulate the circulation, nourish the nerves, and restore the energy and perfect health that make women attractive.

If you are a victim of bloodlessness in any way, do not let it run into a hopeless decline, but begin the use of Dr. Williams' Pink Pills today. The following bit of evidence proves the worth of this medicine. Mrs. Maurice Sims, Liverpool (N. S.), says: "Dr. Williams' Pink Pills have been a blessing to me. About two years ago I was so badly run down that I had to give up all work and go to bed. My husband and parents were much worried about me as they thought I was going into consumption. The doctor who was attending me changed his medicine several times, but it did me no good and began to feel very much discouraged myself. One day a friend advised me to try Dr. Williams' Pink Pills and I decided to do so. In a few weeks I felt much better and I continued taking the pills for a couple of months until I was in perfect health. I believe that if I had not taken Dr. Williams' Pink Pills I would not have survived, and I shall always be very grateful for what they have done for me."

You can get these pills from any dealer in medicine by mail for 20 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Spring Opening of Children's White and Colored Dresses

A Grand Exhibit Presenting the Most Fashionable of the New Season's Models From the Tot's First Short Frocks to Dresses for the Little Miss of Fourteen

Commencing Thursday Morning

This will be a wonderful display of pretty dresses in every conceivable style, pattern and color. Gingham and other serviceable wash fabrics appear in combination with white or plain colors, presenting an almost endless number of interesting models for spring wear.

The use of contrasting colors is the predominating feature of the small sizes. It is to be a color season for the little ones, and pinks, blues, reds, stripes, checks and plaids are all represented.

Many of the favorite models have the high waistline, either buttoned on or simply corded, but, on the other hand, there are equally as many with the extreme long French belt or sash. Skirts are shorter and wider in these styles.

It is impossible to give descriptions of all these dainty little dresses, following, however, are brief word pictures of a few of the most interesting styles:

DRESSES IN MOTHER HUBBARD STYLE—Pink and Sky Gingham; ages 1, 2 and 3 years. Each 50c.

DRESSES IN FRENCH STYLE—Pretty Checked Gingham, piped with red and blue; ages 1 to 14. Each 80c.

DRESSES IN BALKAN STYLE—Pretty Striped Chambray, collars and cuffs of satin; ages 1 to 14. Each \$1.15.

DRESSES IN RUSSIAN STYLE—Plain colors, buttonholed with white; ages 1 to 14. Each \$1.15.

DRESSES IN MIDDY STYLE—White Indian head, trimmed with sky; also white middy with navy or sky blue skirt; ages 1 to 14. Each \$1.15 and \$1.35.

DRESSES IN OLIVER TWIST STYLE—White with Copenhagen, sky and pink; ages 1 to 14. Each \$1.50 to \$5.00.

WHITE DRESSES—An immense variety of the handsomest and smartest of the new styles in Mull, Lawn and Voile, plain and in the prettiest of trimming effects; sizes from the wee tot's first Mother Hubbard to dresses for girls of fourteen years.

NO APPROBATION. WHITEWEAR DEPT.—SECOND FLOOR.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

You don't have to prepare the tonic; you can get from any drug store a 50 cent bottle of "Weyth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, scalp itching and falling hair.

Everybody uses "Weyth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

RECENT WEDDINGS

Flewelling-Higgins.
(Montreal Star.)
The marriage of Miss Blanche Irene Higgins, daughter of the late Almon George Higgins, and of Mrs. Higgins, of Cote St. Paul, to George Hartley Flewelling, son of Rev. Flewelling, of St. John (N. B.), was quietly solemnized on Saturday evening.

Henderson-Green.
A quiet wedding took place yesterday at the home of the officiating clergyman, Rev. F. S. Porter, when George Albert Henderson and Miss Annie Green, both of Springfield, Kings county, were united in marriage. Soon after the wedding they left for their future home in Kings county.

FORESTRY WORK FOR UNEMPLOYED

Improving the Woodlands in Massachusetts Gives Employment to Sixteen Hundred Men

Boston, Mass., March 10.—About \$150,000 of state funds is now available for forestry work to relieve the unemployment situation. The Metropolitan Park Commission has \$100,000 to spend on the trees in Metropolitan Park district of Boston, the state forester has an appropriation of \$50,000 to spend in both public and private woodlands all over the state, and a preliminary report made last Saturday shows that 1,600 men are now engaged in the forestry work.

The governor has appointed a "Massachusetts committee to promote work" and James J. Storrow, a prominent Boston banker, on the committee, has just sent out an interesting letter to wealthy landowners, reading:

"Dear Sir: I have been told you own some woodland.

Instead of increasing in value and attractiveness from year to year, your woodland is practically certain to deteriorate in value and beauty unless carefully looked after. The gray moth is causing heavy expense or else serious injury, but can be gradually be put to rest by the 'don't' matter, chiefly to the balance between the different kinds of trees.

The expense to you will be little and may be nothing. The enclosed postal card will cause the State Forestry department to ring your telephone bell and make an appointment to look over your woodland and tell you precisely what needs to be done. In the majority of cases the State Forestry department can help you to get the work done so that you think for your own benefit, but with the end in view that your own benefit may bring advantage also to a few men out of work.

If the Forestry department has already looked over your woodlands, won't you please let us get the work started now without bother to you? Don't think your woodland is too small. If more convenient, ring my telephone bell, 'Main 5400,' and we will set the thing going, but of course subject to your control.

Yours respectfully,
James J. Storrow.

Several of the large woodland owners already have availed themselves of this opportunity to increase the value of their tracts and aid the distress of the unemployed.

CANADA IN THE WAR

The Russian government has given an order for one million Ross rifles and the British government is taking them at the rate of 500 rifles a day from the Quebec factory, for their own use.

The casualty list shows many more Canadians having been wounded at the front. No maritime province men are among the number.

FEW MINUTES! NO INDIGESTION, GAS, SOUR STOMACH—PAPE'S DIAPEPSIN

Digests all food, absorbs gases and stops fermentation at once

Wonder what upset your stomach— which portion of the food did the damage—do you, well, don't bother! Your stomach is in revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head aches and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take Pape's Diapepsin, and in a few minutes you will wonder what became of the

digestion and distress. Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps the stomach regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help; remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gentle and easily that it is astonishing. Please don't go on and on with a weak, disordered stomach; it's so unnecessary

Some unfortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color—pink cheeks and red lips—while theirs are always colorless. The reason for this last named condition is—there is not enough red blood corpuscles in the blood—and a microscope the blood is thin and watery. The flesh is flabby too. Well known physicians assert that the regular administration for several months, of three-grain hyponitrate tablets will greatly improve the color, add to the weight, make the cheeks pink and the lips red and in general be very beneficial. For self-administration, obtain from any of the best apothecary shops.
