Cut Down Coal Bills

Only by getting every bit of heating energy from every scuttle of coal can you keep your coal bills down to a point which represents true economy—worth-while saving. While good Coal Hods are necessary, a

"DAISY" ROTARY ASH SIFTER is vitally important. You just dump the ashes into the hopper, close the cover, turn the crank, sending the half-burned coal into the attached scuttle and the fine ashes into the barrel beneath. Clean and economical.

ORDINARY ASH SIFTERS we also sell, besides Galvanized Ash Barrels, Fire Shovels, Coal Shovels, Pokers, Lifters, Stove Pipe, Black Lead and other cold weather needs in this line.

MGR. HEBERT GIVES UP PASTORAL WORK

Venerable Priest of Buctouche Retires from Parish Charge.

Right Rev. Monsignor John Hebert, V. G., venerable priest of Buctouche parish, has resigned his pastoral charge and will give up active parish duty. He is about 70 years of age and for nearly 40 has been a priest. In all that time he has had the care of but two parishes, St. Paul for the first 20 years and Buctouche also for 20. It was on October 17, 1903, that he transferred from St. Paul to Buctouche. He will have the best wishes of many warm friends for many years of happiness in his retirement from active duty.

The announcement of this change was made this morning by His Lordship Bishop LeBlanc, who also told of appointments following Mgr. Hebert's retirement. These are:

Rev. Philip Hebert goes from St. Mary's, Kent, to Buctouche. Rev. John Gaudet goes from St. Anne to St. Mary's. Father Gaudet is held in kindly memory in St. John as chaplain of the 103th French battalion which trained here for the Great War and went overseas from here, he going with them as chaplain.

Rev. Hector Bellevue of the L'Assomption parish succeeds Father Gaudet at St. Anne. It is Father Bellevue's first parish. He was formerly stationed in St. John and, during the war, was a military chaplain. He is well remembered in this city.

It is with sincere sorrow, says the Moncton Transcript, that the parish of L'Assomption Church has learned that Rev. Father Hector Bellevue, who has been assistant to Rev. Father H. D. Cormier, pastor, for a number of years, is about to be transferred to St. Anne, Kent County, where he will take charge of the parish.

Rev. Father Bellevue has made a large circle of warm friends during his stay in Moncton through his genial disposition, who will regret to hear of his leaving. He has taken a deep interest in sports, and is especially popular with the young people, whose good wishes will follow him to his new field of labor.

SAVES HIS DOG

Stephen Campbell Joins in When Chum is Attacked by Six.

The action of a young lad, Stephen Campbell, in defending his Alredale terrier from a concerted attack by six other dogs in the vicinity of the corner of Sydney and Brittain streets yesterday afternoon, was commented on by a lady who resides in that locality this morning. She said that the lady, who is a driver for Vanwart Bros., was delivering groceries in the south end of the city when the dog, which usually accompanies him on his rounds, was suddenly attacked by the sextette. Alighting from his seat he braved the onslaught of the growling, biting animals, and fought them off and rescued his pet, which by this time had been badly mauled.

Even then his troubles were not over for one of the attackers was persistent in following up the assault and the young lad was compelled to take hold of him, push him bodily through a fence opening and close the gate on him. His action was highly commended by those who witnessed the affair.

EIGHT MORE CARS TO E. ST. JOHN FOR DOCK OPENING

Eight additional street cars will be put into service to accommodate the crowds going to East St. John for the opening of the big St. John dry dock, so M. A. Pooler, manager of the N. B. Power Company announced this morning. Two groups of four cars each will alternate between the head of King street and the terminus of the railway at Little River, operating on about a fifteen minute schedule. A new turnout, capable of accommodating the four cars, has arrived in the city and will be installed in the Westmead road near the corner of Egebert street.

As Hiram Sees It

"Well," said Mr. Hiram Hornbeam to The Times reporter, "I see you folks here got lots o' lamps to your feet an' aint satisfied yet." "No, sir," said the reporter, "we are still in a blaze of darkness." "Well, sir," said Hiram, "fer purse cussedness you can't be licked. Aint St. John the 'git-together city'? Why don't you git together? Why don't one bunch know what the other bunch is doin'—so's they kin keep 'em from gittin' tangled up?"

"The atmosphere," said the reporter, "is so electrified that if the City Council got up close to the Civic Power Commission the members of both would be sheked into insensibility. Also, if the New Brunswick Electric Power Commission got close to the New Brunswick Power Company there would be a fine visible 'Musquash'." "Well," said Hiram, "if you want to know what I think about it—I'd say it's time this here shootin' 'n' yo' shakes a lamb's tail. No wonder folks up west is askin' what's the matter with the Maritimes. The idee of growed-up men sparin' around like a lot o' young roosters—an' making faces at one another like little kids. Blah!"

Affected By Pastoral Changes

LOCAL NEWS

TO LOAD HERE. S. S. Plummer arrived this morning from Halifax to complete loading for Upper Canadian and Great Lake ports.

WINS SCARF. Mrs. Lampert of 42 Acadia street, with ticket No. 13 wins a beautiful bureau scarf worked by Nicholas Charuk of Lunenburg Hospital.

SAID IT WAS TRUE. One man appeared in the Police Court this morning on a charge of drunkenness, pleaded guilty. He was fined \$8 and in default of payment two months in jail.

A BREAK. In George Cunningham's stall in the country market today was to be seen a cabbage stalk on which were 12 heads. It came from the farm of Wm. Brown of Digby N. S.

WAS DENSE. The fog was dense here last evening. It took time to settle only on the harbor and ground as the stars could be seen brightly gleaming overhead.

MR. COPP TO BE HERE. Hon. A. B. Copp, Secretary of State, has left Ottawa for a visit to the Maritime Provinces. He will return about the 21st. Mr. Copp will later come to St. John to be present at the opening of the great dry dock on October 28.

HERE FOR MATCH. The Fredericton High School football team arrived in the city this morning en route to Rothesay, where they will play the Rothesay Collegiate School fifteen this afternoon in the second game of the interscholastic league.

MILK OUTPUT. In connection with the milk question, E. E. Brown, managing director of the Furdy Milk Company said this morning that his company pasteurizes 4,000 quarts a day for other people, and distributes 3,800 quarts on its own delivery, so that the total handled is 7,800 quarts.

MORE FRIENDS GO. Men have been engaged during the last few days cutting down trees in King Square and the Old Burying ground. Some of the trees were dead and considered a menace to pedestrian travel and it was decided to remove them. Other trees are having dead branches cut off.

PINES IN MILK CASES. Sarah Nelson and Thomas Dean appeared in the police court this morning on a charge of selling milk without license. They pleaded guilty and were fined \$5 each. Edward Boyle was also fined \$5 for transporting milk to St. John. Other in cases other than the size and type approved by the Board of Health. Dr. J. Roy Campbell, K. C., appeared in the interests of the Board of Health.

A GENEROUS GIFT. Mrs. E. Atherton Smith, convener of the ways and means committee of the Health Centre, was rejoiced this morning upon receiving from J. S. Gregory a check for \$100. Mrs. Smith spoke enthusiastically of the generous donation in a line example for others to follow tomorrow — which is Health Centre Day. A day of generous giving for this cause which is of so much direct service to all is naturally expected.

FAMILY TROUBLE. A family quarrel, in which the evidence was that the father seized a flower pot to hurl at his son and the latter seized a chair and started for his parent threatening to split his head open, was aired in the police court yesterday afternoon. The defendant in the case was Herbert Nichols, colored, who was arrested on a charge of assaulting his father, Charles A. Nichols. Magistrate Henderson struck a fine of \$20 against the accused, but allowed it to stand pending his future conduct.

LOOKS LIKE WORK ON BREAKWATER

Department Notice of Discontinuance of Light About Nov. 15.

A notice which was received in the city this morning, issued by the Deputy of Marine and Fisheries, Ottawa, gives notice of the discontinuance of the light at Negro Point breakwater on or about Nov. 15, and is taken as confirming announcements that the extending work will be undertaken immediately. Alexander Gray, engineer of the Public Works Department, is at present in Ottawa, probably in connection with this matter. The official notice reads: "(190) Bay of Fundy—Entrance to St. John Harbor—Negro Point breakwater is to be discontinued. Date—On or about November 15, 1923. Position—About 50 feet from outer end of Government breakwater, west entrance to harbor."

COAL SHOULD BE NO HIGHER HERE

That is Summary of Situation From Enquiries by Times.

From enquiries made today The Times-Star finds that there is no good reason to expect higher coal prices in St. John in the coming winter than those of last winter. There is an abundant supply of soft coal in sight. Of Welsh semi-anthracite, 4,000 tons have been imported, and 2,000 tons of Welsh anthracite is on the way. There is also Scotch coal. Any advance in the price of American anthracite at the mines is not likely to be sufficient to justify advance here. Something depends on whether dealers buy from the companies or New York brokers, the latter of course getting a snug commission.

In regard to handling coal here, at least two firms have found a way to reduce the cost. Whereas last winter considerable coal was landed at a railway wharf and had to be hauled by rail to the yards, it has been found that by chartering a small steamer the coal can be laid alongside the firm's own sheds, and this should make a material difference in cost.

Regarding coke, it is noted that the price is just about high enough to keep out American, and it is alleged is higher than the cost of production would warrant.

FAR FROM HOME

Big American Squirrel Shot Today Near the Manawagonish Road.

When George McPherson of Manawagonish Road, was passing through his yard this morning he saw an unusually large squirrel chasing a small one in one of the trees. He got out his rifle and shot the attacker. He found that the animal was 28 inches long from tip to tip and had a tail which was fully 12 inches long. It was almost entirely grey in color, with slight touches of brown underneath.

Winter is Coming-- Is Your Property Protected?

Most people consider paint and varnish as a mark of beauty, but their real function is to protect and preserve. Is your property ready to brave the rigours of winter? You insure your property against fire. With paint and varnish protecting your property it is equally insured against the ravages of time and the elements. Paint this autumn and save the repair money that you will inevitably lose if you commence the winter with your house unprotected. "Hand and Ring" Pure Prepared Paint is GOOD paint—made with dependable oils and lasting colors. It not only protects you against loss in property value, but it adds beauty and attractiveness to your home.

The Table of a Hundred Uses

What a blessing a Folding Table is! One that may be kept behind a door or in a closet, ready at any moment for the odd game of cards, for serving tea on the verandah, or even for ironing there on a warm day, or in the cool of the evening it will support the phonograph or father's smoking kit and the daily papers. The one illustrated is so light (weighing only 11 pounds) so strong (will support half a ton) so compact and so easily handled and withal so good looking, that it is not surprising that "everyone who sees one wants one." As shown, with fumed oak top, price is \$5.65. Others have felt top or linoleum top and some are larger in diameter. Let us show you how necessary they are in your home.
