SHOULD GO AHEAD WITH HYDRO POLICY

United Organizations Hold Meeting to Discuss the Power Situation - Another Meeting Soon.

Herbert Phillips, chief spokesman for the United Organizations during the last civic election in their fight for civic distribution of the Musquash current, assumed responsibility for the New Brunswick Power Company's offer to the city, as read by Mayor McLellan at yesterday's special meeting of the common council, at a special meeting of the executive of the United Organizations last evening in the Y. M. C. A. Roy Willett, president of the club, presided at the well-attended meeting. Mr. Phillips' declaration came after he had been under a lengthy bombardment of questions from members present in regard to the negotiations at City Hall with Messrs. Bodell and Sanderson, representing the first preferred stockholders of the company.

The meeting was called, the chairman explained at the outset, for the purpose of discussing the Power Company's offer and the statement by Mr. Phillips, one of the founders of the organization, that he believed that acceptance of this offer was the best course to adopt as a surprise. The meeting finally decided to postpone action to allow the different delegates present time to place the whole matter before their respective organizations. Another meeting is to be called not later than next Friday night.

The chairman explained why the meeting had been called, and pointed out that the company's offer meant that the city would be expected to pay at least about \$4,200,000, if the offer were accepted. A great deal of valuable time had been wasted, he declared, in view of the city solicitor's opinion of the proposition. The price named by the company was altogether unreasonable, he declared. He felt that the common council should go ahead with the carrying out of the mandate of the people, which was a civic distribution system. He was strongly supported in this view.

Mr. Phillips was then called on to explain his stand in the matter and for the space of two hours, he was kept busy answering questions from all sides. In reply to a question, he said that his report and that from the city solicitor had been written concurrently but even, in view of what the solicitor had said, he felt that the will of the people was superior. He went to state the views expressed in his report read at City Hall yesterday.

In answer to a question he declared his intention of resigning from the civic hydro commission, which, he said, had developed into a "one-man commission."

A prolonged discussion then took place, after the cross-examination had ceased, and it was finally decided to call another meeting not later than Friday night of next week.

BOY OF EIGHTEEN HELD FOR MURDER

Charged With Shooting Waters Hutchins, a Prosperous Farmer of Roxville, Digby County.

Digby, N. S., Aug. 4.—Garfield Tebo, brother of John Tebo, who was hanged a few years ago for the murder of Edward MacGregor, was arrested tonight and lodged in jail, charged with the murder of Waters Hutchins, a prosperous farmer at Roxville, about two miles from Digby. The prisoner is eighteen years of age.

In company with another boy, Titus Naas, about the same age, Tebo started for the woods this morning with the intention of shooting. Early this afternoon, it is alleged, they shot at a lamb and wounded it. Mr. Hutchins heard the shot and went to the boys to find out what they were shooting at. In reply to his question Tebo said they were shooting at birds, but Mr. Hutchins thought otherwise and accused them of shooting at his sheep. He ordered them to follow him and started for the road. Tebo a few feet behind and Naas bringing up in the rear. After going some distance, Naas says he stooped down to pick a tempting bunch of blueberries, and as he raised up he saw Tebo point the shotgun at Hutchins' head and pull the trigger. Hutchins died immediately, falling on his face.

Hutchins' body was found in one of his fields about a quarter of a mile in the rear of his residence. The back of his head had been shattered by shot. A portion of the brain was found about eighteen feet away, and portions of the skull bone ten feet from the body. The body was found by Hutchins' young son, who went back to look for a stray lamb and came across his dead father lying on his face. The boy thought he had been kicked by a horse and gave the alarm to that effect, but on examination it was found that death was the result of gunshot wounds. Hutchins had been to dinner at his usual table and started back to work, saying he would return in an hour. One of his children says a strange man was with him, but did not know who it was, although he thought he could recognize him if he saw him again.

Hutchins was a son of the late William Hutchins, and was fifty years old. He leaves a wife, who was Miss Giddey, of Rosway, and a family of six children, besides six brothers and two sisters.

ARRESTED FOR DEATH ON TRAIN

Man from Kentucky, Ready to Sail on the Paris, Traced by Means of Dead Man's Trunk.

New York, Aug. 5.—As he was about to sail for Europe on the steamship Paris, Paul Cepek, forty-eight years old, of Lynch, Ky., was arrested by Detectives sergeants George Andrews and William Trantzer of the East Fifty-first street station as a fugitive from Elyria, Ohio, in connection with the murder and robbery of a fellow-passenger on a train there last Sunday. Cepek was captured by means of two trunks he had sent to the Grand Central Terminal. One of the trunks, according to the detectives, was the property of Anly Airenwiche of Lynch, Ky., the slain man.

A telegram from Sheriff M. D. Bachus of Elyria stated that Kirchowitch and Cepek were on their way from Lynch, Ky., to their old home in Jugoslavia, and that when the train on which they were riding was within thirty miles of Cleveland, Kirchowitch was robbed and thrown off the train to his death.

Detectives located the two trunks in the baggage room of the terminal, and took up a vigil for the man who would call for them. Two men drove up in a motor truck, and one of them presented checks for the trunks.

The detectives questioned the men, and learned that they had been hired by a stranger to bring the trunks to the steamship Paris of the French line at West Fifteenth street and the Hudson River at noon. Andrews and Trantzer explained that they were detectives, and borrowing the uniform, caps and jumpers from the chauffeurs and his assistant, drove the motor truck with the two trunks to the steamship.

Cepek claimed the trunks there, explained that he was in a hurry to get on board and offered them \$1 if they would carry the trunks for him. When they asked him about Kirchowitch, whose name was on one of the trunks, he replied: "Oh, he's a friend of mine. He was to return with me to our home in Jugoslavia, but he got off the train at Cleveland, after giving me \$100 to mind for him, and he didn't come back. I guess he'll get on board the Paris before she starts."

Cepek was placed under arrest and taken back in the motor truck with the two trunks to the station. Detectives found \$1,500 sewed in his inner shirt, \$615 in his pockets and \$20 in a money belt.

O'Neill, who is head instructor of the Federal aviation school, and Antonio Rivers, acting director of the school, who was in the plane with O'Neill, were badly injured.

The accident occurred at Pachuca, forty miles from Mexico City. CELEBRATE SIGNING OF THE PALESTINE MANDATE, HERE

A meeting to celebrate the signing of the Palestine mandate by the League of Nations, was held yesterday morning under the joint auspices of St. John young Judeas and St. John Hebrew school in the vestry room of the synagogue. The meeting was presided over by Eli Boyaner and the programme consisted of recitations by the members as well as addresses.

The first number on the programme, after the opening ceremonies and special prayers for England, Canada, Lord Balfour, League of Nations and Jewish leaders had been said, was a violin solo by Miss Betty Brodie, of Sydney (N. S.). Miss Brodie lived up to her advanced reputation and was ably accompanied by Bayard Currie. The chairman then introduced the speaker of the morning, H. A. Powell, K.C.

Mr. Powell pointed out that this was the third home-coming of the Jewish people to Palestine. He referred to the great Hebrew principle, the singleness of one deity; and said the people of today could again look forward to the rebuilding of the temple, which he hoped would be far greater and finer than either of the other two. He appealed to the boys and girls to try and collect as much money as possible during this winter to help in the rebuilding of Palestine. Referring to the mandate, Dr. Powell said that Lord Balfour had only acted according to the wishes of the English people.

A vote of thanks, moved by A. Poyas and seconded by A. Ralph Isaacs, was tendered him by the chairman. After Dr. Welner had spoken a few words on the significance of the event, light refreshments were served and the meeting was brought to a close with the singing of God Save the King and the Jewish national anthem, Hatikvah.
