

Dealers Agree To 14 Cent Price For Milk

Beginning Monday, November 11, the householder in the city of St. John will play 14 cents per quart for milk. This decision was arrived at last night when several of the milk dealers in the city met officers of the Kings County Milk Producers' Association. W. H. Huggard, the secretary of the organization, stated that on account of the increased price of feed for the cattle, its scarcity and the death of labor on the market, the association was forced to increase its prices.

The association, through its officers, issued the ultimatum that unless the dealers agreed to pay them two cents additional per quart for milk the supply of milk coming into the city from Kings county would immediately be cut off. The dealers, on consulting with one another, decided that it would be a great hardship or worse if at the present time, with an epidemic in the city and the great demand there is for fresh milk, the dealers refused to accede to the request of the officers of the producers' association. They finally agreed to pay the two cents a quart additional demanded, but under protest.

A prominent milk dealer in the city informed the press last night that dealers in the city would protest to the Canada Food Board and inquire whether or not the association had the right at this time to increase the price of milk two cents per quart, all other conditions being considered.

The bulk of the milk distributed by dealers in the city comes from Kings county, and in event of a strike of the members of the producers' association the city would be practically without fresh milk. From now until November 11 milk will continue to retail at 12

cents per quart, but after that 14 cents will rule the market unless some unforeseen change comes up.

The city council will probably be asked to take action. Under a recent order-in-council the council has the right to name two of its members a fair price committee which is authorized to investigate any alleged unfair charges and ask the attorney-general to take action.

The Sour Milk.
Respecting the sour milk, which arrived in the city a day or so ago, one prominent milk dealer stated that he did not believe that it had anything to do with the present situation nor that it was a means to an end. He explained that now as the cooler weather was coming on some of the farmers, having exhausted their supply of ice or running low on ice, were not icing their milk as heavily as they should and with the prevailing damp weather, with a high degree of humidity, the milk soured.

It is understood that the association has decided to place its arguments for increased prices for milk before the public through the press within the next few days.

Catholics Buncoed

Revolutionists in western Mexico have been profiting considerably by promoting religious celebrations among the people and appropriating the money offerings according to the Rev. Eugene Sugraves of San Antonio.

It has long been the practice for the people of the states of Sonora, Sinaloa and other states of Mexico to go to Magdalena, Sonora, by the thousands in October of each year to participate in the great feast in honor of the cherished St. Francis Xavier in the parish church. The Catholics present their offerings of money at the shrine of the church, and this usually amounts to a considerable sum in the aggregate.

All Catholic priests were exiled from that part of Mexico in 1914 and 1915, and the annual religious festival at Magdalena was discontinued. It occurred to the revolutionists that they might re-establish the celebration with profit to themselves. They did it last year and Father Sugraves tells how they worked it.

"They had big posters printed announcing the great feast. Programmes were sent broadcast giving minute information concerning the services in honor of St. Francis. They told the people that the holy sacrifice of the mass would be celebrated. The people were eager to hear mass, which had not been celebrated for two years, and they came to Magdalena by thousands. But no priests were allowed to celebrate the mass."

"The visitors and pilgrims were greatly disappointed, but in fulfillment of their vows and promises they left their offerings, performed their private devotions and returned to their homes with heavy hearts."

According to reports the promoters collected \$100,000.

Animals Suffer Through Epidemic

A report of the October activities of the Animal Rescue League by the president, Mrs. W. F. B. Peterson, says: "During the anxious and busy times of the past month the league has also had increased demands. Perhaps because of the prevailing epidemic people are afraid of their animals as carriers of disease but many sad cases of dogs and cats, evidently household pets, turned adrift have come to the care of the league."

In one case two dogs locked in an untenanted attic would have starved to death had not a kind neighbor, who found the cries, given them food and notified the league. Another dog had been whining about the yard of a citizen for several days before the league was called. The messenger found the dog lying in the pouring rain unable to move. Upon carrying him to the shelter the hind-quarters of the animal were found to be paralyzed and it was in a most wretched condition from starvation and exposure. Another dog was found lying in the gutter and for a number of days had been staggering about the street where children played. A well bred terrier, abandoned by its owner, who had moved away, became a waif on the street, until taken by the league where he has proven a most attractive little animal and awaits a good home.

A splendid specimen of sheep dog, travelling with his owner, who left it on the street and continued on his journey without it, had become very wild, but

Rheumatism

Rheumatism has become so common nowadays that hundreds of people make no effort to rid themselves of its fatal grip, believing it to be incurable save in exceptional cases.

No greater fallacy exists. Sufferers from rheumatism can be relieved if the cause is remedied and removed. Let us examine the facts. The direct cause of rheumatism and kindred diseases is poisoning of the blood stream, through failure of the kidneys to filter and remove the impurities that are constantly collecting in the system.

Once the kidneys are out of order, the trouble starts. The poison-laden blood circulates through the system, deposits its impurities in the muscles and joints, setting up infection, and Rheumatism, Lumbago, Sciatica, etc., follow.

The first step necessary is to bring the kidneys to perform their natural function once again, and relief will be the immediate result. Gin Pills will do this, and will save weeks of fearful suffering if taken at the first indications of rheumatism.

Gin Pills have been recognized as an assured relief to sufferers from rheumatism, backache, painful urination, brick dust deposits, and gravel. Thousands of testimonials bear witness to the fact that they save weeks of fearful suffering if taken at the first indications of rheumatism.

after some coaxing was caught and placed in a good home outside the city. "A kitten covered with mange was taken from the arms of two little children who were kissing and hugging it and had to be bribed with pennies to give up their pet which they said a woman had thrown out of a nearby door. "Cats of all kinds and in all conditions have been gathered in from the streets and yards, as well as many dogs all more or less wretched. All are cared for with kindness. A lost lamb was

sheltered for a number of days and a large number of injured pigeons were also received. Reports of cruelty to dumb animals have been received and prompt action will be taken as soon as the names of the culprits have been obtained. Complaints of treatment of the mail horses by their drivers have begun to come in.

"A little horse rescued from a delivery wagon last spring was such an appealing fellow we could not deny him though his owner stated that he
