### DOES NOT FAVOR BLACKSOD BAY

SIR T. SHAUGHNESSY ON PROPOSED NEW PORT

Says C. P. R. is Ready to Do Its Share in Providing Fast Liners.

London, Dec. 15.-Sir Thos. Shaughnessy, interviewed at Fishguard with

reference to emigration, said: "Recently when 1,600 small holdings were offered in England there were 35,000 applications. All these could be nodated in Canada. We propose to prepare land for this class of small holder, build his house and fence his holding, break part of the soil and sow it, so that he can come all ready to settle down. This will be within reach of any English country man who has \$500 capital to make a start.

"There is really nothing to say about the rumors of building new Canadian Pacific liners for the Atlantic service. We are willing to do our part; the remainder depends upon the support that will be given by the govern-ments. With 21-knot steamers we could make the Atlantic passage in the same time as the Cunard boats. With a 21knot service we could equal the Lusiania, and with 22 knots we could beat Annual Meeting Held on Tuesher. With the assistance of the two governments I hope to see such boats, but there is no definite plans for them

"The idea of starting boats from Blacksod Bay, Ireland, does not seem to be practicable. It would cost as much to carry emigrants from Liverpool to Blacksod as we now receive for the entire journey.

"On the question of Canada's naval contribution, personally I should like to see Canada ask England to draw up a plan and build two Dreadnoughts at Canada's expense. Then we should lend them to England on a ninety-nine years least for a dollar a year." Speaking of the launch of the

steamship Prince Rupert at Wallsend, F. B. Girdlestone, general manager of the Bristol dock committee, said he hoped that they would shortly have the co-operation of the Great Western railway of England and the Grand Trunk railway of Canada for the provision of a service of high speed passenger steamers between Avonmouth dock and Montreal. It would form the shortest route, he said, between Montreal and London.

Widespread publicity is given Sir Thomas Shaughnessy's views. It is regarded as noteworthy that he dismisses as impracticable a fast service via Blacksod Bay, Ireland, which is associated with the British government's announced intention to contribute £135,000 towards a connectin railway in County Sligo. Much interest is also taken in President Shaughnessy's scheme to British settlement in the west by preses, fencing land, breaking and sowing a portion of the soil, etc.

SMUGGLING OPIUM

Prisoner Suffers Lapse of Memory During Trial at Vancouver.

Vancouver. Dec. 15 -A case of opium smuggling from the steamer Empress kins, Mrs. Goepel, Miss Carr, Mrs. of China held the boards in the police court Monday. The accused were F. C. Donovan, a white man, and Cum and Hardie, Hay, Cameron, Jenkins, Todd, Yuen, Chinese. Donovan was caught taking some tins of opium ashore, but said he had paid the two Chinamen of customs, went on board and at that time Donovan seemed to be sure that Cum and Yuen were the two men from whom he had obtained it; but in the police court he suffered from a lapse of memory, and could not say that he
