COLOMBIAN REVOLT

Former Government Gunboat Now Employed Carrying Revolutionists.

Panama, Aug. 20.-The former govrnment gunboat Boyaca, which left here July 29th to carry 300 soldiers to Agua Dulce and which was captured by the Colombian revolutionists, is now at sea flying the rebel flag. The rumors that the Boyaca had been sunk are therefore refuted. Before she left here Gen. Salazar, governor of Panama, or-dered the commander of the Boyaca not to fire the guns on that vessel because he feared the bad condition of the Boyaca would endanger those on board if her guns were discharged. Revolutionary reports of the capture of the gunboat are that she fought two hours before being captured, and it is believed in government circles that some acci-dent to her machinery or rudder forced the commander of the Boyaca to accept unequal battle until further resist-

ance was impossible. The Boyaca is a very old ship, and
