ded on the Field - Convoy

LONDON, Feb. 16.—Bishop Hartzell, according to the latest mail advices from the Cape, has been preaching with great force to Dutch and English congregations in Cape Town on the moral aspects of the war, taking the British side with almost passionate earnestness, and appealing to the Boer soldiers, after their heroic resistance, to be brave enough to acknowledge defeat and desist from warfare which could not be justified on the grounds of expediency or necessity. The American bishop also boldly prelicted the reunion of the warring races in South Africa almost as speedily as the North and South had been drawn

together after the Civil War. CAPE TOWN, Feb. 16 .- While our troops were engaging a party of 50 Boers near the junction of Wilge River and Leeuwspruit, 100 men of Wessels' commando crossed the Wilge lower down, and rushed and drove in the Light Horse rearguard.

A most exciting incident then occurred. Seventy Boers, wearing British cavalry cloaks, in the rain, and under cover of the fire of a number of Boers who were in a kraal on a hill, coldly charged the Light Horse position, evidently with the object of capturing the Light Horse pom-pom. The enemy fired from their horses while charging the hill, but received a heavy fire from the Light Horse defending the pom-pom, which expend-ed all its amumnition. The enemy came within 50 yards and then broke and fied, the New Zealanders' Maxima and pom-pom helping to scatted them. Four Boers were killed and many

BRUSSELS, Feb. 18.—The Belgian League for the rights of man has addressed an appeal to President Roosevelt, asking him "for the love of God, to intervene to prevent the possible execution of the Boer commandant Kritzinger and others." LONDON, Feb. 26.-A despatch from

Lord Kitchener, made public today, says:—"A convoy of wagons was at-tacked and captured by the Boers, southwest of Klerksdorp, Transvaal Colony, Feb. 24. The escort consisted of a force of the imperial yeomanry, three companies of the Northumberand Fusiliers and two guns. The

KINGSTON, Feb. 27.—Colt Metcalfe, son of J. H. Metcalfe, ex-M. P., writes from South Africa that Driver Forest who went out with "D" battery two years ago, has been recommended for the Victoria Cross.

LONDON, Feb. 27.-The attack made by the Boers, numbering 600, and driving cattle before them, to rush the outpost line near Bothasberg, Transvaal Colony, during the night of Feb. 22 was most determined. They were led by two well-known fighters, Ross Hands and Manie Botha. When the Boers realized that their attempt to actually break through the wire fences was frustrated, they crouched beside the dead cattle with which the ground was thickly strewn, and from that defence poured a heavy fire on the Brit-ish troops. The fusilade was steadily returned and finally the Boers were driven back, leaving fifteen dead and six wounded on the field. They also left 170 dead or wounded horses and the entire herd of six thousand head of cattle.

FRENCH ADOPTS SAME PLAN VERMONT TRAGEDY. USED AGAINST DE WET.

(Special Cable to Toronto Empire.) PRETORIA, Feb. 25.-Gen. French has inaugurated a move against the Boers in Cape Colony similar to that recently adopted by Lord Kitchener against De Wet's forces.

Great interest attaches to this ad-

vance against the combined comman does of Boers and rebels who have for many weeks been making themselves at home in the northwestern part of Western Cape Colony.

The strength of the enemy is unknown, but it is probably not less than 1,000, many of whom, however, are said to be unarmed rebels. The supreme command is in the hands of Commandant Maritz, who distinguished himself some months ago by raiding for horses within 30 miles of Cape Town. Under him are Commandants Pyper (successor to Scheepers), Beuwers, and Theron, and Mr. Smuts, ormerly Transvaal state attended. The last mentioned will be r bered as the leader of the attack or

September, in which the British sustained serious losses. Commandant Maritz, in anticipation of the British advance, has been sending large quantities of grain into Bushman Land, the vast, dry, and partly unsurveyed region bounded on the west by Namaqualand and on the north by the Orange River. It is exected that the Boers will retire into this district, where pursuit will be difficult and campaigning very ardu-

BOER LIES IN INDIA.

The most entertaining lies told about the British troubles in South Africa may be found in a French newspaper printed in the little far away French colony of Pondicherry in India. They are so diverting that the English themselves see the loke. One of the best things that passed for news in Pondicherry was an account of General Buller's alleged capture by the Beers:

"General Buller stood in a humble and supliant attitude before General De Wet. Greatly moved by this heartrending scene, General De Wet, who looked like God himself, asked Buller if he had anything to say. General Buller replied in these words: "Sir, I am a poor man. I entangled myself in this war owing to my inability to bear the worry of the British government. Grant me my life and I will go." "Buller was thereupon released. General French, however, was shot, after having broken his parole. King Edward, it is reported, has given medals to three thousand runaways from the British army, to keep up appearances. But the British army, to keep up appearances. But the British money chest is so low that the government now robs London resideness by night." BOER LIES IN INDIA.

BROKE JOHNSTOWN FLOOD RECORD

LANCASTER. Pa., Feb. 27.—After having risen 19 feet and breaking the high water record established in 1889 during the Johnstown floor, the Susquehanna began to fall today. Tonight it is five feet lower at Columbia than it was at this hour last night. The feeling of slarm has passed and it is believed the worst is over. The big gorge in the vicinity of Washington hours and Turkey Hill is still a menace, however, but the channel which has opened through it along the York county, it is thought, is large enough to carry off the flood water.

The children, the son referred to, aged 20 and a daughter three years older, sent word to the village and Constable Mason went to the farmhouse. Ikey consented to go to Rutland without even discussion of what he had done. On the way he refused to talk, but other wise acted quite rational. He was

placed in the county jail here tonight. He was asked later if he realized what he had done and he said he did. He told a rambling story, not quite clear in details, that his wife was trying to drive him away from home; that he had a sore on his leg which hurt, that when his wife touched him the face the sore appeared there. He also said someone was trying to poison him. He had the idea that poison was

placed in the bread. The town of Wells is greatly ex cited over the murder and some of the neighbors tonight say they had enter-tained an idea that Ikey was crary. The children say that their mother and father were a loving couple and no disagreeable words had been ex-changed at any time.
