News Summary.

DOMINION.

— Twenty-six square rigged vessels were in port at Baie Verte on the 16th inst.

— Lobster fishing is reported good in P. E. Island, some factories taking 20,000 a day.

— There were 241 applicants for teachers' license at the recent examination in Fredericton.

— Chief Engineer Schreiber reports that the Cape Breton railway will be opened for traffic on August first.

— The shipments by steamer from Summerside to Point-du-Chene during the week ending the 18th, included 54 horses, 43 cattle, 1,113 cases eggs, 2,185 bushels potatoes and 2,400 lbs. starch.

— The recent coal discovery at the foot of the North Mountains, near Spa Springs, N. S., called the Albert coal mine, is about to be developed. Good specimens of iron ore have also been found in the immediate vicinity.

— In view of the vote of last session for tidal observations, the Minister of Marine has ordered a number of tidal guages, which will be placed at different stations along the Gulf and Atlantic coast for the purpose of accurate registry.

— The St. John public library issued 10,000 volumes last year. The Halifax public library is in a very dilapidated condition, but an effort is to be made to re-establish it in popular favor. A number of new books are to be purchased.—*Herald.*

— A quarry has been opened up by S. L. Chapman on his property on the Petitcodiac river. About ten men are at work and a large quantity of stone is being shipped to Moncton for building purposes. The quarry is of olive freestone and of splendid texture.

— The following are the successful tenderers for supplies for the Dorchester penitentiary for next year: Flour, Turnbull & Co.; beef, James Minehan; groceries, George Robertson, all of St. John; dry goods, Burns & Murray, of Halifax; leather, C. J. Upham, of Halifax.

— The National Improvement Co. of New York, have purchased from the English bond holders the Salisbury and Harvey railway for $70,000. It is proposed to repair the road, and to extend it to the manganese mines the National Improvement Company have purchased in Albert County.

— Lobster packers have been petitioning the minister of fisheries for an extension of the season of catch on the ground that cold weather has made the season later. The reports of officers of the department, however, show that the catch has been excellent, owing largely, it is believed, to the enforcement of the close season for the past two years.

— Very few people realize the amount of business going on at present in Parrsboro. There are twelve square rigged vessels in port loading deals and about twenty lighters, two steam tugs, and a great number of men are employed hauling the deals. The Amherst *Sentinel* says vessels are also building all along the shore from Eatonsville to Five Island and no man who wants to work need be idle.

— A twenty-five mile cable will be laid between Anticosti and the North Shore of the St. Lawrence by the Dominion government, securing direct communication. Fishermen along the North Shore will get information respecting the supply of bait at low rates. Other cables to and from the adjacent islands near British Columbia, Cape Breton and New Brunswick, in the Bay of Fundy, are also to be constructed.

— The St. John Exhibition Association have received information from the I. C. R. that very favorable arrangements will be made for running trains between Exhibition Buildings and Moosepath Park during the exhibition weeks. The company have also agreed to relay the track running into the buildings to facilitate the handling of heavy freight. This will be proceeded with at once. The association are also informed that the usual favorable exhibition arrangments will be made both for passenger and freight during the time of the exhibition.

— The Fredericton *Gleaner* says that an army of caterpillars struck the New Brunswick Railway track yesterday, between Wassis and Russagonish stations, extending for a distance of about half a mile and rendering the rails so slippery that the wheels of the locomotive and cars went round and round without any progress being made. The appearance of these pests so early in the season indicates, it is feared, another such plague as we had here 12 years ago, and which gave the railway men so much trouble and annoyance.

— Within the past few months the people of East Chezzetcook, N. S., have been losing sheep and fowls in a mysterious manner. Some nights ago Mr. Joseph Richards and Mr. Wm. Pettipaw determined to stand guard, armed with rifles, in a certain locality, and give the marauder a warm reception. At midnight they were much astonished to see a large bear emerge from the underbrush and deliberately climb over the fence surrounding a hog pen. Bruin secured a young pig and was making off with it when both men fired, the bear dropped his burden, ran a short distance and fell dead. They waited until daylight before approaching and then discovered that the animal was full grown and weighed about 800 lbs.

— From the report of Mr. Edwin Gilpin, jr., inspector of mines for Nova Scotia, for the calendar year 1889, are abstracted the following. The summary of the production of principal mineral products for 1888 and 1889 is:

"Many of our people have been cured here this winter of severe colds and coughs by the use of *Wistar's Liniment*; it is selling fast," so writes the manager of a grange store in New Brunswick.

— The clergymen of Sussex will appeal to the municipal council for the appointment of a Scott Act inspector.

— The Woodside sugar refinery, Dartmouth, has been bought by a strong Glasgow company and will resume work shortly.

— A gentleman of this town has in his possession a curiosity in the shape of two ducklings hatched from one egg.—*Yarmouth Light.*

— Nothing adds so much to a person's appearance as a fine tick head of hair of even color, and to assure this use only Hall's Hair Renewer.

— This season's arrivals of ocean vessels at Quebec show excess of 33 sailing ships and nearly 38,000 tons, and 7 steamships and 35,000 tons, as compared with the same date last year.

— There are three quarries now in full operation at Wallace, N. S., with three separate wharves for shipping accommodation. A large amount of business in this line is expected to be done this season.

— There are twenty-eight lobster factories within twenty-four miles along the shores of Botsford. The catch of lobsters is not as good as last year. The prevailing winds have been against successful fishing.

— Hon. Elizar Wright, late Insurance Commissioner of Mass., and the father of life insurance science in America, says: "There is no reason why a life insurance association which insures without banking, should not be as permanent as any other, and better accommodate all those business men who wish to have all the capital they can for use in their own business." Such is The Dominion Safety Fund Life Association, St. John, N. B.

— The steam shovel is at work near the Tidnish end of the ship railway. A word about this machine. It has an immense scoop, suspended by heavy chains at the end of a long beam and is guided by a heavy handle like beam which forces it into the ground, and the engine by means of the chains draws it up. Each shovelful contains 1¼ cubic yards of earth, and 1,000 yards can be easily taken in a day's work. It will scoop out a radius of 30 feet without being moved. It will work anywhere but in solid rock. The engine is about 75 horsepower.—*Post.*

BRITISH AND FOREIGN.

— A monument to the Duke of Brunswick was unveiled Sunday, on the spot where he fell at Quatre Bras, in the presence of the German minister at Brussels and delegates from Brunswick and Belgium. A memoral plate was also affixed to the house in which the duke died.

— The Krupp company has just despatched the largest gun which has ever been manufactured from Essen to Hamburg for shipment to Cronstadt, it being the property of the Russian government. The gun, which is made of cast steel, weighs 235 tons, and has a calibre of 13½ inches, and a barrel of 40 feet in length. It fires two shots per minute, and each charge costs £300. It was tested at Essen before a number of Russian officers, and, after penetrating 15 inches of armor, the projectile went 1,400 yards beyond the target.

UNITED STATES.

— The Governor of New York has vetoed a bill providing for flags for the public schools of the State.

— It is expected that the census returns will show the population of New York city 1,700,000—an increase of 500,000 in ten years.

— The Farmers' Alliance of Minnesota, representing 45,000 farmers, will hold a state convention on July 16, and put in nomination a full state and legislative ticket for the coming campaign.

— A Washington despatch to the Toronto *Mail* says that the senate finance committee, who are considering the McKinley bill, have, owing to demands made by agricultural organizations, again placed on barley a duty of 30 cents per bushel.

— Trouble is brewing for the carpenters and builders' association in Chicago in the matter of hiring foreign contract labor to take the places of strikers, and already over fifty cases of violation of the contract law are in the hands of special agents, who will refer them to Secretary Windom. Most of the men imported are Canadians.

— A large shortage is reported in the rice crop, and it is believed that the United States will be largely dependent upon the foreign yield to supply its own deficiencies. The rice crop throughout the world is short. Some foreign sections which have hitherto exported large quantities, are importing to supply their own wants. The crop of the United States is practically exhausted at all milling centres.

— A cablegram from London, June 9, said: "Major Pond to-day signed a contract with Henry M. Stanley for fifty lectures to be delivered in the United States. For the entire course Stanley will receive $50,000, getting at the rate of $2,500 in New York and other large cities, and $1,000 each in the smaller ones. The first lecture will be given at the New York Metropolitan Opera House, Nov. 11th."

Strictly True

In every respect and attested by the testimony of thousands that Putnam's Painless Corn Extractor is a sure and painless cure for corns. The claim that it is just as good made by those endeavoring to palm off imitations for the genuine only proves the superiority of "Putnam's." Use only Putnam's Painless Corn Extractor. Sure, safe, painless.

EXTENSION OF TIME

Is often asked for by persons becoming unable to pay when the debt is due. The debt of Nature has to be paid sooner or later, but we all would prefer an EXTENSION OF TIME.

Puttner's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda, may give this to all who are suffering from Coughs, Colds, Consumption, General Debility, and all Wasting Diseases. Delicate Children who otherwise would pay the debt very speedily may have a long Extension of Time. Try PUTTNER'S EMULSION. BROWN BROS. & Co., Chemists and Druggists, Halifax.

MCCUTCHEON.—At New York, June 8, of acute enteritis, Ethel Attarian, aged three months and 23 days, only daughter of Charles and Sarah McCutchen.

WEATHERBEE.—At Eastville, Colchester Co., N. S., June 9, of consumption, M. Emma, aged 24 years, daughter of Edward Weatherbee. Her end was peace through trust in Jesus.

JONES.—At Milville, York Co., June 12, of consumption, Edith C., aged 20 years, beloved wife of Alexander Jones, leaving husband, parents, one sister and a large circle of relatives to mourn their loss. Her end was peace.

BORDEN.—At his home, near Berwick, June 6, Josiah Borden, Esq., aged 65 years. On Sabbath, the 8th inst., his remains were borne to the Berwick cemetery, attended by a large procession of relatives and friends. The poor will miss him.

COLPITTS.—At Elgin, Albert Co., Jan. 13, after two years' illness, of paralysis, Caleb Colpitts, aged 45 years, leaving a widow and six children to mourn the loss of a loving husband and father. Bro. Colpitts was baptized 14 years ago by Bro. E. C. Corey, and has lived a consistent Christian life.

SMITH.—At Oxford, June 8, Rebecca D., beloved wife of Dea. G. O. Smith, aged 55 years. At the early age of thirteen she was led to Christ, and united with the Baptists. She lived a humble Christian, till called to her reward. A sorrowing husband, four daughters and five sons mourn the loss of an affectionate wife and mother.

CHISHOLM.—At O'Leary Station, P. E. I., May 28, Elizabeth, beloved daughter of Alex. Chisholm, aged 18 years and 4 months. This is the fifth time death has entered this family in nine years, and out of a family of ten promising children five of the number are lying side by side in the Springfield burying ground. Bro. and Sister Chisholm have the sympathy of the whole community in their sorrow.

MORSE.—At Melvern Square, N. S., June 9, of paralysis, Robert Morse, aged 55 years. He leaves a widow and five children to mourn their loss. He will be greatly missed in the church and community. He was an exemplary Christian man, always "ready to every good work." He often spoke as one who was ready "to depart and be with Christ." But we know and realise that our great loss is his greater gain. May the Lord richly and graciously bless, comfort and sustain the bereaved.

ELDERKIN.—At Athol, June 8, after a lingering illness, borne with patience and resignation to the divine will, Nancy, beloved wife of Jepthah Elderkin, and daughter of the late Aaron Cleveland, of Paradise, Annapolis Co., aged 65 years. The departed made a public profession of religion at the age of 16 years, which she beautifully adorned through life. She was baptized into the fellowship of the Wilmot Baptist church by Rev. N. Vidito. She leaves a sorrowing husband, two sons and seven daughters to mourn the loss of a devoted wife and kind and loving mother.

CROSBY.—At Port Maitland, June 6, A. Anna, beloved wife of Dr. C. Crosby, in the 43rd year of her age. Our sister was baptized by Rev. A. Cogswell, and was a most exemplary member of the Beaver River church. Hers was the ornament of a "meek and quiet spirit." She was loved by all. For a number of years she had patiently suffered with Christ, but the Master at last said, "It is enough, I will take her home," and now she is forever with the Lord. "There shall be no more death, neither sorrow, nor crying, neither shall there be any more pain, for the former things are passed away." To her covenant-keeping God we commend the sorrowing husband, father, mother and sister.

ROBINSON.—In this city, at the residence of his son-in-law, Mr. Alfred Seely, May 30, George N. Robinson fell asleep in Jesus, in the 75th year of his age. Bro. Robinson was baptized by Rev. Samuel Robinson in 1844. He united with the Brussels street church about the time of its organization, where he continued in faithful service until 1867, when he took his letter of dismission and united with the Leinster street church, from which he was called to the church triumphant. To him death was the messenger of peace with the joyful summons, "Child come home." He leaves a widow and one daughter—Mrs. A. Seely—and three sons to mourn their loss. May the Lord comfort them in their sorrow.

CARTER. — At Brookfield, Colchester Co., June 8, after a lingering illness, borne with Christian patience, Sarah A. Carter, aged 72 years, relict of the late James G. Carter. Sister Carter professed conversion under the power of the gospel as preached by the Rev. J. E. Cogswell, by whom she was baptized at Portaupique in 1842. She removed with her husband and family to Brookfield in 1847, transferring her membership to Lower Stewiacke Baptist church. She was one of the little band organized into a Baptist church at Brookfield in 1862, of which she remained a member until her death. To the last she enjoyed the peace of His presence, and hope brightened as she entered "the valley and shadow of death."

LOGAN.—Suddenly, in the vestibule of the Baptist church, Amherst, on Lord's day, June 8, Rebecca Jane, daughter of the late Thomas Logan, Esq. Miss Logan, who had kindly come to the parsonage, as was her wont, to oversee the family, in the absence of the pastor's wife, though struggling against infirmity of body, once more endeavored to go to meet the Lord in His house. The effort proved too much, and the fainting heart ceased to beat. There is a fitness in things. Sister L. used all her powers in her Master's service, all her life. She had spent her strength in nursing helpless humanity, from the infant to the aged; she visited the sick and the poor; she collected the monies for the missions; she taught in the Sunday-school; she raised the tunes, the old dear melodies of Baptist song; she helped in everything connected with the household:—"She did what she could." Her serene presence was a benediction. Her life is a testimony to the spirit of Christianity. When her friends would dissuade her from attending the services of the church, hinting that she might never return alive, her reply would be, "I may as well die there as anywhere else." And at last, on this dark, wet Sunday morning, having wended her way with the few who wanted to be there, her God sent for her, graciously and gently taking her unto Himself. It is such women as Jane Logan who are our "helpers in Christ Jesus," "who labor much in the Lord," and who are worthy to be classed with the Phoebes, the Marys, the Julias, of the tender record of Paul. May the Holy One cause their mantles to rest upon others of our Baptist sisterhood.

SMALLMAN.—At Knutsford, P. E. I., June 5, Janet, beloved wife of Thomas Smallman, aged 34 years. Sister Smallman loved the cause of God for its own sake. From early childhood she gave evidence of a true love to the Saviour. About seven years ago, while witnessing a baptism at Cape Wolfe, she recognized in it the way her Saviour went, and said to her husband that she wished to follow Him. She was accordingly baptized by Rev. E. N. Archibald into the fellowship of the O'Leary church, of which she continued a faithful member till the Master called her higher. When the message came her lamp was trimmed and her light burning. She told her sorrowing husband and friends not to weep for her, she was going to be with Jesus. "Thanks be to God who giveth us the victory through our Lord Jesus Christ."

CHURCHILL.—Mrs. Abigail Churchill, of Lockeport, widow of the late Enos Churchill, entered into the heavenly rest on the 30th of April last, aged 88 years. In her removal another of the old landmarks is gone, she being the youngest daughter of the late Jonathan and Elizabeth Locke, who were among the first settlers on the Island. Their family of three sons and four daughters lived to be very aged, the combined ages at the time of their death amounting to 611 years. Sister Churchill in early life gave her heart to Christ and was baptized by Rev. John Craig, into the fellowship of the Baptist church. From that time forward till she was laid aside from active service by the infirmities of old age, was a most earnest and devoted member of the church. During her last illness she manifested a firm trust in Christ as her Saviour, and peacefully fell "asleep in Jesus," leaving a large circle of relatives and friends to revere her memory.

"A Wonder of Medical Science," may well be applied to Dr. Wistar's Balsam of Wild Cherry. It is nearly half a century since this remarkable remedy was introduced to the public, and yet the immediate and enviable reputation which it gained by its wonderful cures of coughs, influenza, consumption, and all bronchial complaints, is to this day fully sustained.
