Death of Tommy McCarthy Starts Movement in Opposition to Big Fight -- John L. Tells How to Avoid Accidents

Ringside followers were shocked by the news of the death of Tommy McCarthy at the hands of Owen Moran, the clever English boxer at San Francisco. Apart from the regret felt for the tragic ending to the fight, such incidents are the most powerful arguments which the opponents of pugilism can use. On this ground the federal churches of San Francisco are making a determined effort to stop the big fight on July 4th. The latest advice would indicate, however, that the contest will hardly be declared off for this reason, but the only danger lies in the persistent reports that Jeffries is not in good health. The referee must be chosen today, and if this contentious question is amicably settled, there appears to be no reason why the fight should not take place.

The death which McCarthy met, brings to mind the fact that within the last couple of months three or four prize-fighters have died as the result of lactic contents. Ten years ago there was a regular epidemic of deaths in the prize ring. Following is a list of those known up to that time: Billy McCoy, 1844, Fallsades, N.J.; John Walker, 1876, Pennsylvania, N. Y.; Danny Davidson, 1876, Boston; George Larne, 1885, San Francisco; Edward Aheru, 1885, St. Louis, Mo.; Thomas Avedy, 1886, San Francisco; John Dempsey, 1888, Hamilton, N. Y.; Thomas James, February 13, 1890, Dallas, Tex.; George Fullames, 1888, Grand Forks, N. D.; Arthur Mastey, 1890, New Orleans, La.; Fox McGloone, 1890, Natick, Mass.; Jock Fallon, 1891, Boston; Jack Burns, 1892, Lynn, Mass.; James Brown, 1892, New Orleans; Young Lassos, 1892, Sydney, Australia; J. Lindner, Harvard, 1892, Cambridge; Emmett Burke, 1892, Gloucester, N. J.; William Miller, 1893, San Francisco; George Andy Bowen, December 15, 1894, New Orleans; "Salor Kid," 1895, Denver, Col.; Henry Rodriguez, 1896, New Orleans; Tom Carter, 1896, Salt Lake, Utah; James Duffy, January 2, 1897, New York; Ben Coleman, 1897, Cincinnati, O.; Private Gollie U.S.A., 1897, Cheyenne; Edward Gibbons, 1897, Philadelphia; Christian Keilmecker, 1897, Philadelphia; Frank Evans, 1897, San Jose, Cal.; "Billy" Vernon, 1897, Haverstraw, N.Y.; Walter Croot, 1897, London, England; Henry Braue, O.; Fox McGloone, N. Y.; Geo. Stott, 1898, Columbus, O.; "Bull" McCarthy, 1898, Sacramento, Cal.; Alexander Scott, August 18, 1898, Omaha; Tom Lonsos, 1897, Sydney, 1899, Louisville; Jim Franey, 1899, San Francisco; Henry Niesse, December 14, 1899, St. Louis; and four other deaths in 1899. The referee should stop the fight, and after that there will be a cessation of fatalities till just lately.

BOAT CLUB HAS NOW 100 MEMBERS

There was a meeting of the executive of the newly organized St. John Boat Club last evening in Temple Hall. Routine business was transacted and it was found that the club is making splendid progress. It numbers more than 100 members now and it is expected that this will be increased over 200 before the close of the week. Negotiations are now in progress for a suitable site and it is expected that arrangements will be made for an announcement on Thursday evening when the next meeting of the club will be held. A constitution is being drawn up and will also be presented to the members for adoption at tomorrow night's meeting. It is planned to erect a boat house capable of accommodating a large number of motor boats, of which there are over thirty-five in the vicinity of Indianapolis at present.

Suitable accommodation will also be made for row boats and canoes, and it is hoped that all members of the old Neptune Rowing Club will join the new association. A large attendance is expected to be present at the meeting tomorrow night.

Round before he was put out. "Fourth--The ring should be padded. There should be no posts, as there are now in few rings. "Prize-fighting is a good, honest, fair, square, manly game, if they don't monkey with it too much."

Other committees were appointed to consider suggestions for the future guidance of automobilists in the province and to protect their rights under the existing laws relative to the use of public highways, and the regulation of chauffeurs to secure greater recognition of the association and to take legal action against any automobilists who did not respect the rights of all owners of cars, and that it was to the interest of the association as a whole to take action against any party whose actions were calculated to arouse a prejudice on the part of farmers or others against automobiles.

The association has 187 members in the province. At present it is said there are about 190 cars owned in the city of St. John and about 225 in the province. Many new cars have come to St. John this spring. W. Malcolm McKay has purchased a fine Russell touring car; Herbert Parlee, a Ford touring car; W. B. Tennant, an Old's Mobile touring car; A. J. A. CHATHAM HAS REAL LEAGUE

Baseball Should Boom in North Shore Town This Year -- Many Years Ago Stars were Champions.

A baseball league has been organized at Chatham and the fans in the enterprising North Shore town will witness some fast ball during the summer. Three teams will take the field and the executive of well known sporting men will guide the destinies of the league. During the past few summers there has been a marked revival in the old game in the Miramichi. St. John is proud, perhaps to think that as far as the Maritime Provinces are concerned, this city was, and is the cradle of speedy baseballists. In this however, the St. John dyed-in-the-wool fan is laboring under a misapprehension. Although St. John nursed and passed on some mighty clever diamond artists in the person of the old Nationals, Shamrocks, Mutuals, and in the equally as famous Rosos and Alerts, it should not be forgotten, that during those same periods some baseballists were developed in the little towns of New Brunswick, whose names are to be conjured with in the annals of the game in New Brunswick. To pass up a host of old timers, whose names are still fresh in the memory of Chathamites, it is only necessary to point out the old Stars, who were as classy a bunch of players as could be found in New Brunswick in their day. The members of the Chatham club of this city, who claimed the championship of the province, in a fast game played in Fredericton, and also won from the Fredericton Tartars in the capital city when that famous aggregation of ball tossers were in their prime. The team after playing together for several seasons disbanded, and but few of the players who composed it, take an active part in the game now.

Last season the New Stars, composed of young players, played a fast article of ball, while the Victors and Hill team also showed up fine. With a regular organized league the North Shore town is looking forward to never witnessing some interesting games. The new league comprises the Stars, Victors and Y. M. C. A. teams and some fine sport is expected.

CHURCHES ARE UNITING TO END MACAULAYS LAST NIGHT

San Francisco, May 3.--The San Francisco Church Federation has decided to enter the campaign against the Jeffries-Johnson fight. It was announced that as soon as the matter was in proper shape it would be laid before Attorney General Webb and Governor Gillette with a view to official action to prevent the encounter. The Presbyterian Ministers' Union also expressed its disapproval of prize fights. A committee was appointed to draft a communication to Governor Gillette protesting against the fight.

Philadelphia, May 3.--Philadelphia Methodist ministers are endeavoring to start a nation-wide protest against the Jeffries-Johnson fight in California on July 4th. At the weekly meeting of the Methodist preachers' association a resolution was adopted which says: "Resolved, that the permission of the fight can be regarded as nothing less than a national disgrace and calamity to the moral life of our country; that the Philadelphia preachers' association is in hearty sympathy with the ministers of all denominations in the state of Pennsylvania, and in other states, to stir the people and unite with us in a protest to the Governor of California against the permission to conduct this fight."

Boston, May 3.--"Jim" Flynn, of Boston, led most of the way with Morris Harris, colored of Philadelphia, at the Armory athletic association to-night and won the decision. Flynn was knocked down twice in the first and third round, but landed left jabs on the colored man almost at will throughout the bout. Kid Goodman of Boston knocked out Young O'Neill of Woonsocket, R. I., in the third round, while "Dutch" Carr of Boston secured the decision over "Jack" Nelson of Lawrence in eight rounds.

RED SOX LOSE TO ATHLETICS

Disbrow in Rainer Stock Chassis Making New York -- Atlanta Tour -- Vulcanized Rubber for Street Paving.

L. A. Disbrow, who won the city of Atlanta gold trophy on the Atlanta automobile speedway, left with a Rainer stripped chassis, left New York last Saturday to drive a Rainer stock chassis to Atlanta and return. He expects to complete his trip in about two weeks and will make stops at a number of cities en route. The car he drives probably will be the one that he and Wallace H. Gannett will drive in the 24 hour race at Brighton beach on May 13 and 14. A newcomer has been nominated for the Brighton race. This is a 30 horsepower Cole, which has been formally entered by W. L. Colt, of the Colt-Stratton Company. It is rumored that the car that will compete is still in the hands of which William Endicott won a number of races at the opening meet on the new one mile board track at Los Angeles and it is expected that Endicott will be one of the drivers.

The one mile track at Brighton beach is now ready for practice and will be well patronized by prospective contending drivers in the 24 hour race from now until the start of the race on May 13. Lewis Strang drove the 30 hp. entry and found the track to be in excellent condition. He predicts that new speed records will be made in the race. The state of Massachusetts has requested the Massachusetts legislature to pass a bill making the evasion of tax laws a punishable offense. He declares the city or diocese of Boston are sufficient for that city, but says the measures he suggests is needed outside of Boston, as the state courts have decided that evasions of taxes cannot be punished under the present state law.

NO SOCCER FOR MONCTON THIS YEAR

Moncton, N. B., May 3.--For two or three years past persistent efforts have been made by lovers of soccer football to make the game so in this city, but it is announced this season that the team is not likely to be organized in Moncton. In previous years a soccer league has been organized between teams at Moncton, Amherst, Joggins, Springhill. The latter town had one of the strongest teams in the league, but the strike at the Springhill collieries has killed all idea of sport out of the soccer enthusiasts of that town, where no effort, it is said, will be made to revive the game for this year at least.

"It's no longer an effort for me to work," said Jeffries, tonight, "and I know I'm soon going to be in bully shape. I wish the fight was the 4th of next month instead of the 4th of July. I know I could be in my best in another four weeks."

Macaulay Bros. got another boost toward the bottom last evening in the Commercial League series when they lost all four points to the Brock and Paterson aggregation.
